Test Design specification and Test Execution Report

Test Cases for Test Condition 1 (Create settlement information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC001	Create settlement information	Ensure that Admin can create valid settlement information	1.Login as Admin 2.Go to settlement info 3.Select Create 4.Enter valid info 5.Save	Category: Accommodation Title: Description: valid content	Information saved successfully and becomes available to users.	As expected	FR-IM-11	Pass	Figure 1,2,3,4
TC002	Create settlement information	Verify required field validation	1.Login as Admin 2.Select create information 3.Leave required fields empty 4.Save	Category: Title:	The submission is invalid and gives an error msg.	As expected	FR-IM-11	Pass	Figure 5
TC003	Create settlement information	Ensure that only Admins can create settlement information	1.Login as Student 2.Try to access create settlement info page	Student acc	Access is denied.	As expected	FR-IM-11	Pass	Figure 6

Evidence

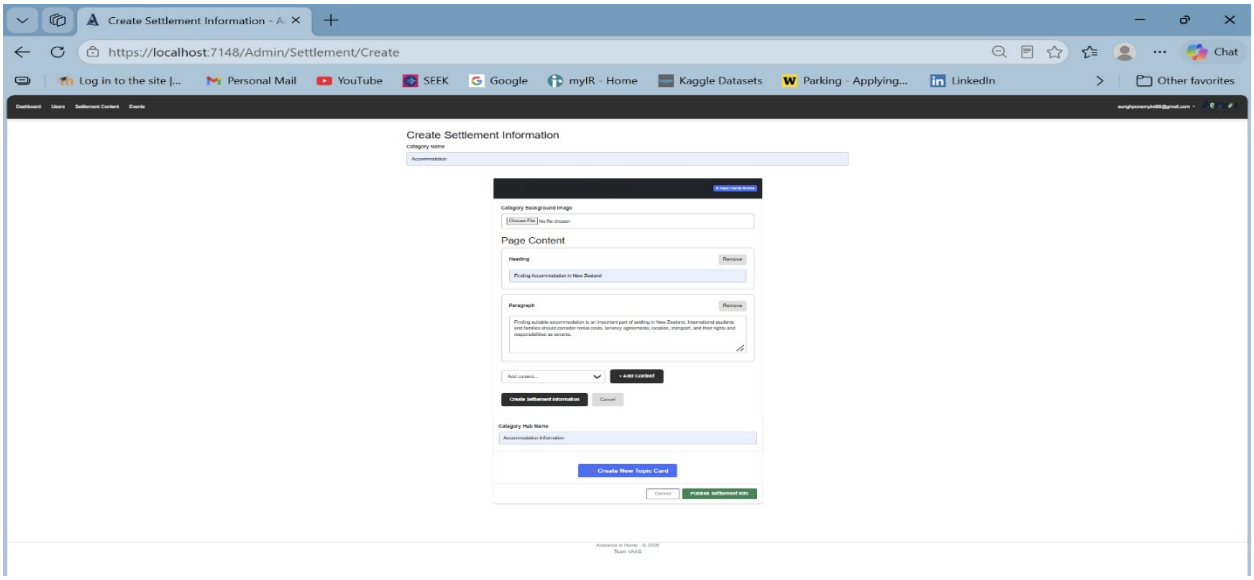

Figure 1: Creating Accommodation Category as an Administrator

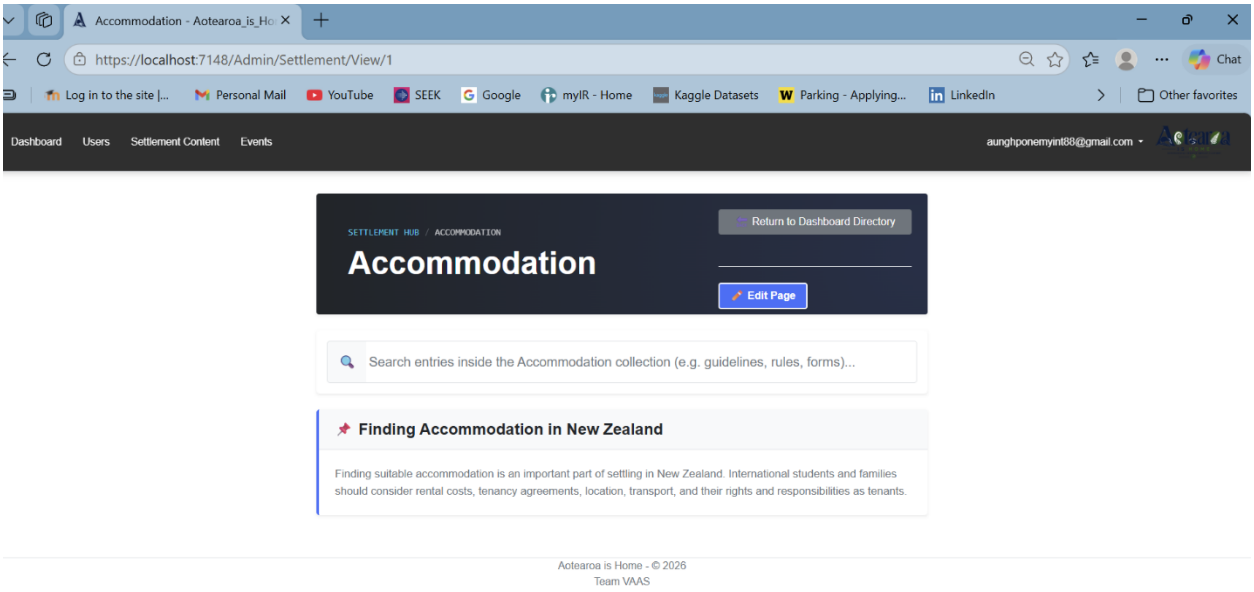

Figure 2: Successful to Create Accommodation Category as an Administrator

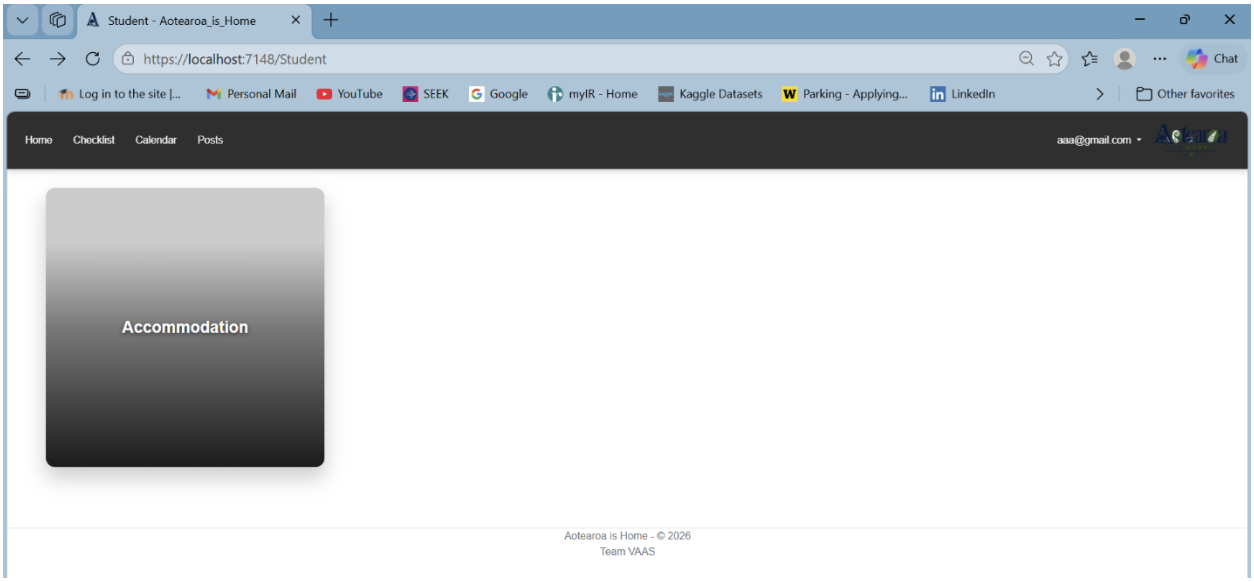

Figure 3: Student View Showing Accommodation Settlement Category

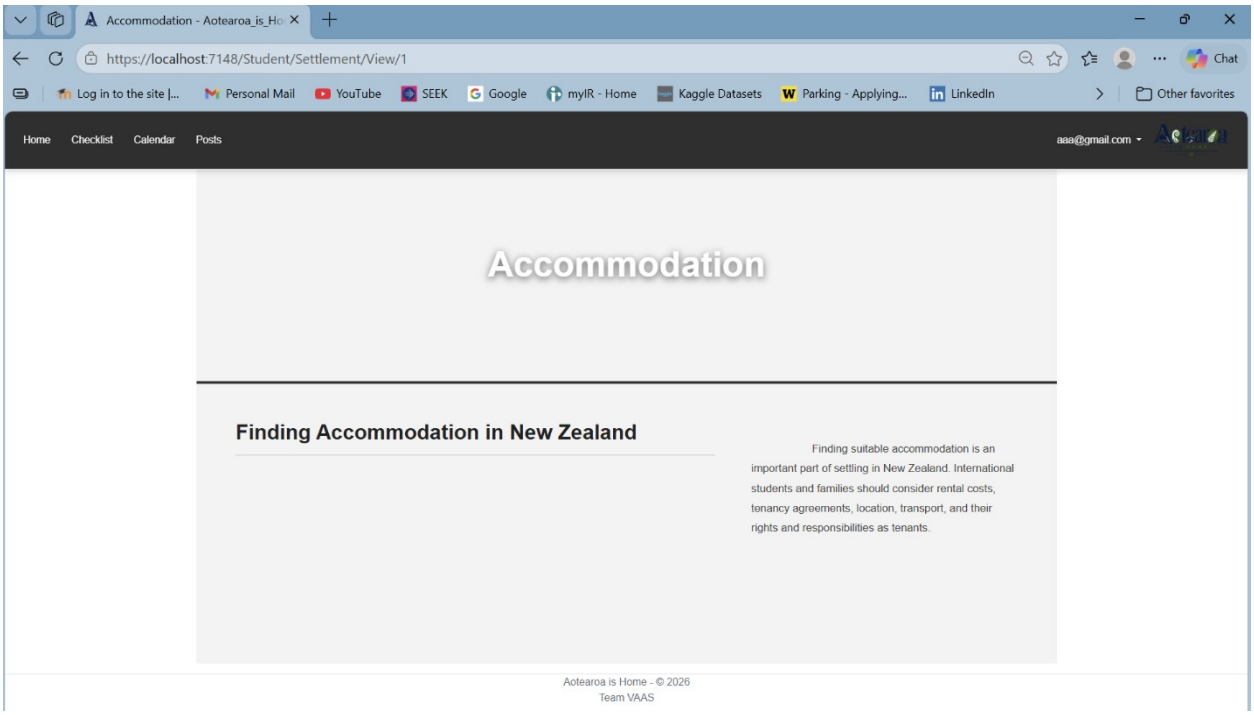

Figure 4: Student View of Accommodation Information and Content

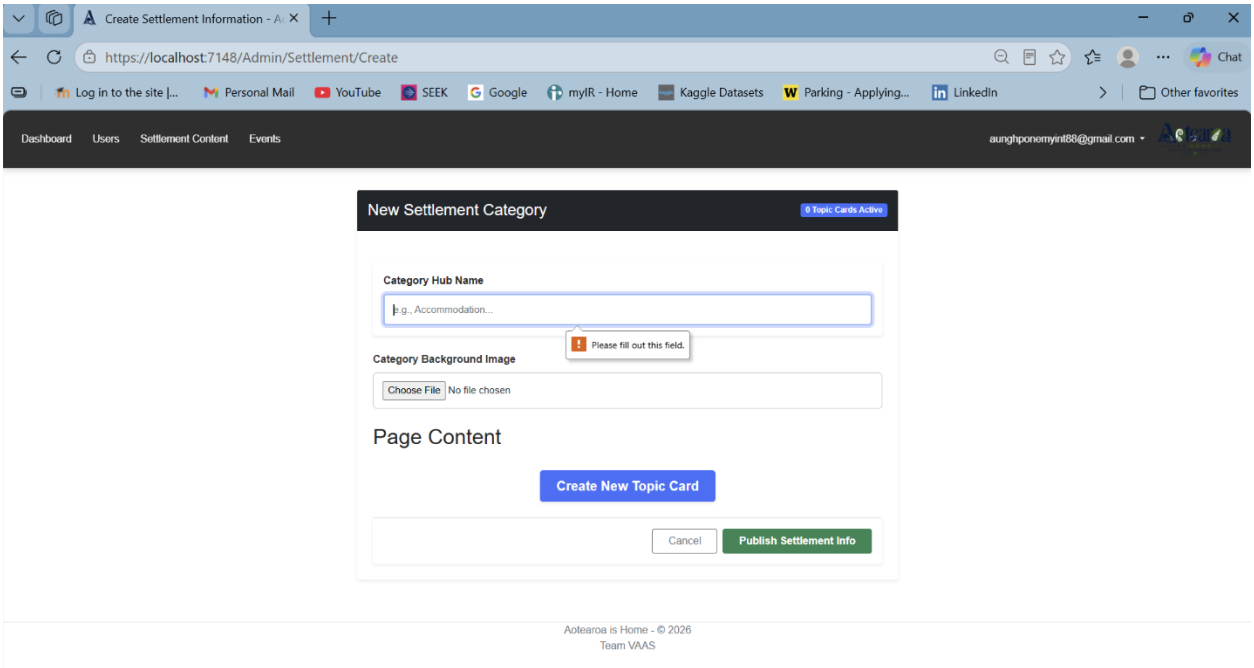

Figure 5: Required-Field Validation Message When Creating Settlement Information

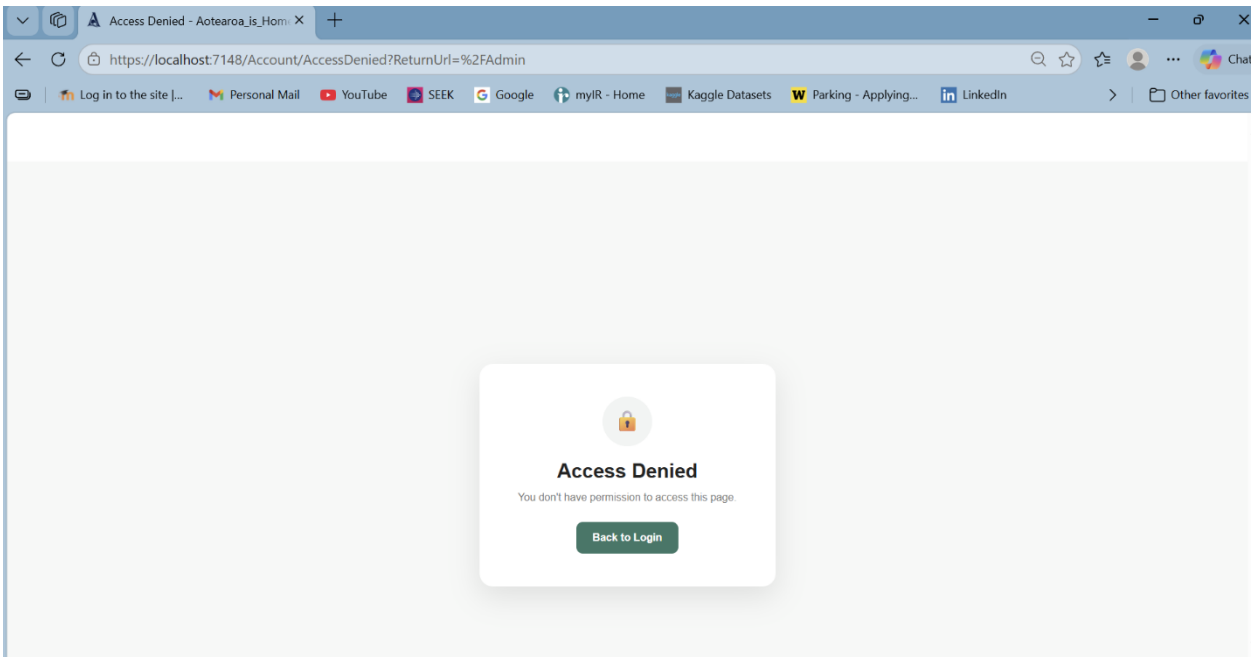

Figure 6: Access Denied When Student Attempts to Access Create Settlement Information

Test Cases for Test Condition 2 (Update settlement information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC004	Update settlement information	Verify admin can update existing information	1.Login as Admin 2.Select existing information 3.Edit content 4.Save	Existing Title: Renting in NZ Updated Title: Renting and Tenancy	Updated info displayed correctly to users.	As expected	FR-IM-12	Pass	Figure 7,8
TC005	Update settlement information	Verify required fields when updating	1. Login as Admin 2. Select existing information 3. Remove required information. 4. Save	Title: empty	Update is not saved and validation error msg is displayed.	As expected	FR-IM-12	Pass	Figure 9
TC006	Update settlement information	Verify non-admin cannot update information	1. Login as Student. 2. Open settlement information. 3. Check Edit function.	Student acc	Edit function is unavailable or access is denied.	As expected	FR-IM-12	Pass	Figure 10,11

Evidence

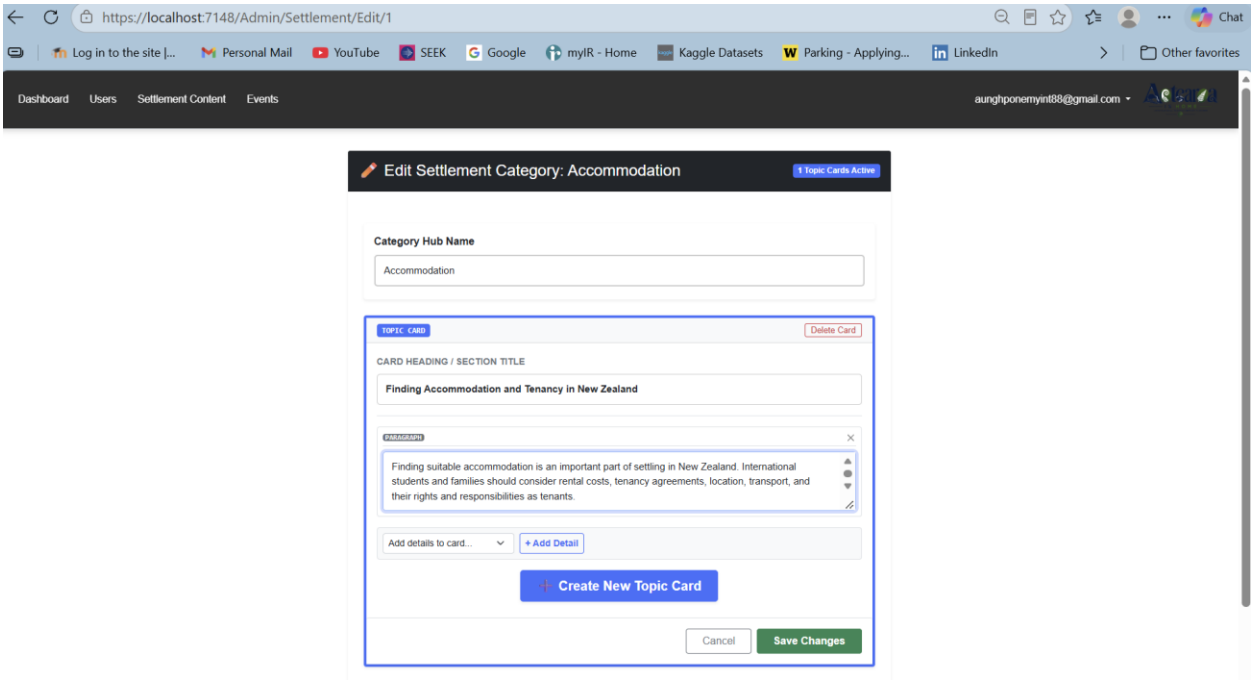

Figure 7: Admin Edit Page Showing Updated Accommodation Settlement Information

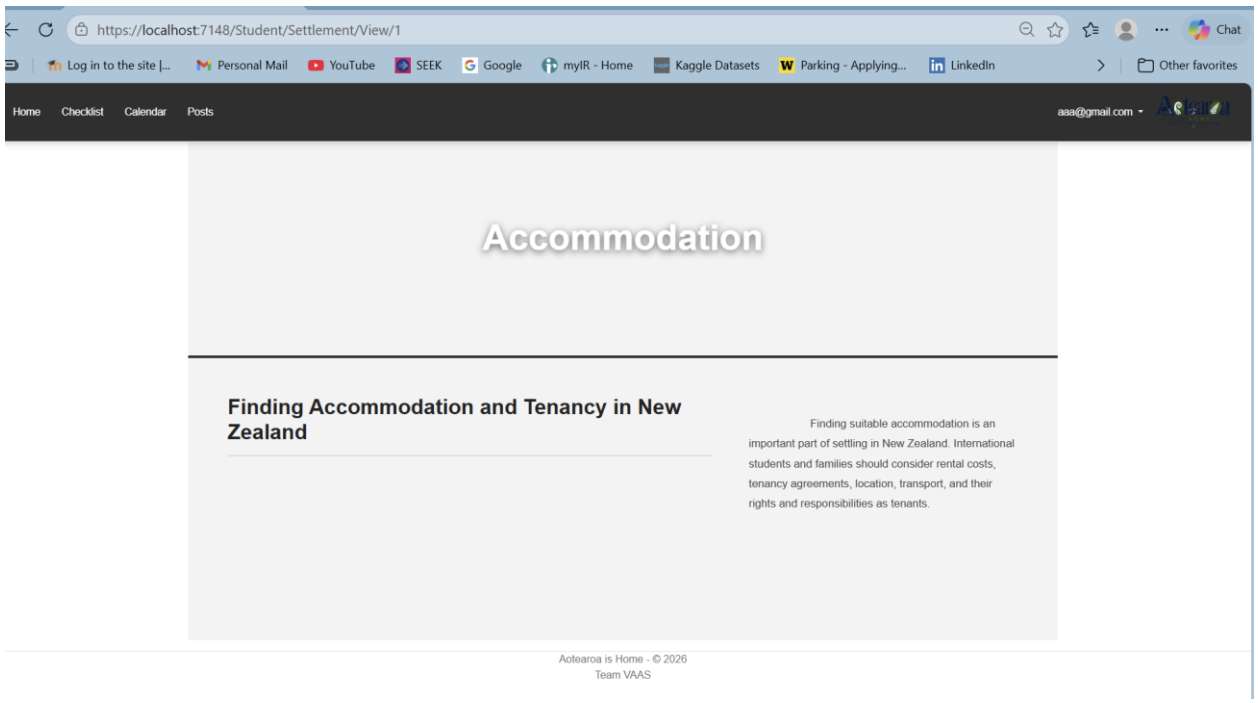

Figure 8: Updated Accommodation Information Displayed to the Student User

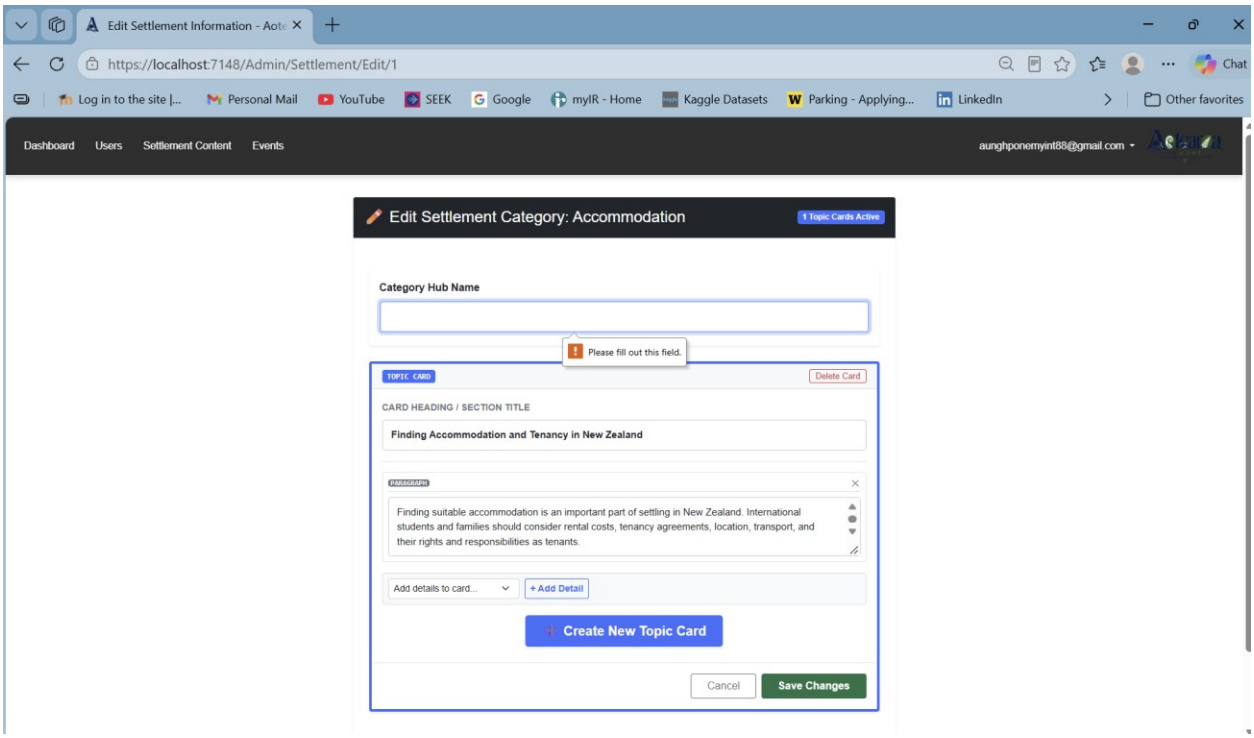

Figure 9: Required-Field Validation Message During Settlement Information Update

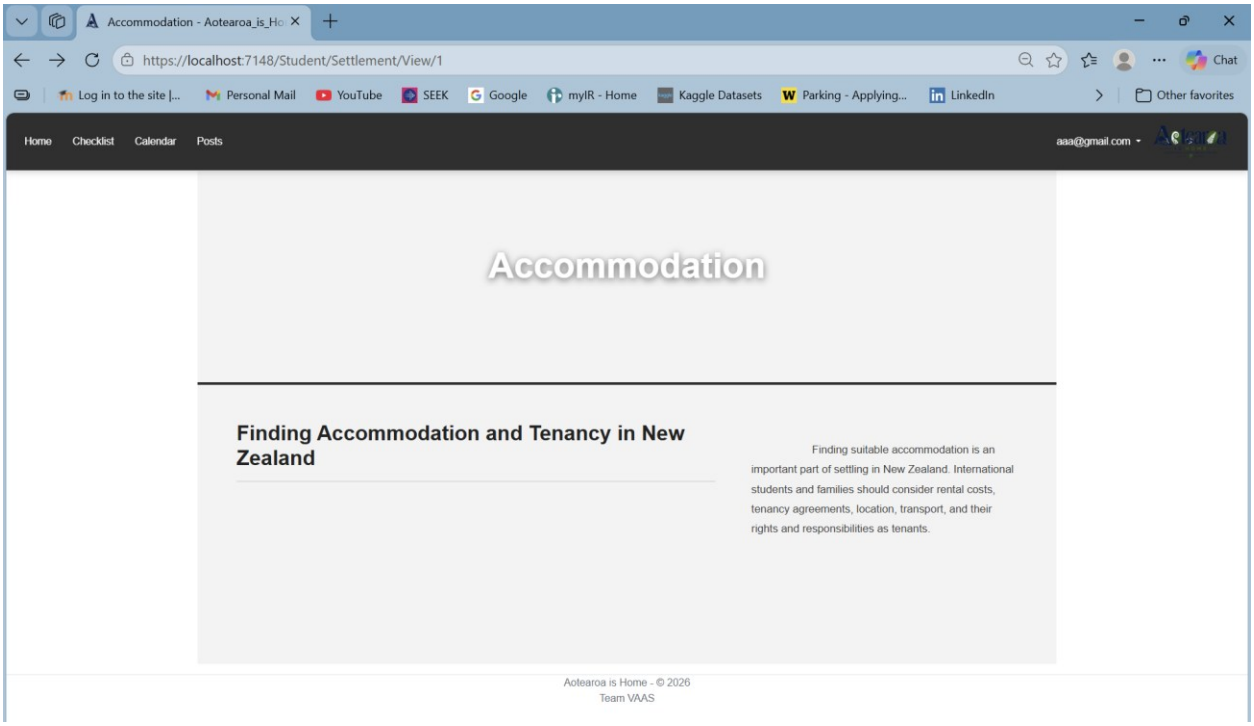

Figure 10: Student View Showing No Edit Function for Settlement Information

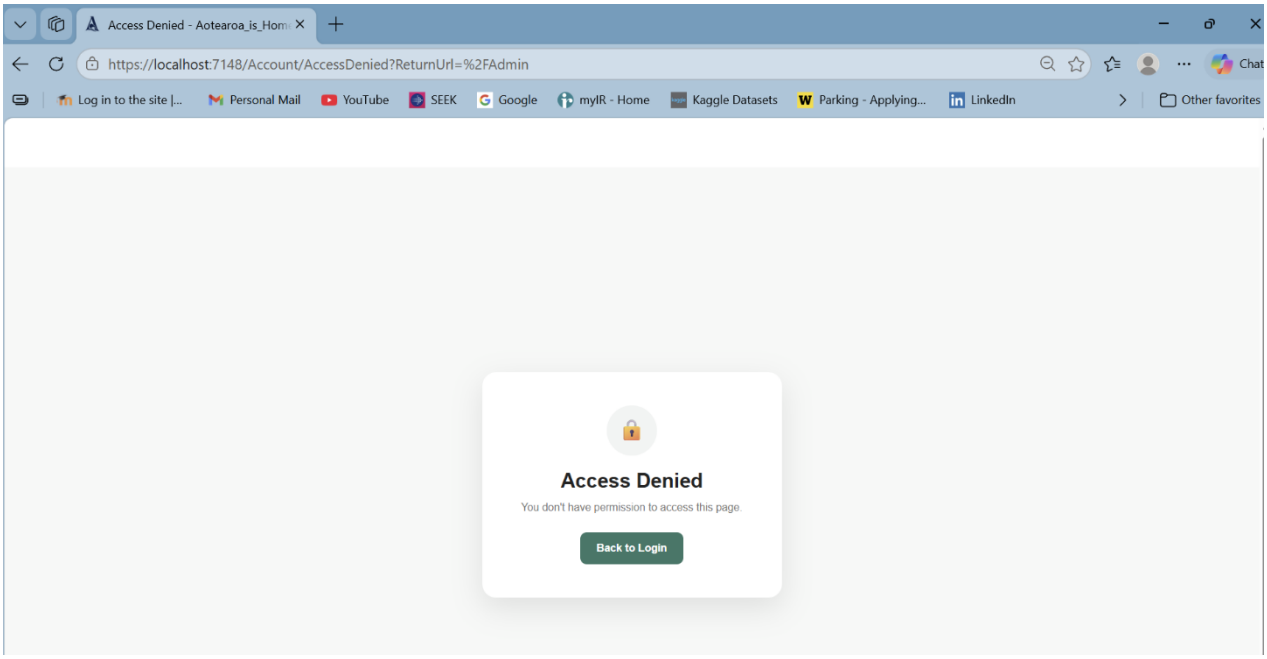

Figure 11: Access Denied When Student Attempts to Edit Settlement Information

Test Cases for Test Condition 3 (Delete settlement information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC007	Delete settlement information	Verify admin can delete existing information	1.Login as Admin 2.Select existing information 3.Delete content	Existing settlement information	Information is successfully deleted.	As expected	FR-IM-13	Pass	Figure 12,13
TC008	Delete settlement information	Verify deleted information is unavailable to users	1. Admin deletes information 2. Login as user 3. Search/open relevant category	Deleted information	Deleted info is no longer available to users.	As expected	FR-IM-13	Pass	Figure 14
TC009	Delete settlement information	Verify non-admin cannot delete information	1. Login as Student 2. Open settlement information 3. Check Delete function	Student acc	Delete function is unavailable or access is denied.	As expected	FR-IM-13	Pass	Figure 15

Evidence

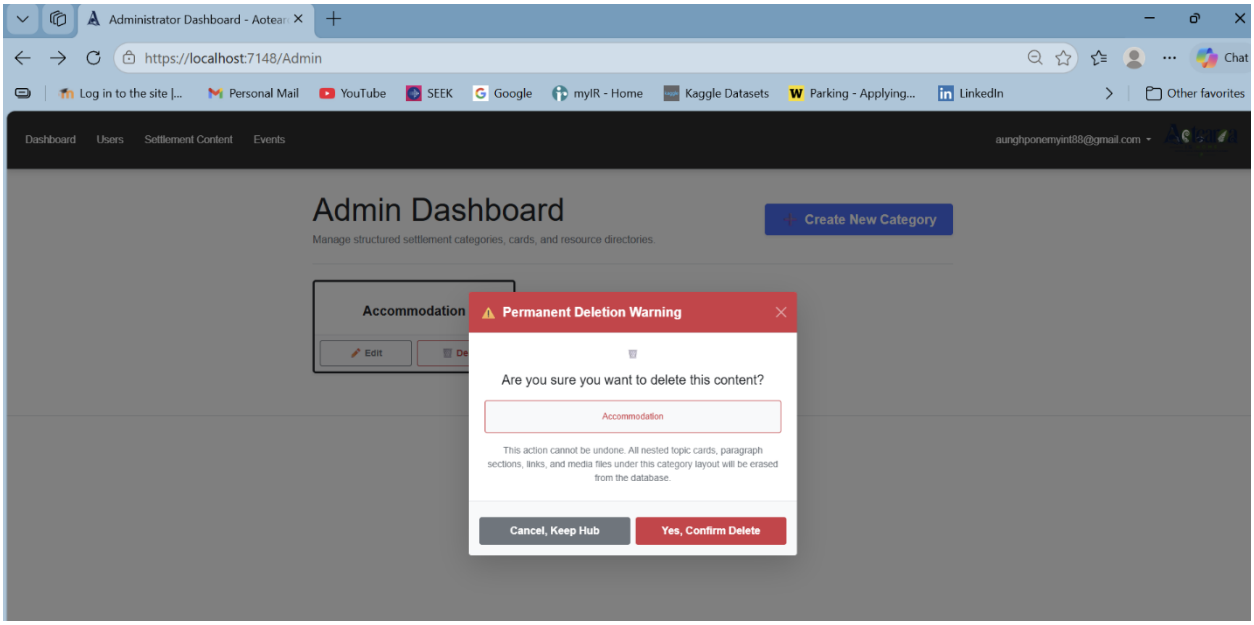

Figure 12: Admin Dashboard Before Deleting Accommodation Settlement Information

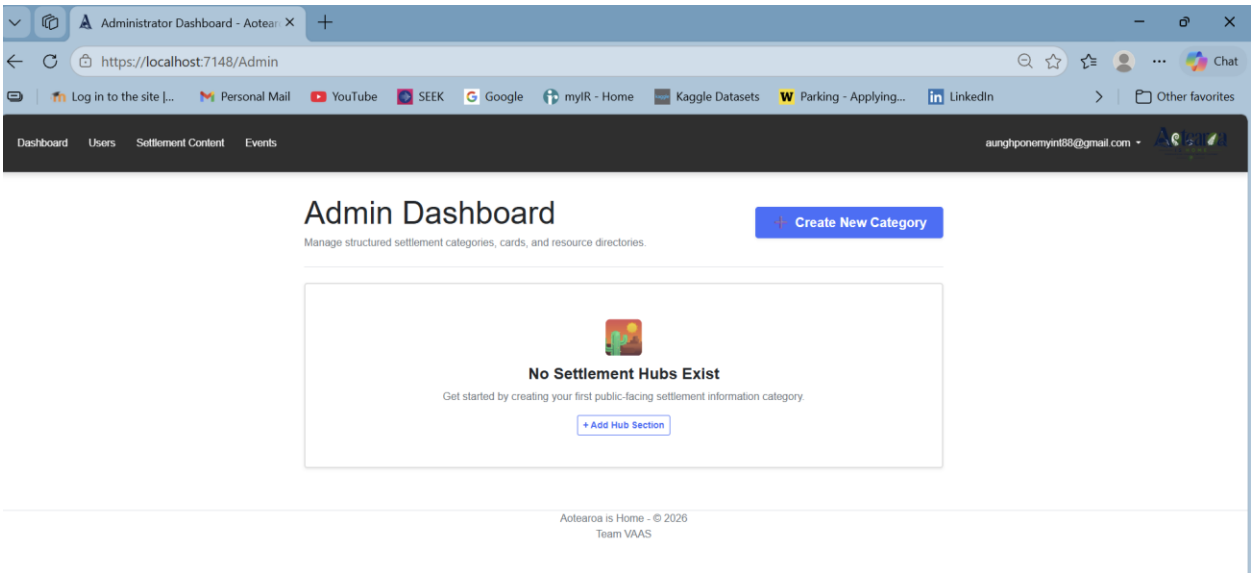

Figure 13: Admin Dashboard After Deleting Accommodation Settlement Information

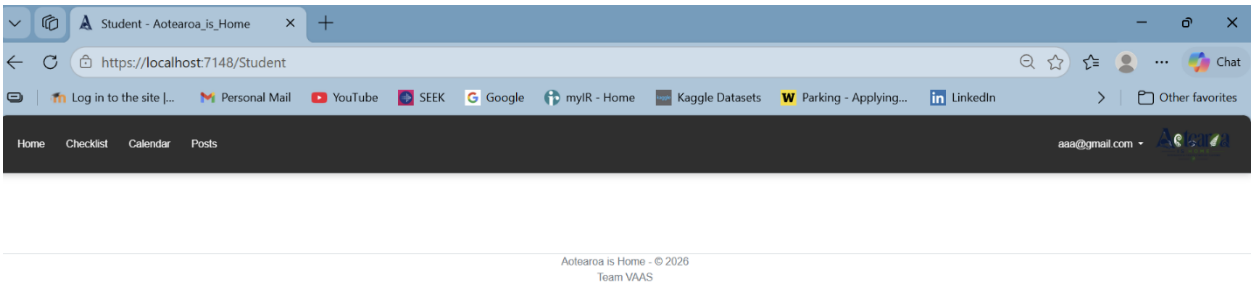

Figure 14: Student Home Page After Deletion of Accommodation Settlement Information

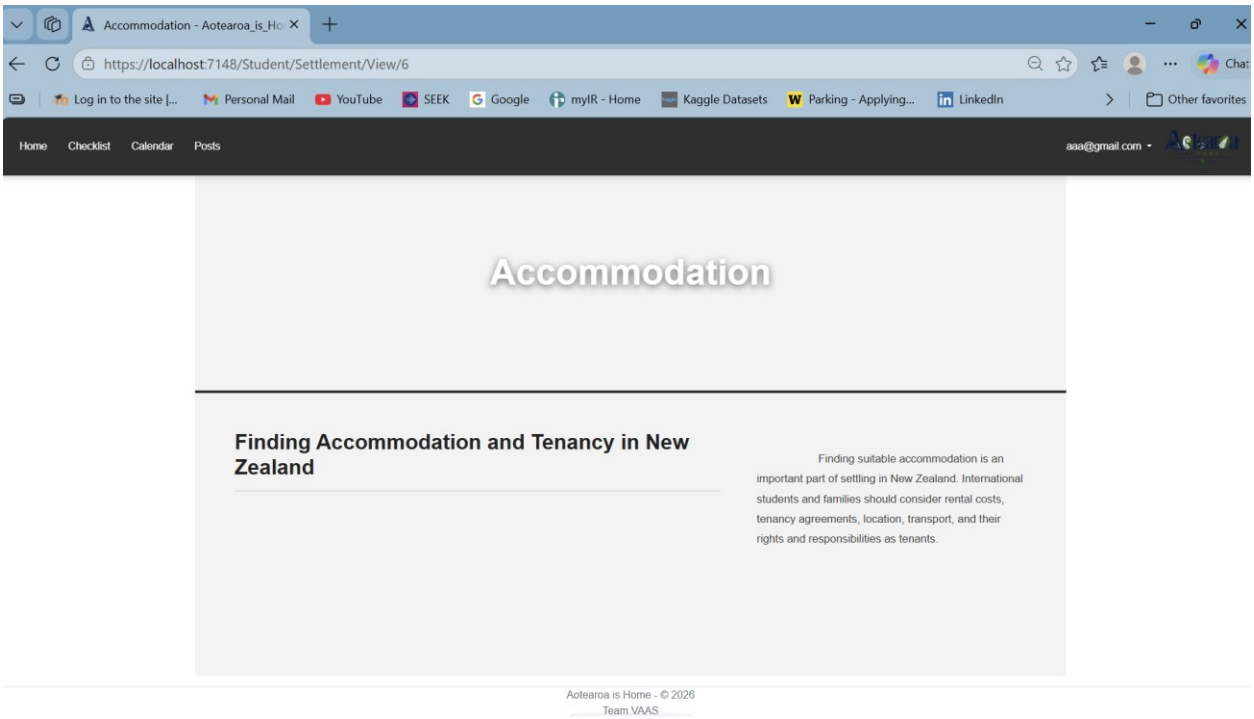

Figure 15: Student View of Accommodation Information Without Delete Function

Test Cases for Test Condition 4 (Categorization settlement information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC010	Categorization	Ensure that Admin can assign a category	1. Login as Admin 2. Create information 3. Select category 4. Save	Category: Healthcare & Wellbeing	Information is saved under selected the category.	As expected	FR-IM-14	Pass	Figure 16,17,18
TC011	Categorization	Ensure settlement info is displayed under the correct category	1.Login as Admin 2.Create/Edit info 3.Select Accommodation category 4.Save	Category: Accommodation	Information appears under the Accommodation category.	As expected	FR-IM-14	Pass	Figure 19
TC012	Categorization	Ensure all settlement info is displayed under correct category and are accessible	1.Login as Student 2.Navigate through settlement information.	Accommodation, Education, Healthcare, Employment, etc.	Information appears under correct categories and users can access them successfully.	As expected	FR-IM-15–23	Pass	Figure 20,21

Evidence

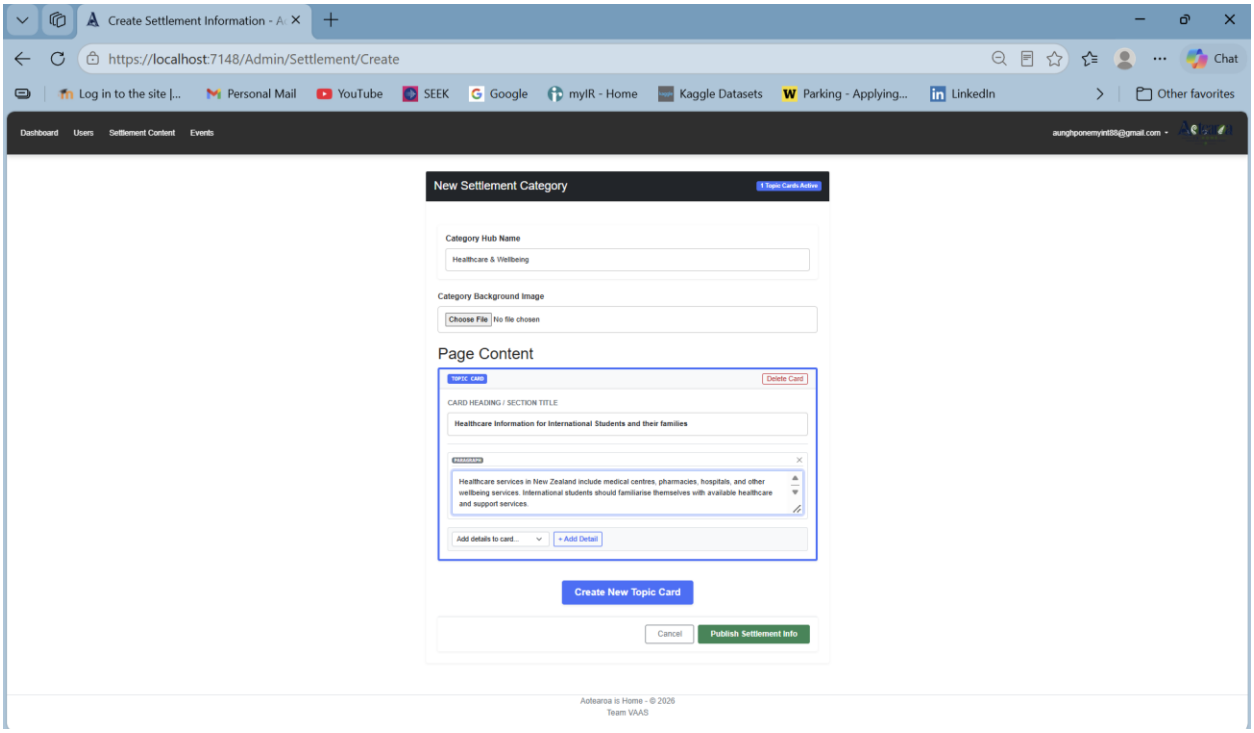

Figure 16: Admin Create Settlement Information Page for Healthcare & Wellbeing

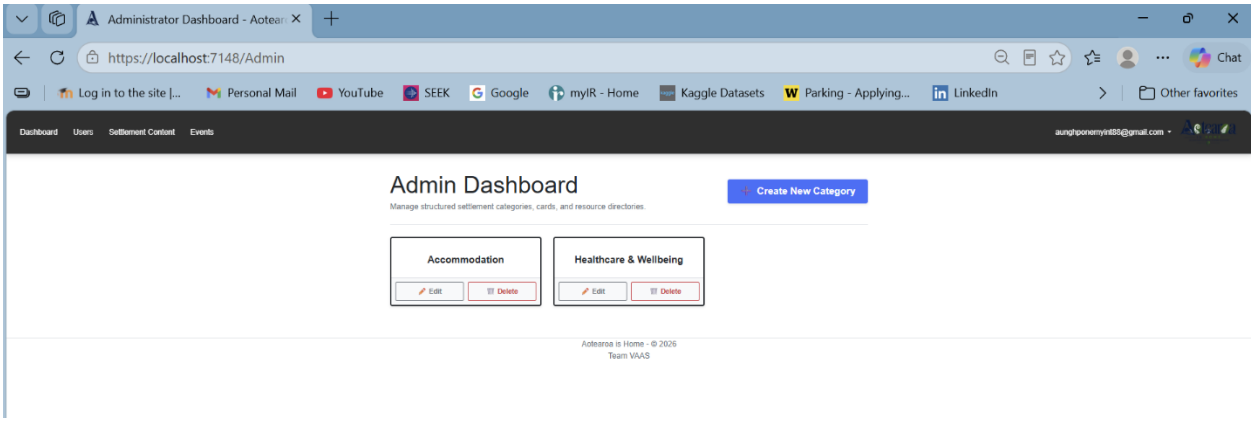

Figure 17: Admin Dashboard Showing Healthcare & Wellbeing Settlement Category

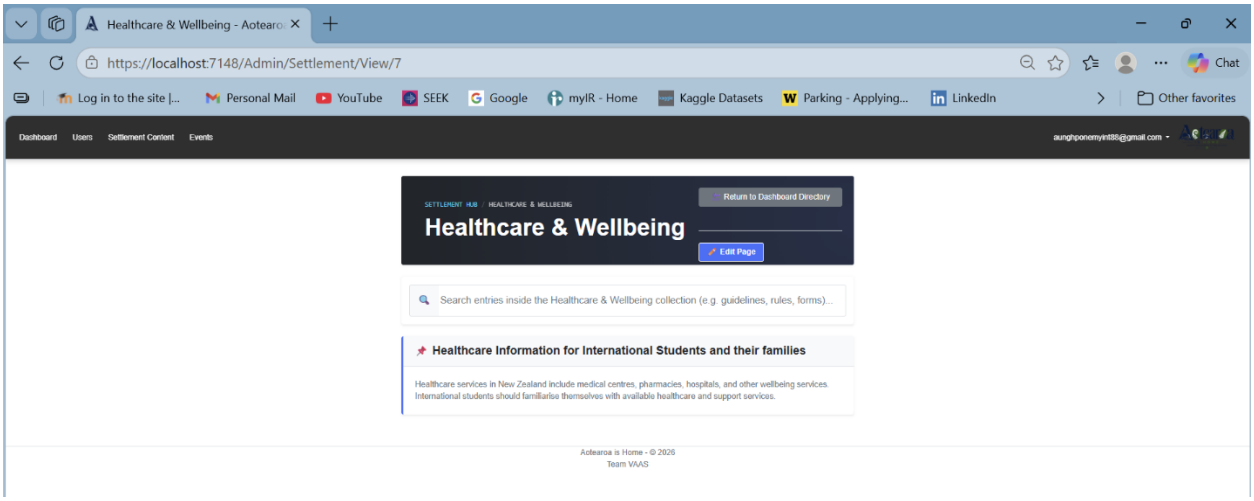

Figure 18: Healthcare & Wellbeing Settlement Information Displayed Under the Correct Category

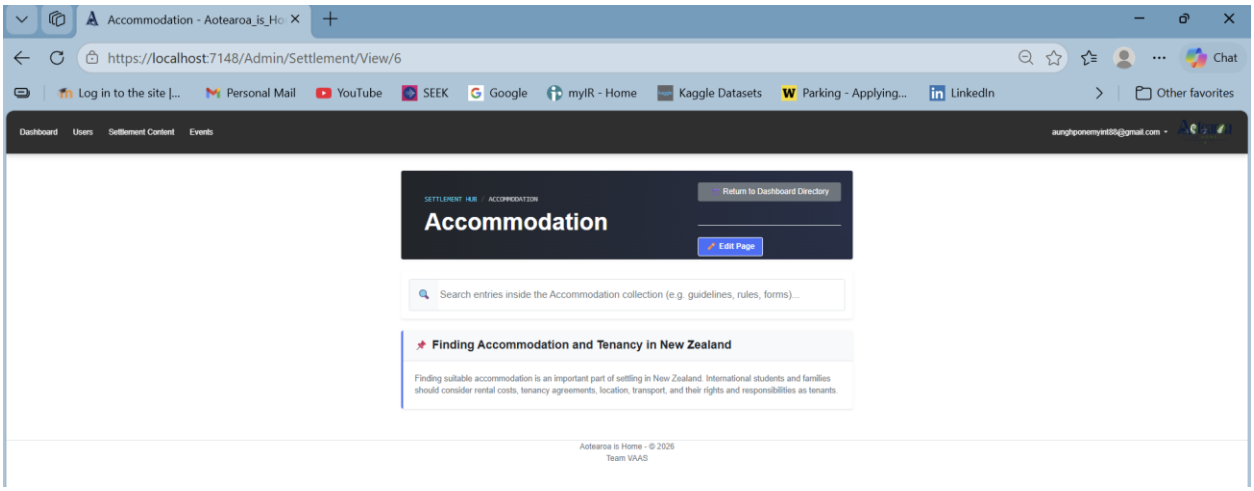

Figure 19: Accommodation Information Displayed Under the Accommodation Category

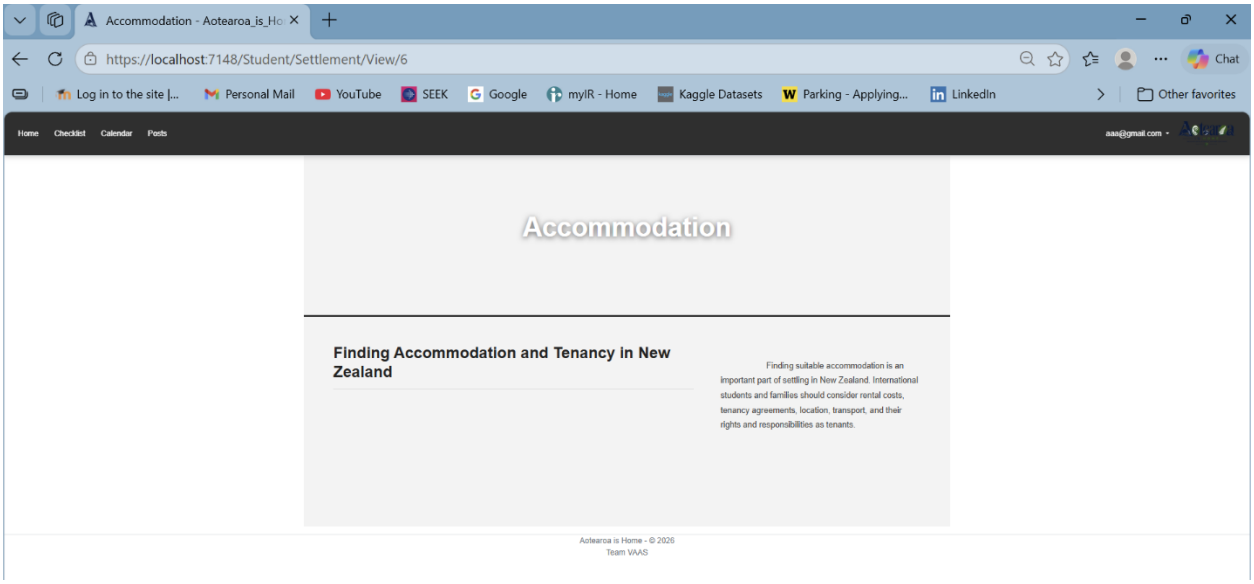

Figure 20: Student View of Accommodation Settlement Information

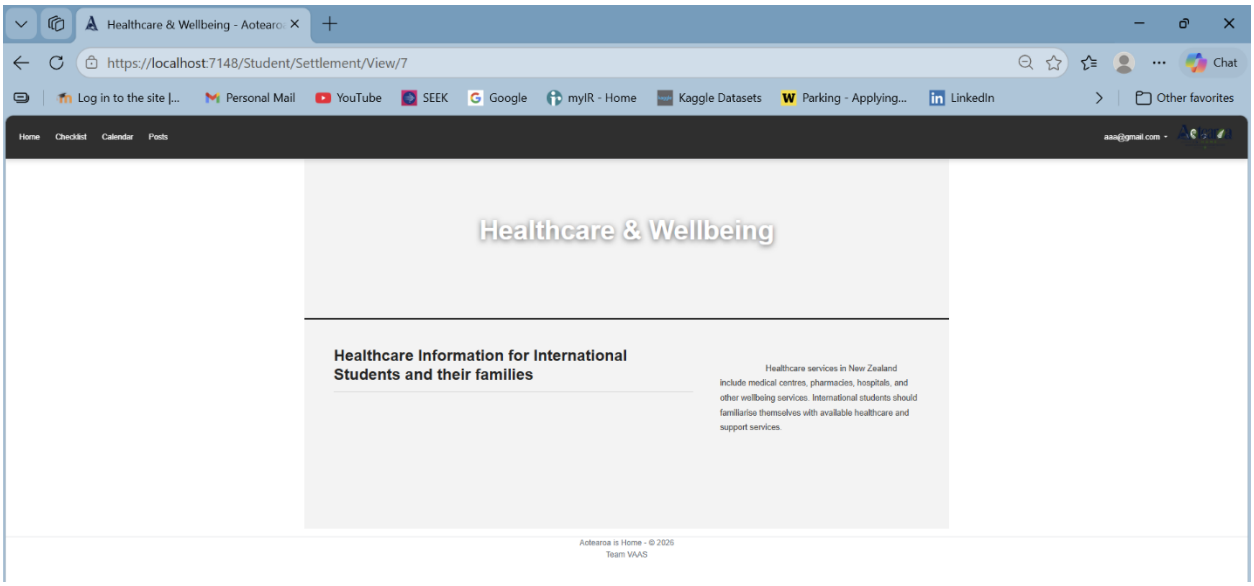

Figure 21: Student View of Healthcare & Wellbeing Settlement Information

Test Cases for Test Condition 5 (Accommodation information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC013	Accommodation	Verify users can access accommodation information	1. Login as user. 2. Open Settlement Information. 3. Select Accommodation.	Category: Accommodation	Accommodation information is displayed and accessible.	As expected	FR-IM-15	Pass	Figure 22
TC014	Accommodation	Ensure that accommodation subcategories and content displays correctly	1. Open Accommodation. 2. Select an information item. 3. View details.	Category Accommodation	Correct accommodation subcategories and information are displayed.	As expected	FR-IM-15	Pass	Figure 23,24

Evidence

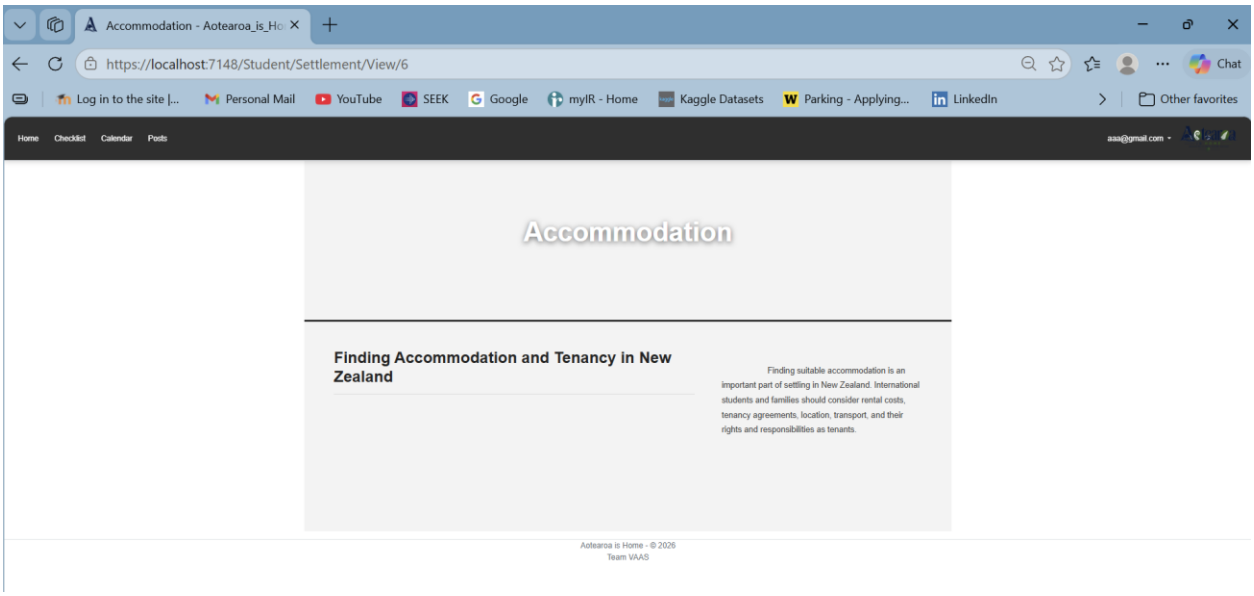

Figure 22: Student View of Accommodation Information

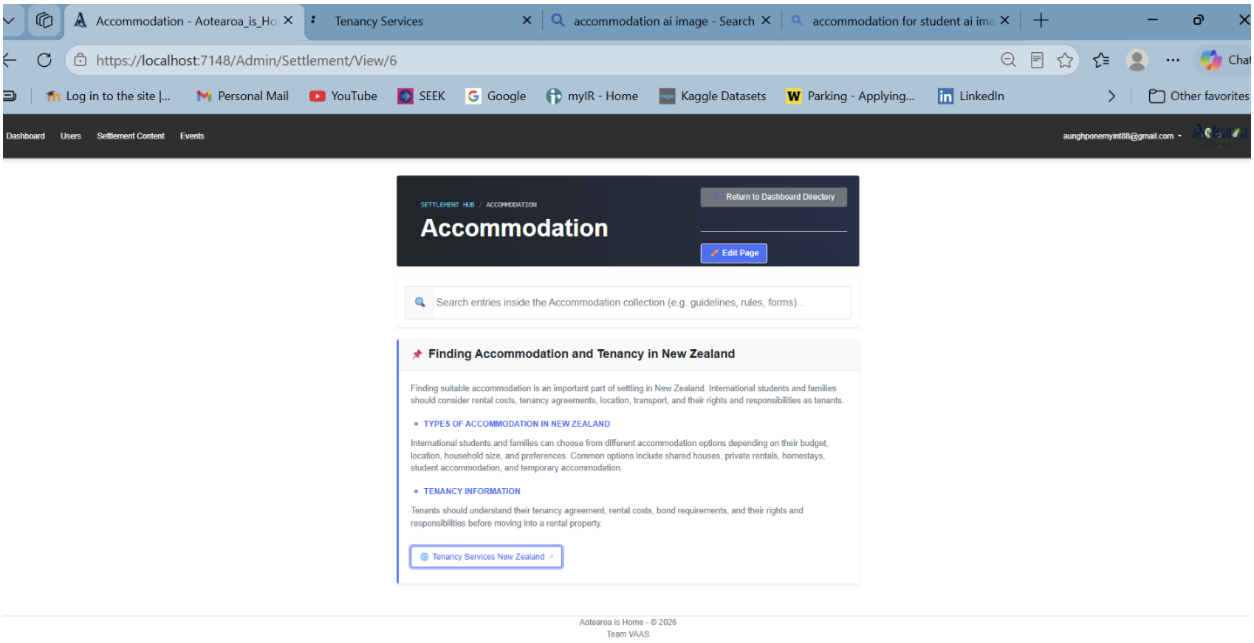

Figure 23: Accommodation Information Displaying Subheadings, Content and Tenancy Services Link

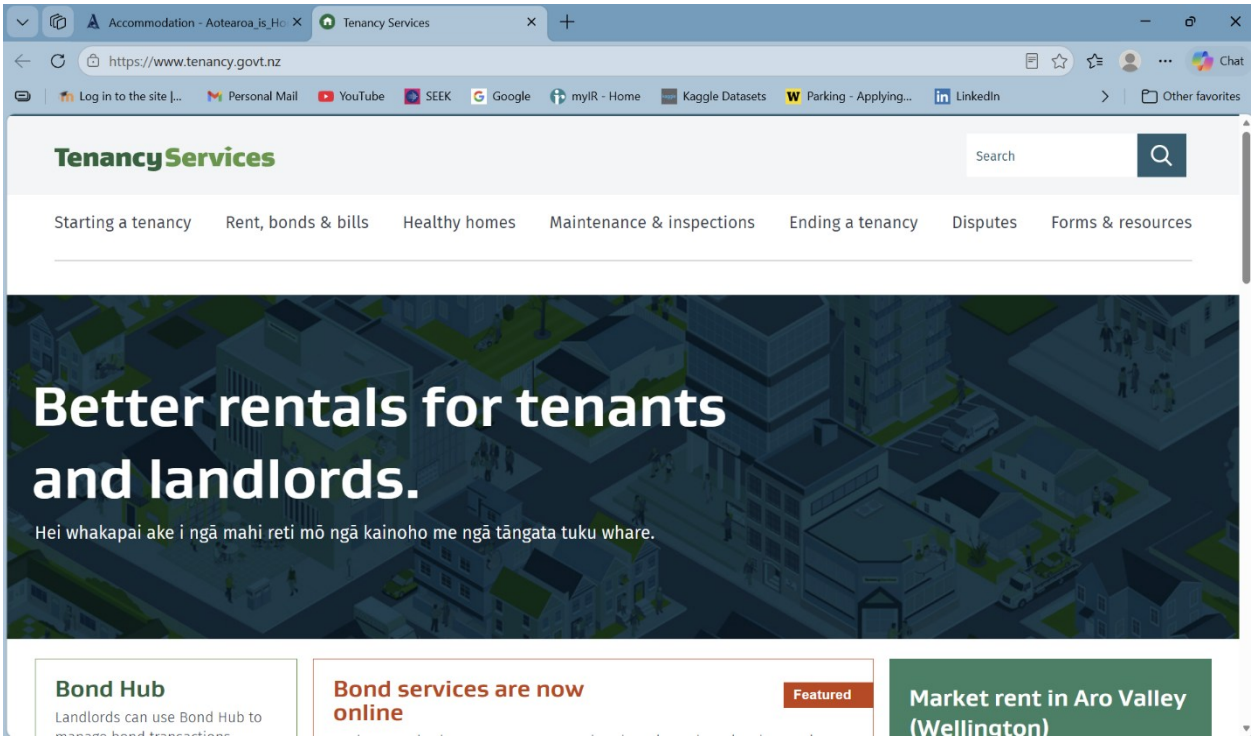

Figure 24: Tenancy Services New Zealand Website Opened from the Accommodation Information Link

Test Cases for Test Condition 6 (Education information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC015	Education	Verify users can access education information	1. Login as user. 2. Open Settlement Information. 3. Select Education.	Category: Education	Education information is displayed and accessible.	As expected	FR-IM-16	Pass	Figure 25
TC016	Education	Ensure that education subcategories and content displays correctly	1. Open Education. 2. Select an information item. 3. View details.	Category: Education	Correct Education subcategories and information are displayed.	Education information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-16	Fail	Figure 25

Evidence

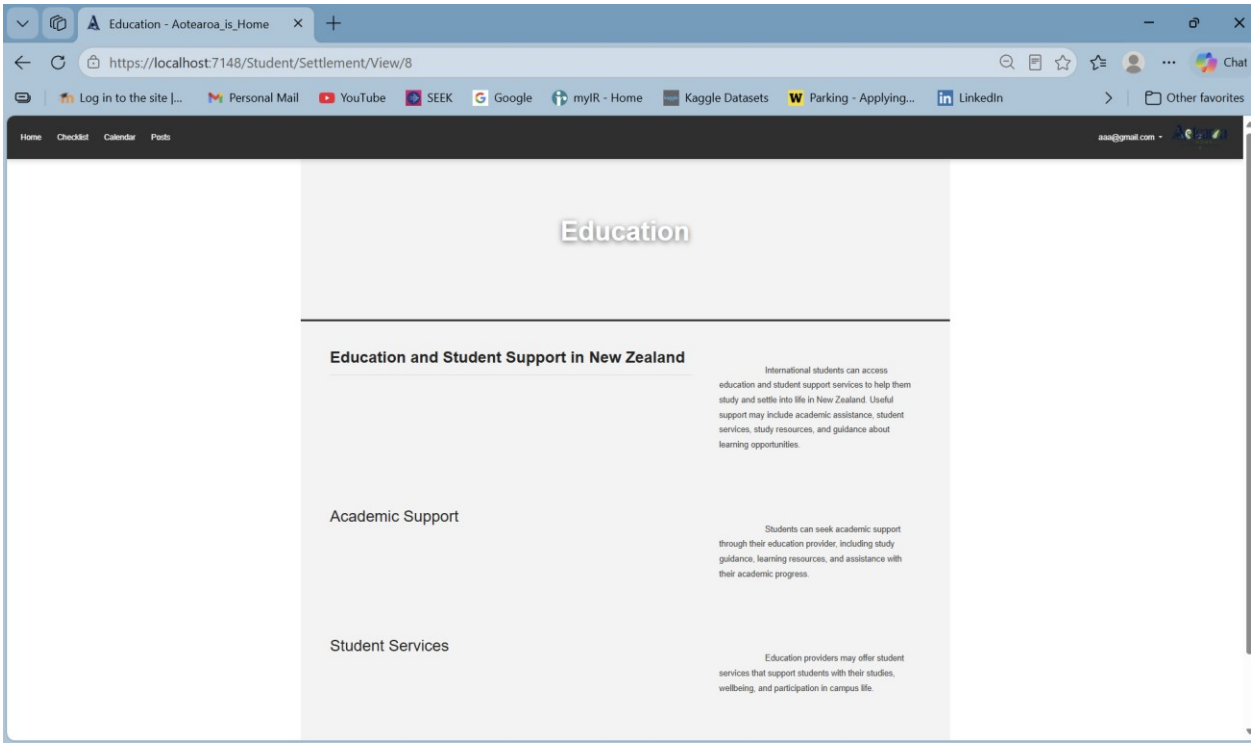

Figure 25: Student View of Education Subcategories and Content

Test Cases for Test Condition 7 (Healthcare & Wellbeing information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC017	Healthcare & Wellbeing	Verify users can access Healthcare & Wellbeing information	1. Login as user. 2. Open Settlement Information. 3. Select Education.	Category: Healthcare & Wellbeing	Healthcare & Wellbeing information is displayed and accessible.	As expected	FR-IM-17	Pass	Figure 26
TC018	Healthcare & Wellbeing	Ensure that Healthcare & Wellbeing subcategories and content displays correctly	1. Open Education. 2. Select an information item. 3. View details.	Category: Healthcare & Wellbeing	Correct Healthcare & Wellbeing subcategories and information are displayed.	Healthcare & Wellbeing information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-17	Fail	Figure 26

Evidence

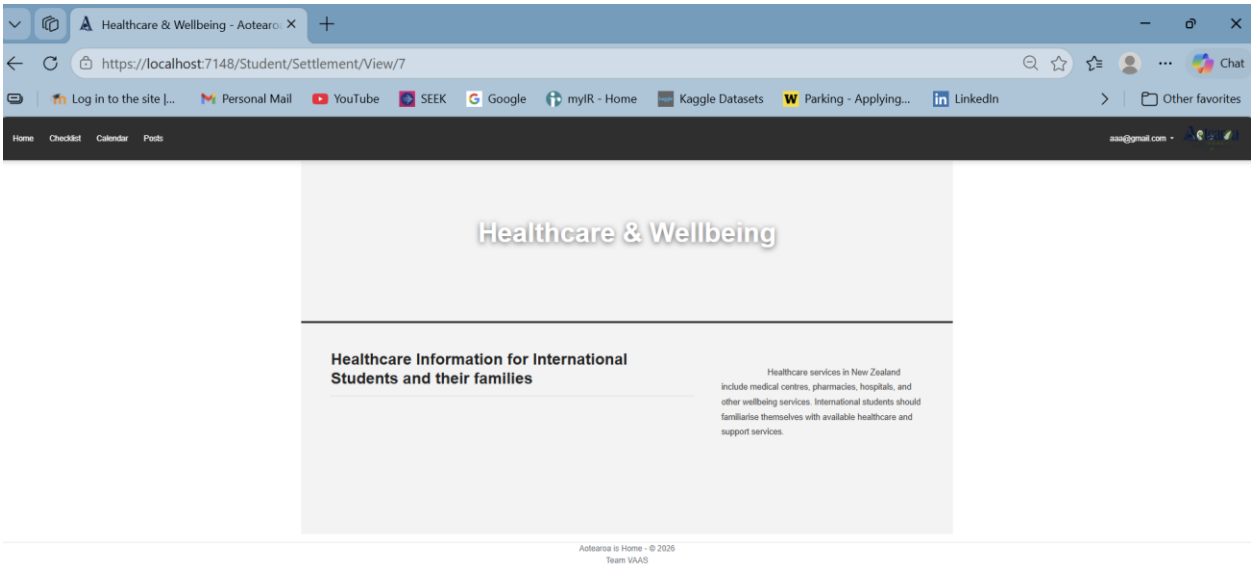

Figure 26: Student View of Healthcare & Wellbeing Information

Test Cases for Test Condition 8 (Employment information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC019	Employment	Verify users can access Employment information	1. Login as user. 2. Open Settlement Information. 3. Select Education.	Category: Employment	Employment information is displayed and accessible.	As expected	FR-IM-18	Pass	Figure 27
TC020	Employment	Ensure that Employment subcategories and content displays correctly	1. Open Employment 2. Select an information item. 3. View details.	Category: Employment	Correct Employment subcategories and information are displayed.	Employment information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-18	Fail	Figure 27

Evidence

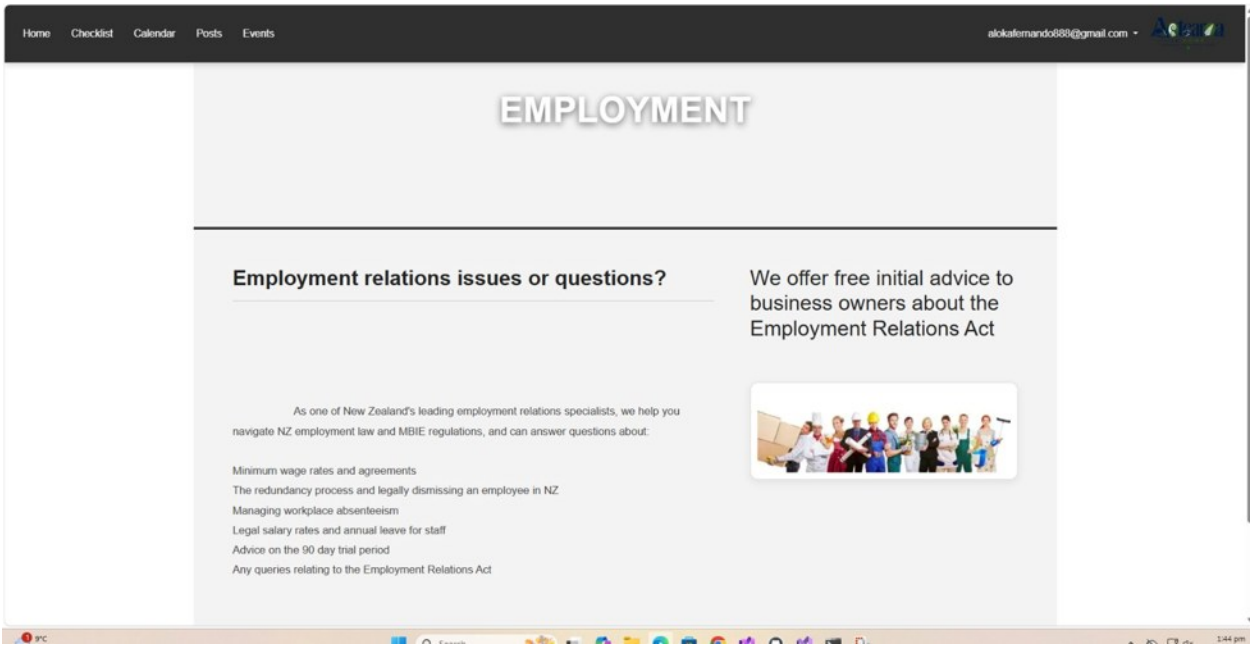

Figure 27: Student View of Employment Information

Test Cases for Test Condition 9 (Language Support Information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC021	Employment	Verify users can access Language Support information	1. Login as user. 2. Open Settlement Information. 3. Select Language Support.	Category: Language Support	Language Support information is displayed and accessible.	As expected	FR-IM-19	Pass	Figure 28
TC022	Employment	Ensure that Language Support subcategories and content displays correctly	1. Open Language Support 2. Select an information item. 3. View details.	Category: Language Support	Correct Language Support subcategories and information are displayed.	Language Support information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-19	Fail	Figure 28

Evidence

Figure 28: Student View of Language Support Information

Test Cases for Test Condition 10 (Childcare information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC023	Childcare	Verify users can access Childcare information	1. Login as user. 2. Open Settlement Information. 3. Select Childcare	Category: Childcare	Childcare information is displayed and accessible.	As expected	FR-IM-20	Pass	Figure 29
TC024	Childcare	Ensure that Childcare subcategories and content displays correctly	1. Open Childcare 2. Select an information item. 3. View details.	Category: Childcare	Correct Childcare subcategories and information are displayed.	Childcare information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-20	Fail	Figure 29

Evidence

Figure 29: Student View of Childcare Information

Test Cases for Test Condition 11 (Family support information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC025	Family support	Verify users can access Family support information	1. Login as user. 2. Open Settlement Information. 3. Select Family support.	Category: Family support	Family support information is displayed and accessible.	As expected	FR-IM-21	Pass	Figure 30
TC026	Family support	Ensure that Family support subcategories and content displays correctly	1. Open E Family support 2. Select an information item. 3. View details.	Category: Family support	Correct Family support subcategories and information are displayed.	Family support information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-21	Fail	Figure 30

Evidence

Figure 30: Student View of Family Support Information

Test Cases for Test Condition 12 (Emergency information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC027	Emergency	Verify users can access Emergency information	1. Login as user. 2. Open Settlement Information. 3. Select Emergency.	Category: Emergency	Emergency information is displayed and accessible.	As expected	FR-IM-22	Pass	Figure 31
TC028	Emergency	Ensure that Emergency subcategories and content displays correctly	1. Open Emergency 2. Select an information item. 3. View details.	Category: Emergency	Correct Emergency subcategories and information are displayed.	Emergency information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-22	Fail	Figure 31

Evidence

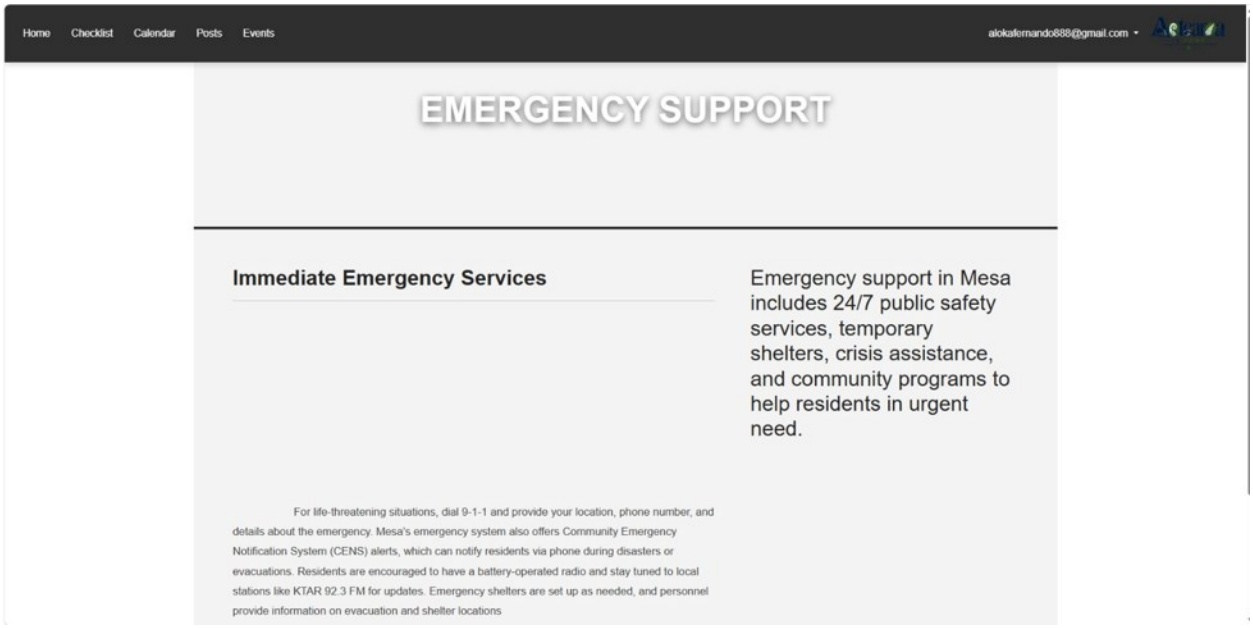

Figure 31: Student View of Emergency Information

Test Cases for Test Condition 13 (Community support information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC029	Community support	Verify users can access Community support information	1. Login as user. 2. Open Settlement Information. 3. Select Education.	Category: Community support	Community support information is displayed and accessible.	As expected	FR-IM-23	Pass	Figure 32
TC030	Community support	Ensure that Community support subcategories and content displays correctly	1. Open Community support 2. Select an information item. 3. View details.	Category: Community support	Correct Community support subcategories and information are displayed.	Community support information and subcategories are displayed correctly; however, the configured links are not visible to users.	FR-IM-23	Fail	Figure 32

Evidence

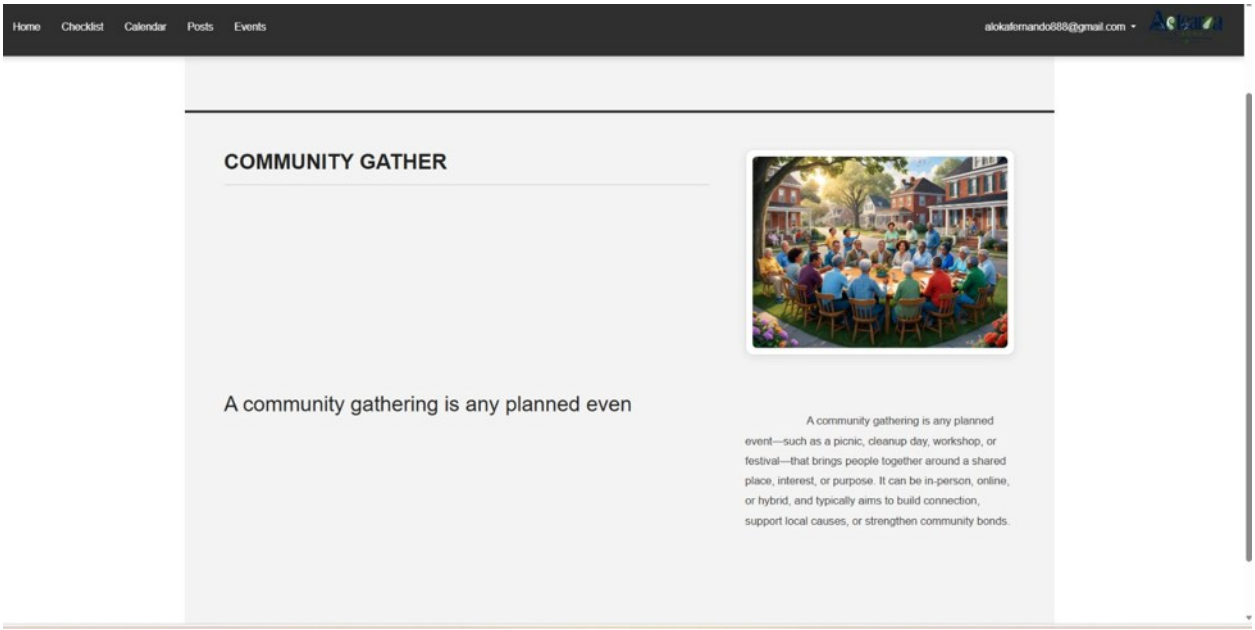

Figure 32: Student View of Community Support Information

Test Cases for Test Condition 14 (Event submission)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC031	Event submission	Verify service provider can submit valid event information	1.Login as Service provider 2.Open event submission 3.Enter valid details 4.Submit	Event	Event is submitted successfully and pending for Admin approval.	As expected	FR-PM-24	Pass	Figure 33,34
TC032	Event submission	Ensure incomplete event cannot be submitted	1.Login as Service provider 2.Open event submission 3.Leave required fields empty 4.Submit	Event	The incomplete event cannot be submitted and a validation/error message is displayed.	As expected	FR-PM-24	Pass	Figure 35
TC033	Event submission	Verify only Service provider can submit Event Information	1.Login as Student 2.Try to access event submission	Student account	Access denied	The Student user could access the Events page, but the Event Submission/Create Event function was not available in the Student interface, preventing the Student from submitting an event.	FR-PM-24	Pass	Figure 36

Evidence

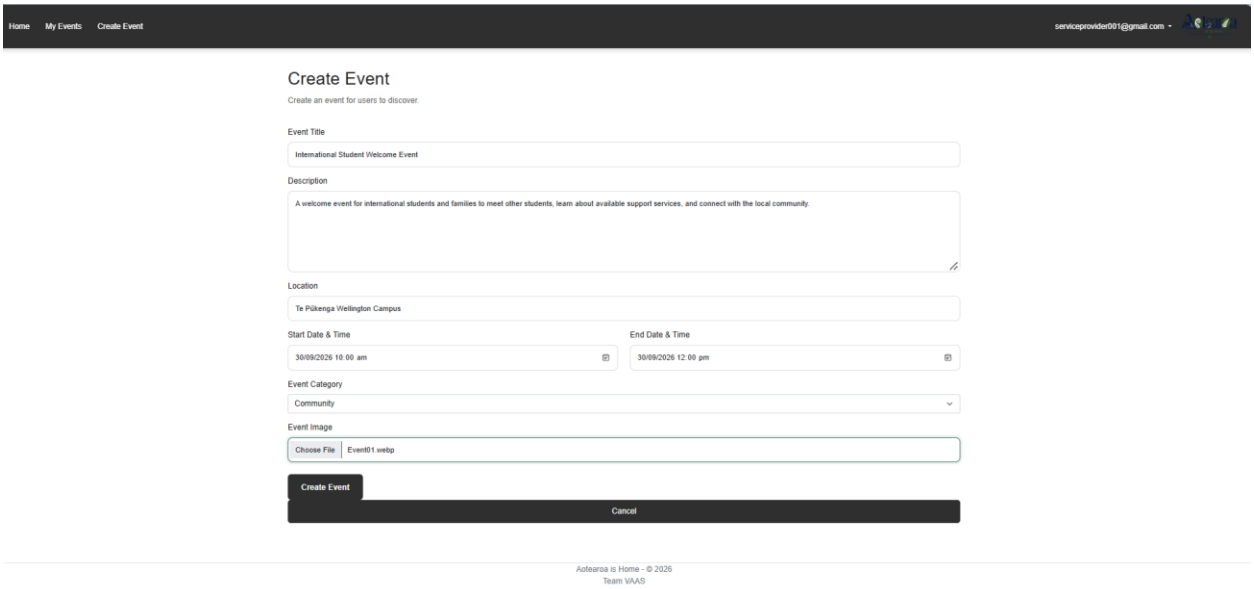

Figure 33: Service Provider Create Event Page with Valid Event Information Entered

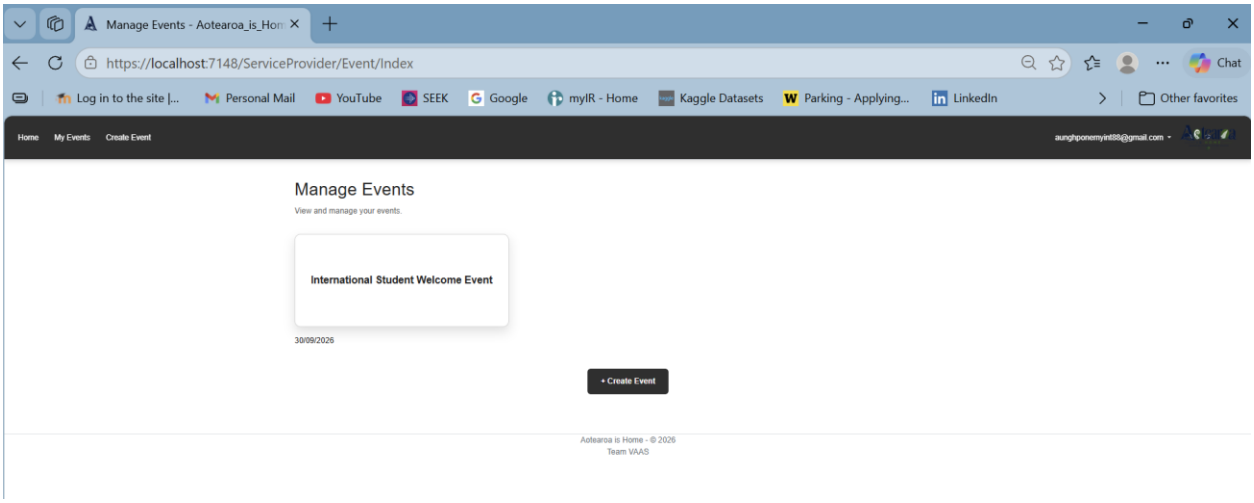

Figure 34: Service Provider Manage Events Page Showing Successfully Created Event

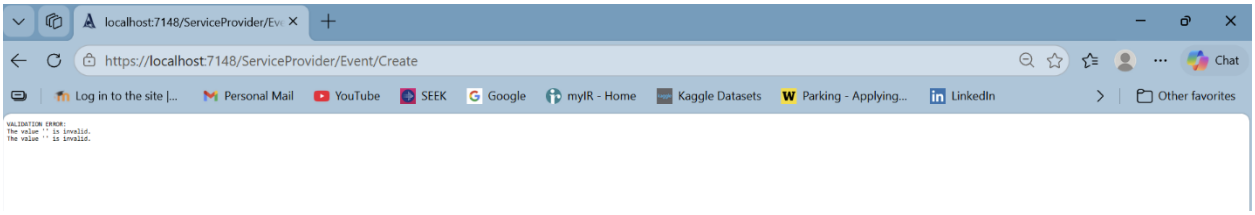

Figure 35: Validation Error Displayed When Submitting Incomplete Event Information

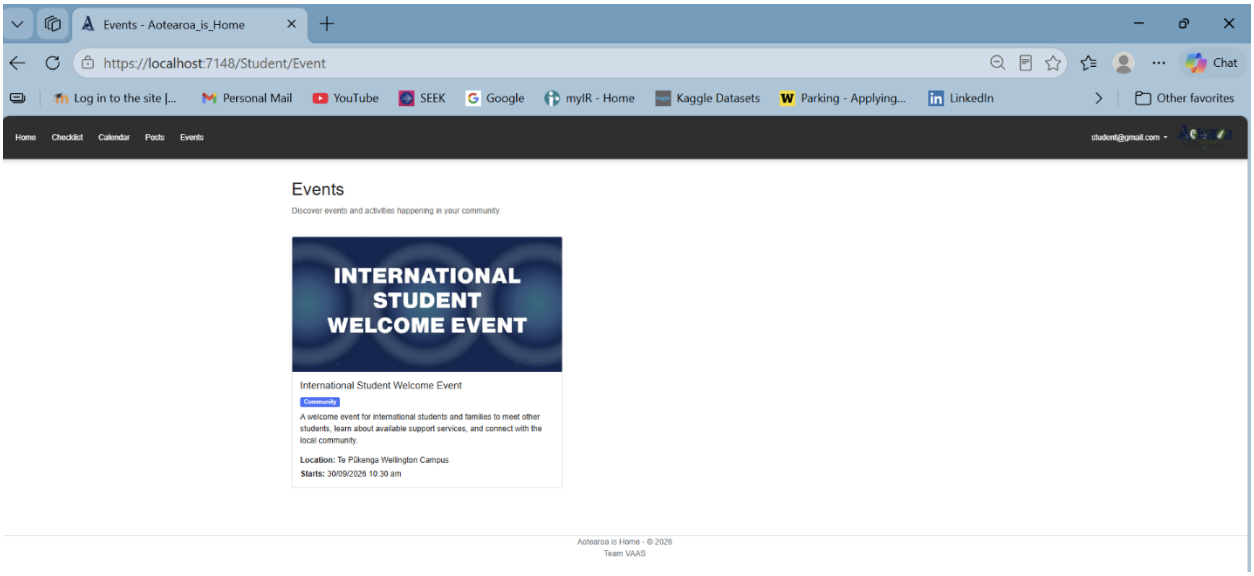

Figure 36: Student Events Page Without Event Submission Function

Test Cases for Test Condition 15 (Admin Approval)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC034	Event Approval	Ensure that Admin can approve submitted event	1.Login as Admin 2.Open Event information 3.Select submitted event 4.Approve	Submitted event by Service provider	Approved event becomes published	The Admin logged in successfully, but the Events navigation item on the Admin Dashboard was not clickable, so the Admin could not access the event information or proceed with event approval.	FR-PM-25	Fail	Figure 37
TC035	Event Approval	Verify unapproved events not published	1. Login as Admin 2.Open Event information 3.Select submitted event 4.Do not approve it.	Pending event	Pending event is not published	Blocked	FR-PM-25	Blocked	

Test Cases for Test Condition 16 (Edit event)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC036	Edit event	Verify Admin can Edit approved Event	1.Login as Admin 2.Open approved Event information 3.Edit/Delete event 4.Save	Location changed	Updated event information is displayed correctly.	Blocked	FR-PM-26	Blocked	
TC037	Edit event	Edit approved event with invalid/empty required information	1.Open an approved event. 2. Click Edit. 3. Remove a required field or enter invalid data. 4.Save	Empty event name or invalid date	System displays an appropriate validation message and does not save the invalid changes.	Blocked	FR-PM-26	Blocked	
TC038	Edit event	Cancel editing an event before saving	1.Open an approved event. 2. Click Edit. 3.Change event title 4.Cancel	Change event title	Changes are not saved and the original event information remains unchanged.	Blocked	FR-PM-26	Blocked	

Test Cases for Test Condition 17 (Delete event)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC039	Delete event	Verify Admin can delete approved Event	1.Open approved events. 2.Select an event. 3.Delete.	Approved event	Event is successfully deleted and no longer appears in the approved events list.	Blocked	FR-PM-27	Blocked	
TC040	Delete event	Verify deleted event is no longer accessible	1.Delete the event. 2.Return to the approved events list. 3.Search/check for the deleted event.	Deleted event	Deleted event is no longer displayed or accessible to users.	Blocked	FR-PM-27	Blocked	

Evidence

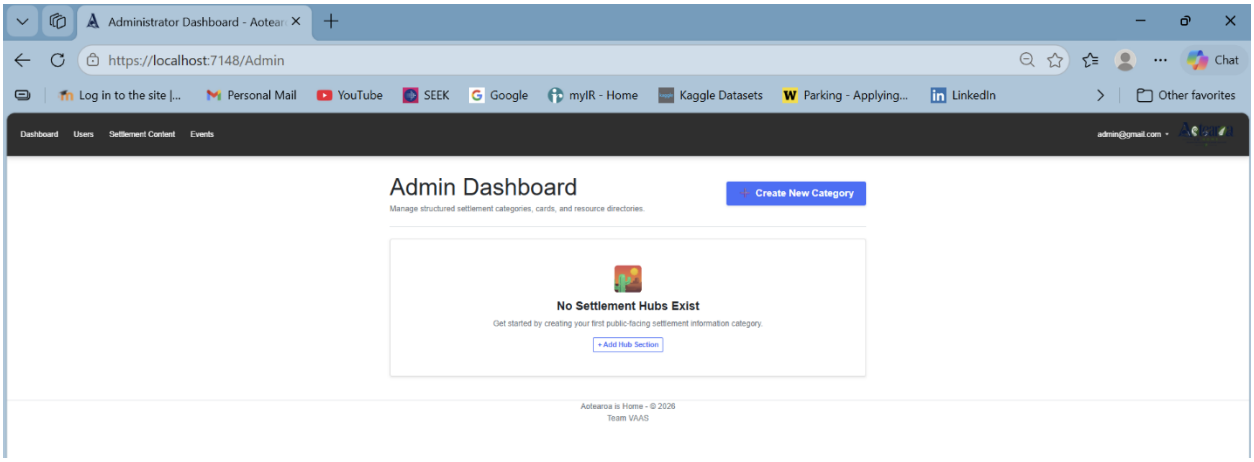

Figure 37: Admin Dashboard Showing Inaccessible Events Navigation

Test Cases for Test Condition 18 (Create account)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC041	User Registration	Verify student registration and login.	1. Open registration page. 2. Enter student details. 3. Submit registration. 4. Log in with registered credentials.	Student; Hpone Hpone; student02@gmail.com; Student ID: STU002; valid password.	Account created; login successful; Student dashboard displayed.	As expected	FR-UM-01	Pass	Figure 43, 44, 45
TC042	User Registration	Verify registration with empty required fields.	1. Open registration page. 2. Leave required fields empty. 3. Click Register.	Empty required fields.	Registration is prevented; required-field validation appears.	As expected	FR-UM-01	Pass	Figure 46
TC043	User Registration	Verify registration with mismatched passwords.	1. Open registration page. 2. Enter valid details. 3. Enter different passwords in Password and Confirm Password. 4. Click Register.	Unmatched password	Registration is prevented; password mismatch message appears.	As expected	FR-UM-01	Pass	Figure 47
TC044	User Registration	Verify registration using an already registered email.	1. Open registration page. 2. Enter an existing email. 3. Complete other required fields. 4. Click Register.	Email: student02@gmail.com (already registered)	Registration is prevented; an existing-account error is displayed.	As expected	FR-UM-01	Pass	Figure 48

Evidence

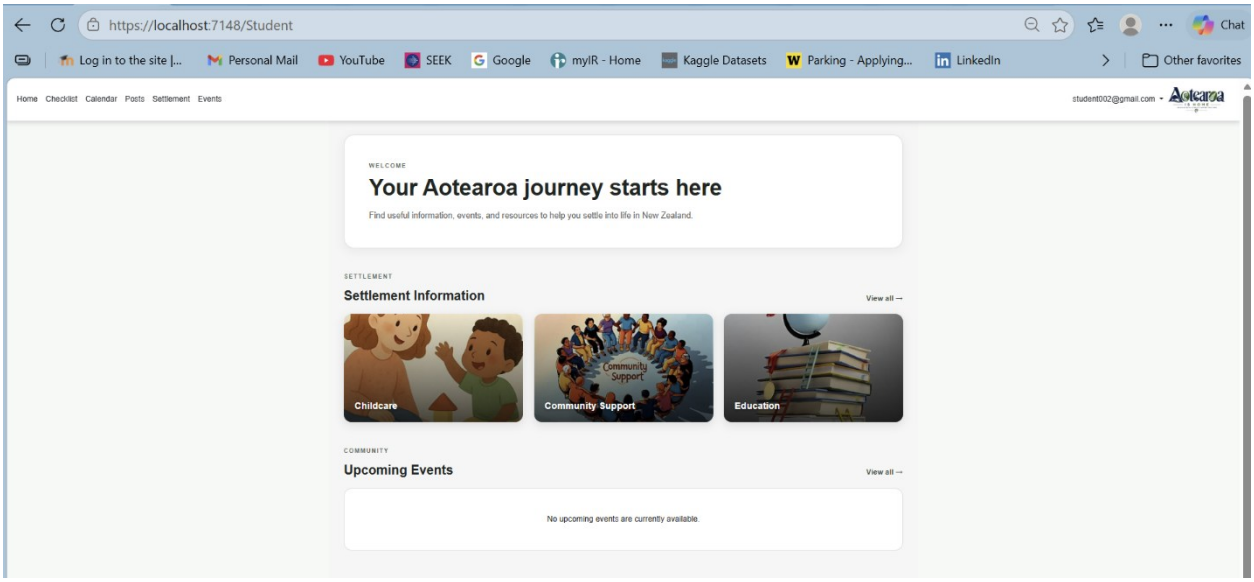

Figure 45: Student Dashboard After Login

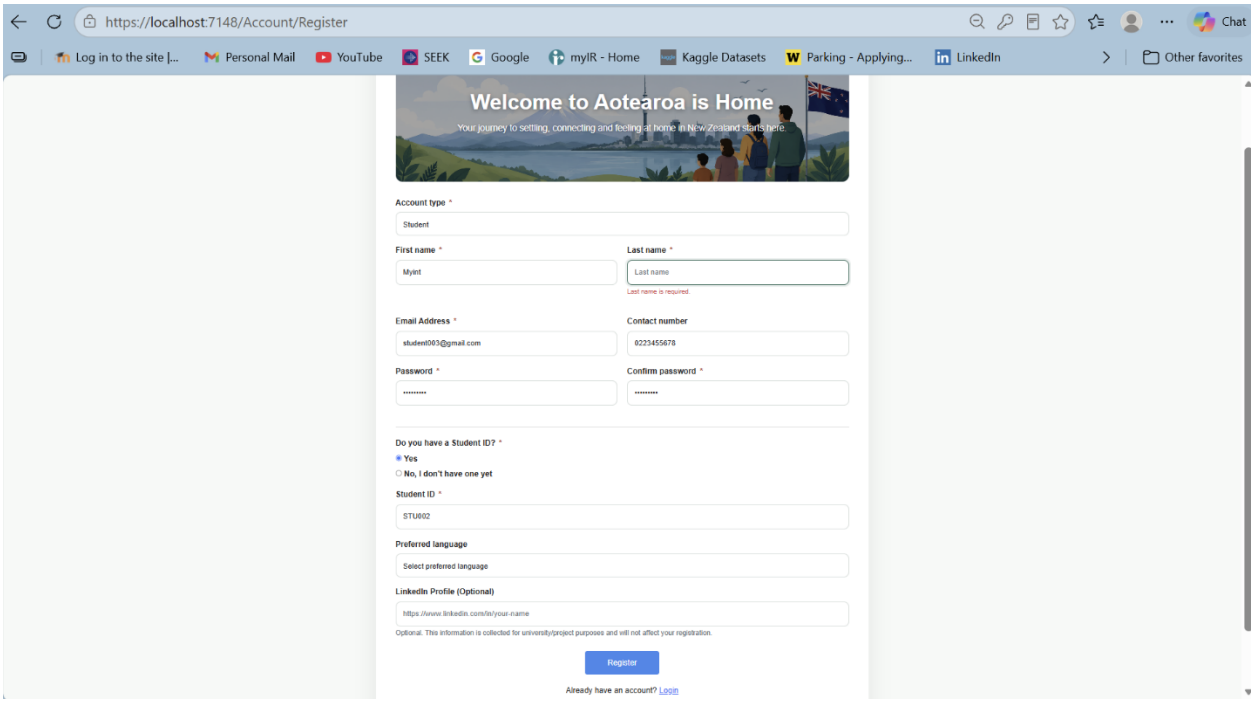

Figure 46: Registration Validation for Empty Fields

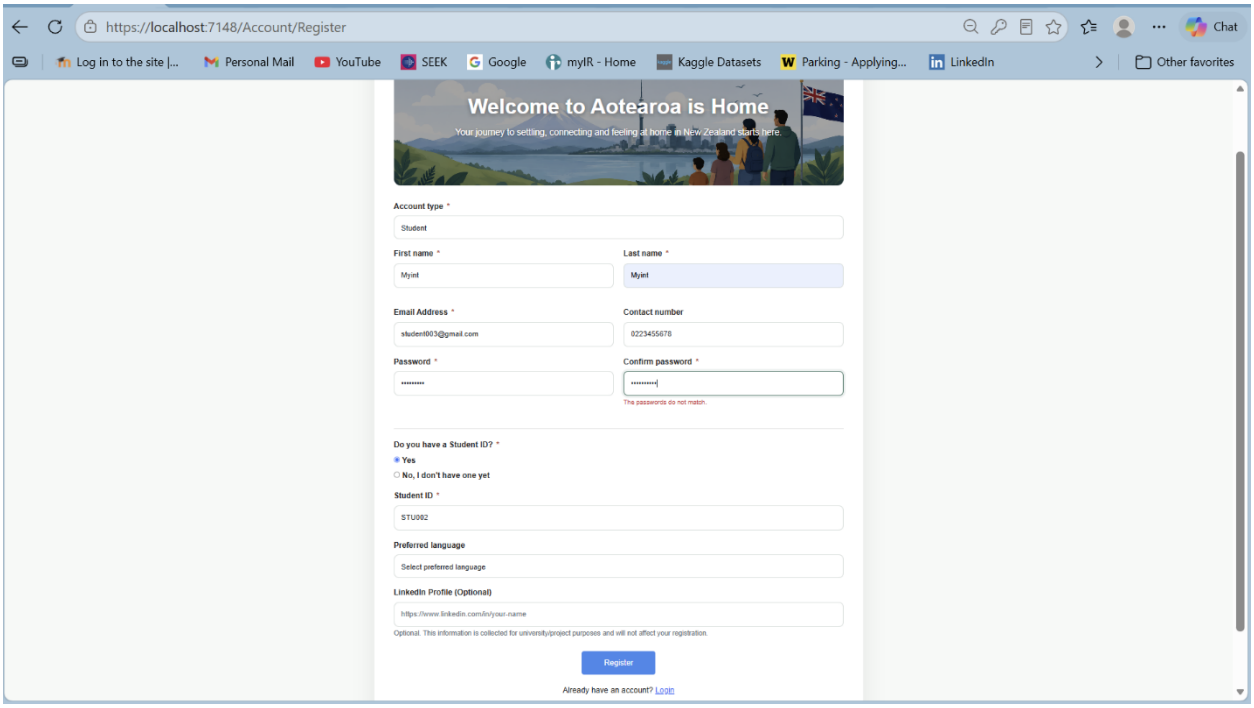

Figure 47: Password Mismatch Validation

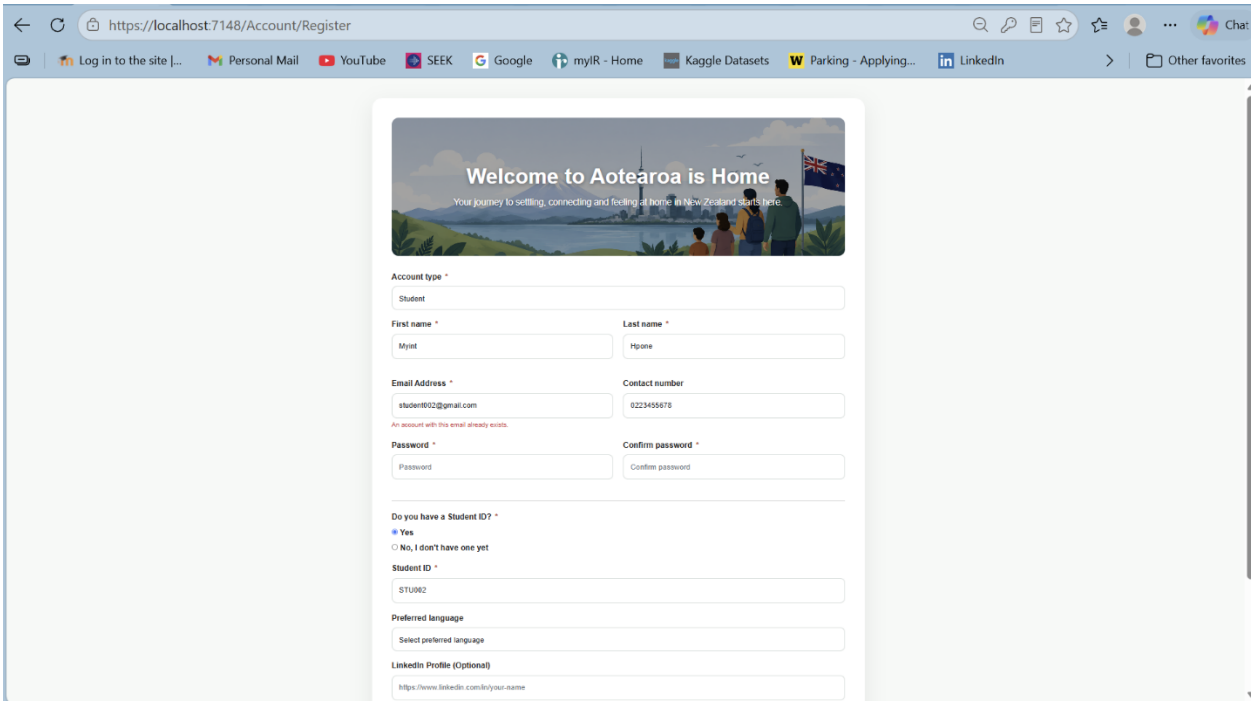

Figure 48: Registration with Existing Email

Test Cases for Test Condition 19 (Login Features)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC045	Login	Verify login with valid credentials	1.Open login page 2.Enter invalid username and password 3.Click Login	Username: Superadmin@aotearoaishome.com Password: SuperAdmin@12345	User is redirected to home page successfully	As expected	FR-UM-02	Pass	Figure 49, 50
TC046	Login	Verify login with invalid credentials	1.Open login page 2.Enter invalid username and password 3.Click Login	Username: Superadmin@aotearoaishome.com Password: superAdmin@12345	Error msg displayed (Invalid Credentials)	As expected	FR-UM-02	Pass	Figure 40
TC047	Login	Verify login with empty fields	1.Open login page 2.Leave username and password empty 3.Click Login	Username: Password: Leave blank in the Username and Password filed	Error msg displayed (Required fields empty)	As expected	FR-UM-02	Pass	Figure 41
TC048	Logout	Verify successful logout	1.Login with valid credentials 2.Click logout	Logout	User is redirected back to login page	As expected	FR-UM-02	Pass	Figure 42

Evidence

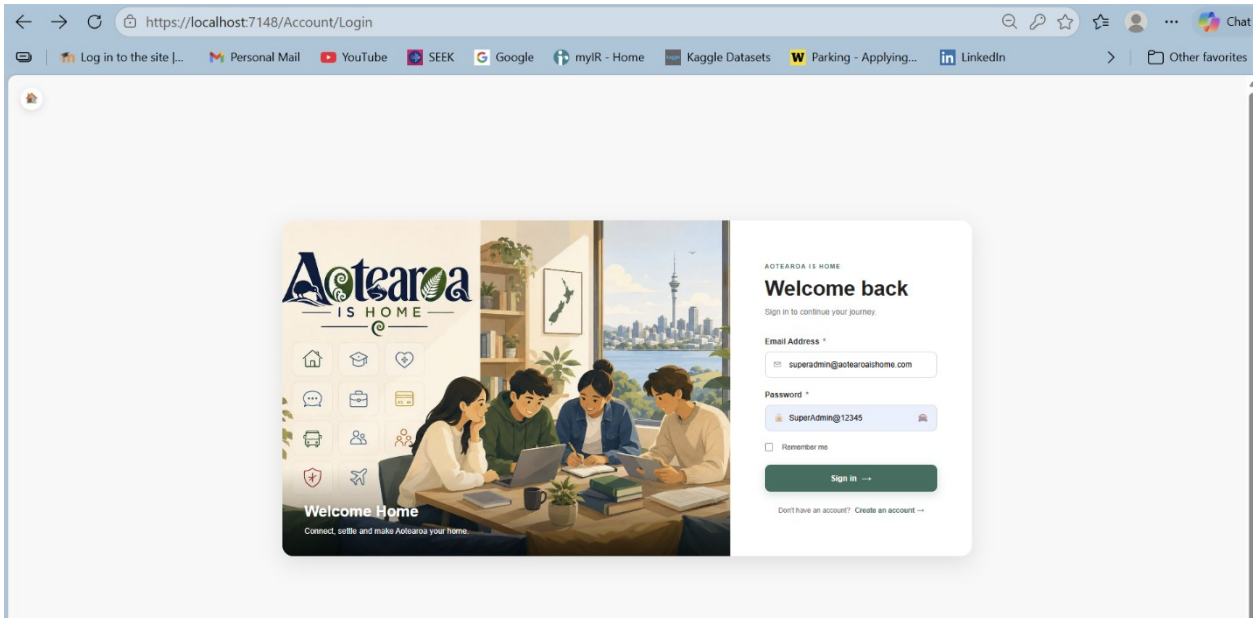

Figure 49. Login Page Displaying the Administrator Sign-In Form

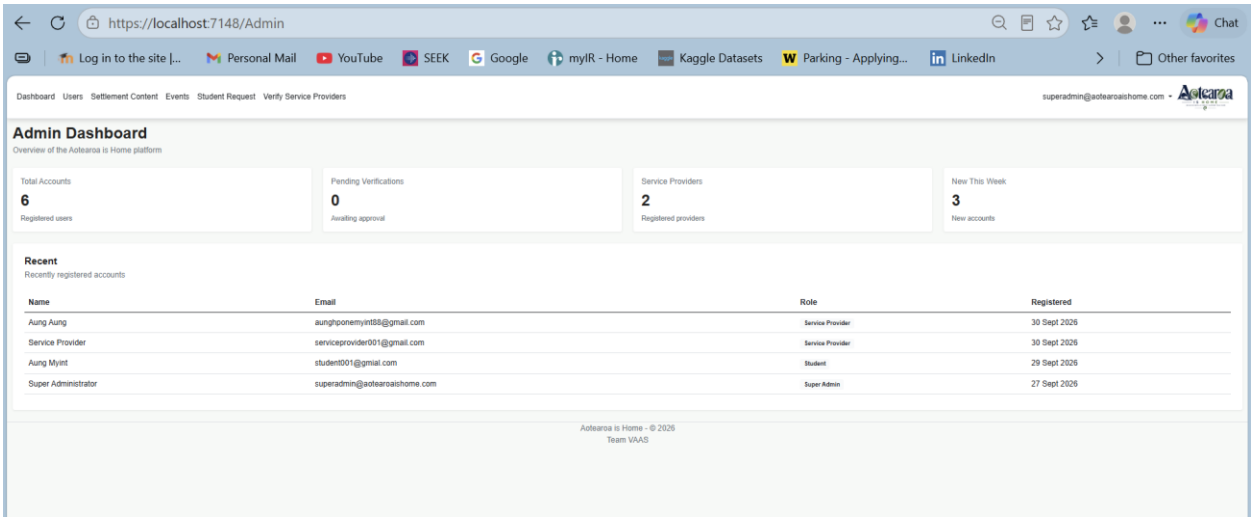

Figure 50. Admin Dashboard After Successful Administrator Login

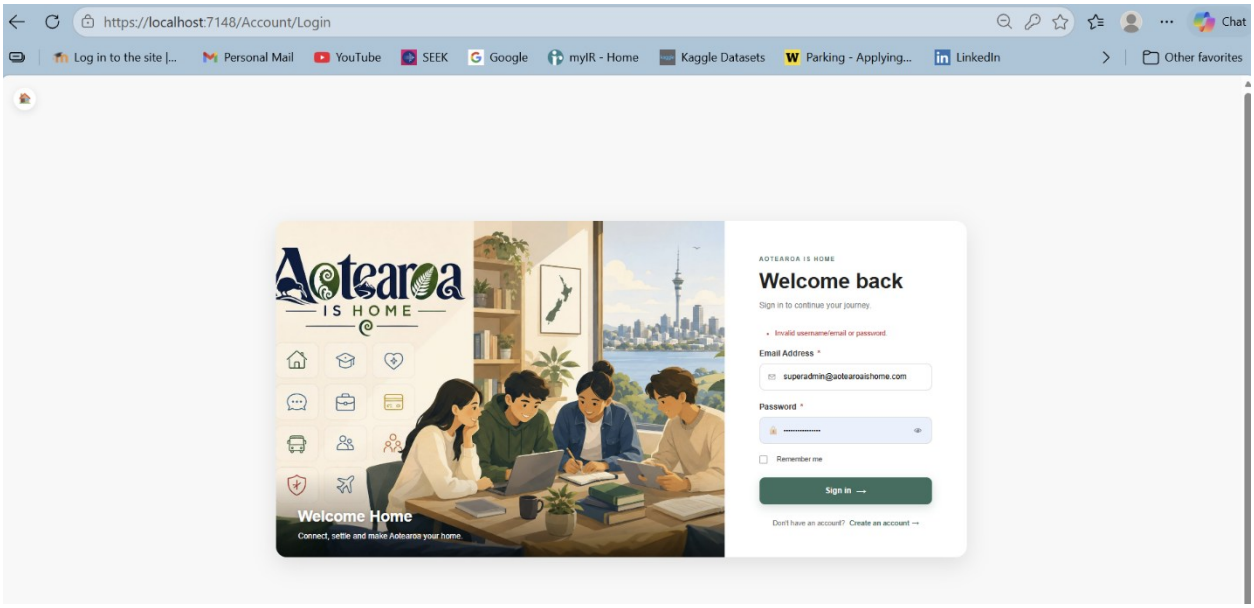

Figure 51: Login Validation Error Displayed for Invalid Credentials

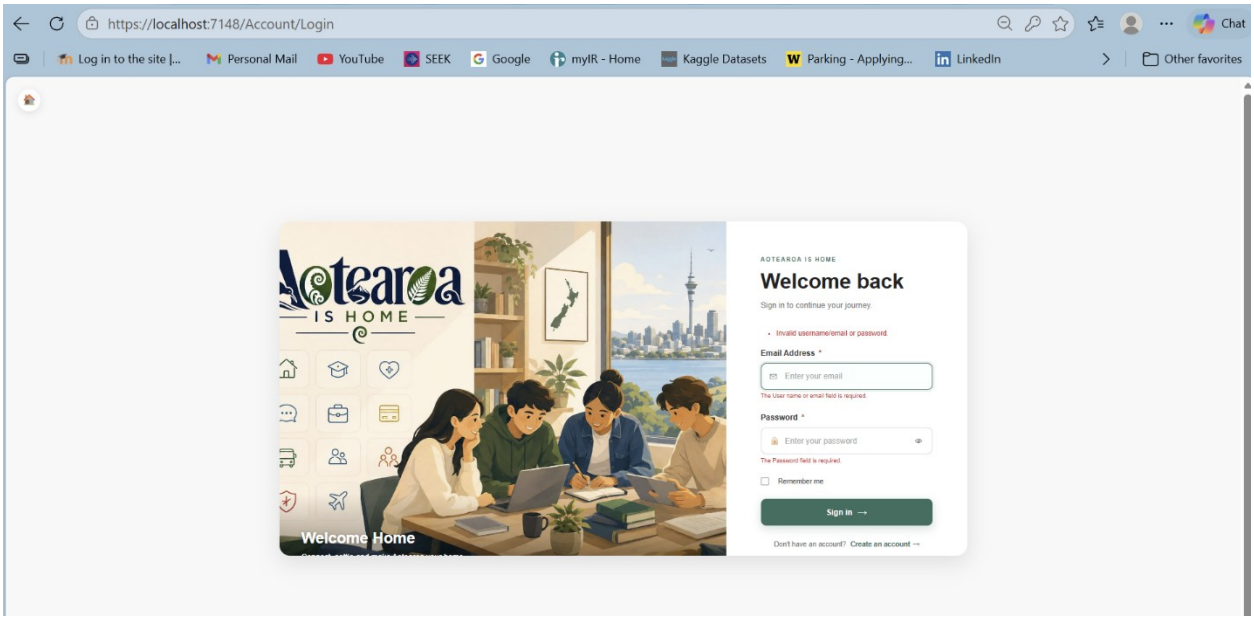

Figure 52: Login Form Validation with Empty Fields

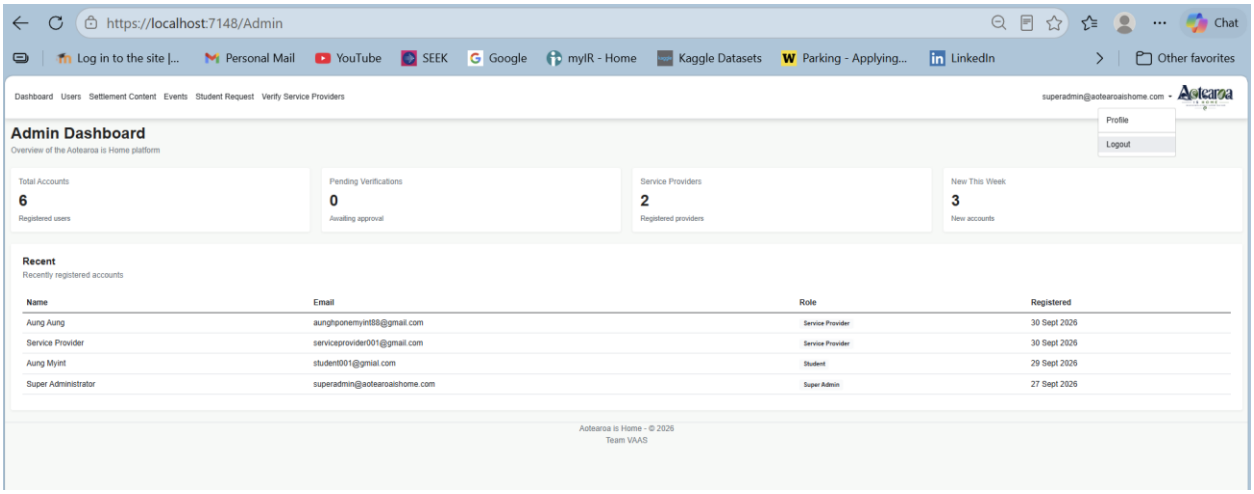

Figure 53: Admin Account Menu Displaying the Logout Option

Test Cases for Test Condition 20 (First-time role selection)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC049	First-Time User Role Selection	Verify available user roles in dropdown	1. Open registration page. 2. Click Account Type dropdown. 3. Verify the four roles.	Administrator, Student, Family Member, Service Provider	All four user roles are displayed and selectable.	As expected	FR-UM-03	Pass	Figure 54
TC050	First-Time User Role Selection	Verify first-time user can select Student role	1. Login as a first-time user. 2. Open role selection. 3. Select Student. 4. Confirm selection.	Role: Student	Student role is successfully selected and saved, and the user can access the appropriate Student role functions.	As expected	FR-UM-03	Pass	Figure 55
TC051	First-Time User Role Selection	Verify first-time user can select Family Member role	1. Login as a first-time user. 2. Open role selection. 3. Select Family Member. 4. Confirm selection.	Role: Family Member	Family Member role is successfully selected and saved, and the user can access the appropriate Family Member functions.	Family Member role is successfully selected and saved, but no Family Member functions or content are displayed after selection. The user cannot access the relevant functions.	FR-UM-03	Fail	Figure 56
TC052	First-Time User Role Selection	Verify first-time user can select Service Provider role	1. Login as a first-time user. 2. Open role selection. 3. Select Service Provider. 4. Confirm selection.	Role: Service Provider	Service Provider role is successfully selected and saved, and the user can access the appropriate service provider functions	As expected	FR-UM-03	Pass	Figure 57
TC053	First-Time User Role Selection	Verify first-time user can select Administrator role	1. Login as a first-time user. 2. Open role selection. 3. Select Administrator. 4. Confirm selection.	Role: Administrator	Admin role is successfully selected and saved, and the user can access the appropriate Admin functions.	As expected	FR-UM-03	Pass	Figure 58

Evidence

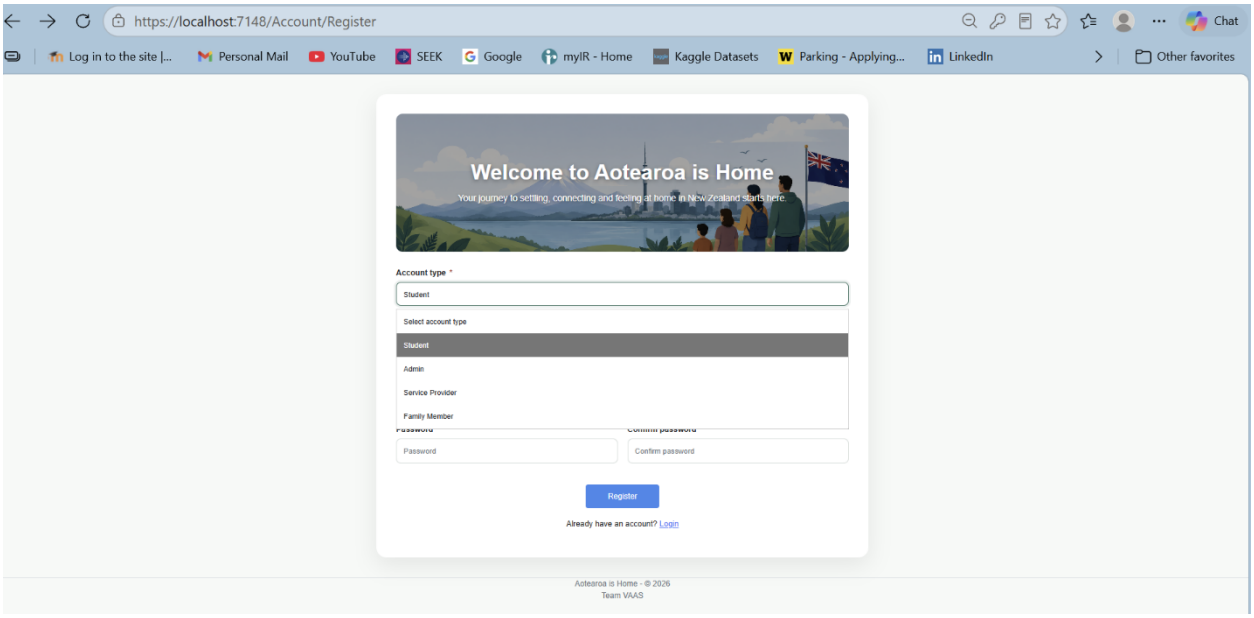

Figure 54. Account Type Dropdown for User Registration

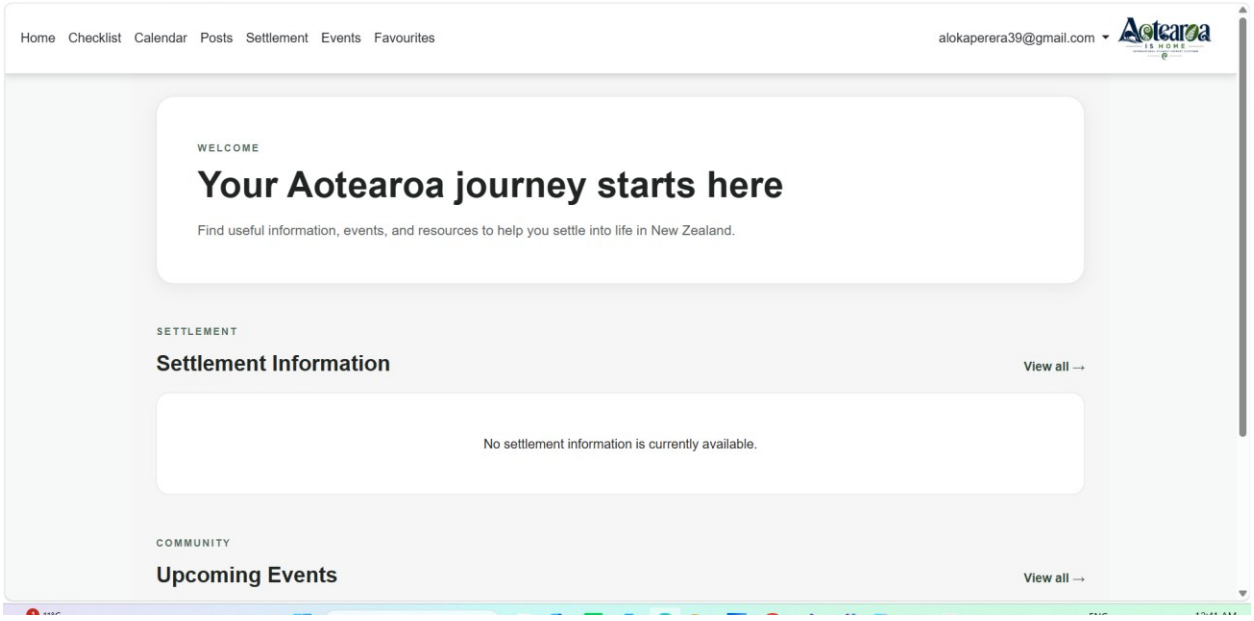

Figure 55: Student role is successfully selected and saved

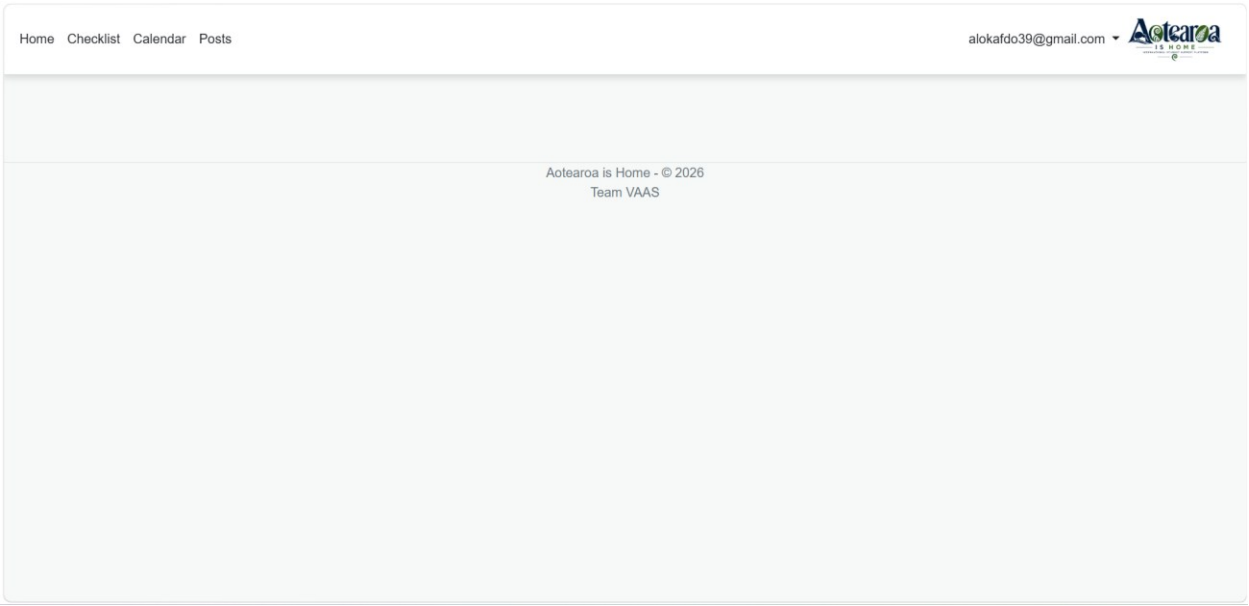

Figure 56: Family member role is selected but nothings there.

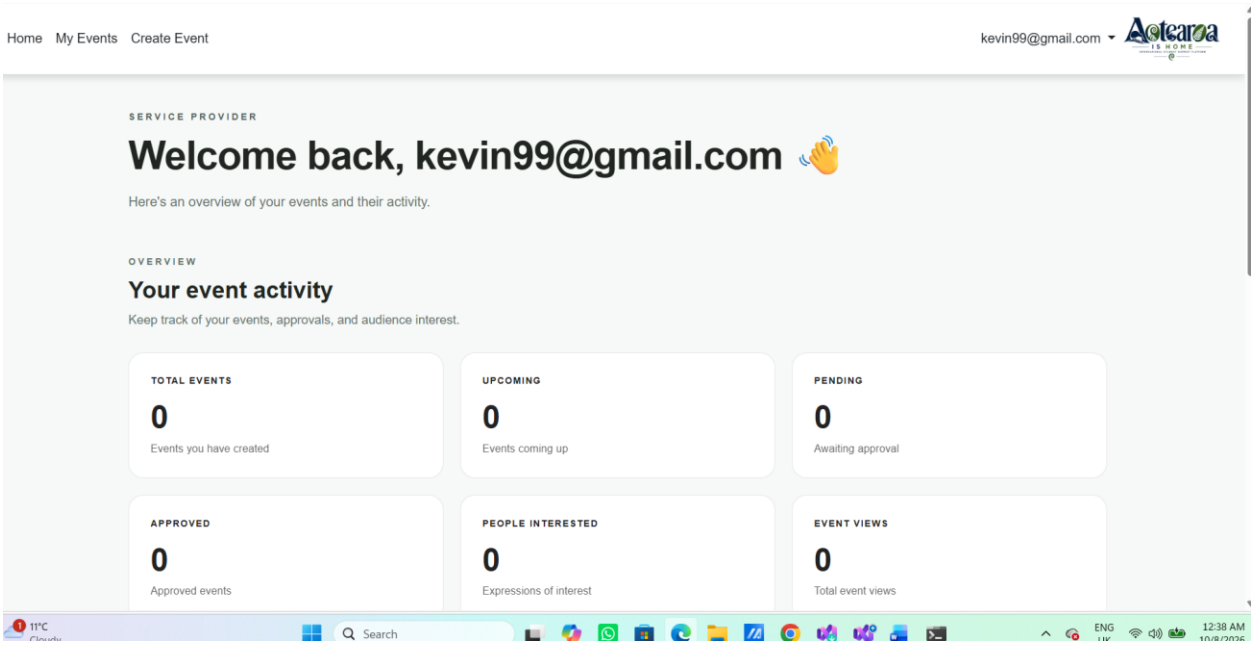

Figure 57: Service Provider role is successfully selected and saved

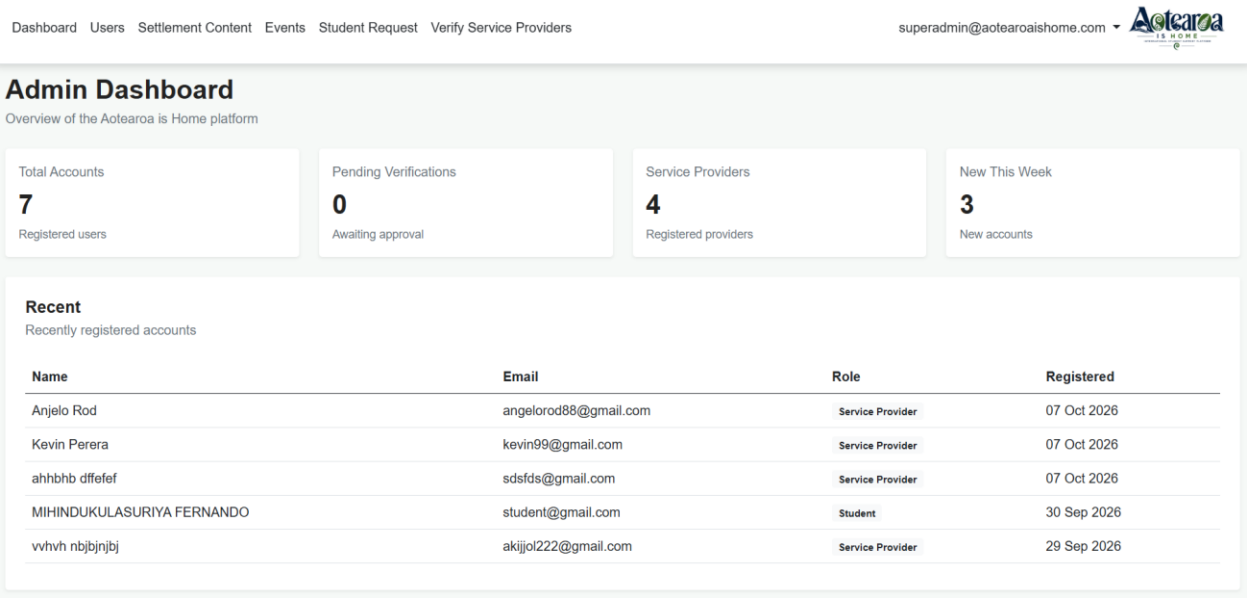

Figure 58: Admin role is successfully selected and saved

Test Cases for Test Condition 21 (Role based user interface)

TC054	Role selection	Select Student role	1.Login for the first time 2.Select Student role 3.Continue	Role: Student	Student role is saved and correct interface is displayed	As expected	FR-UM-04	Pass	Figure 59
TC055	Role selection	Select Family member role	1.Login for the first time 2.Select family member role 3.Continue	Role: Family member	Family member role is saved and correct interface is displayed	As expected	FR-UM-04	Pass	Figure 60
TC056	Role selection	Select Service provider	1.Login for the first time 2.Select Service provider role 3.Continue	Role: Service provider	Service provider role is saved and correct interface is displayed	As expected	FR-UM-04	Pass	Figure 61
TC057	Role selection	Select Admin	1.Login for the first time 2.Select Admin role 3.Continue	Role: Admin	Admin role is saved and correct interface is displayed	As expected	FR-UM-04	Pass	Figure 62
TC058	Role based access	Ensure that Student cannot access Service provider functions	1.Login as Student 2.Try to access service provider or admin function	Student account	Student account cannot access Admin or Service Provider functions.”	As expected	FR-UM-04	Pass	Figure 59-62

Evidence

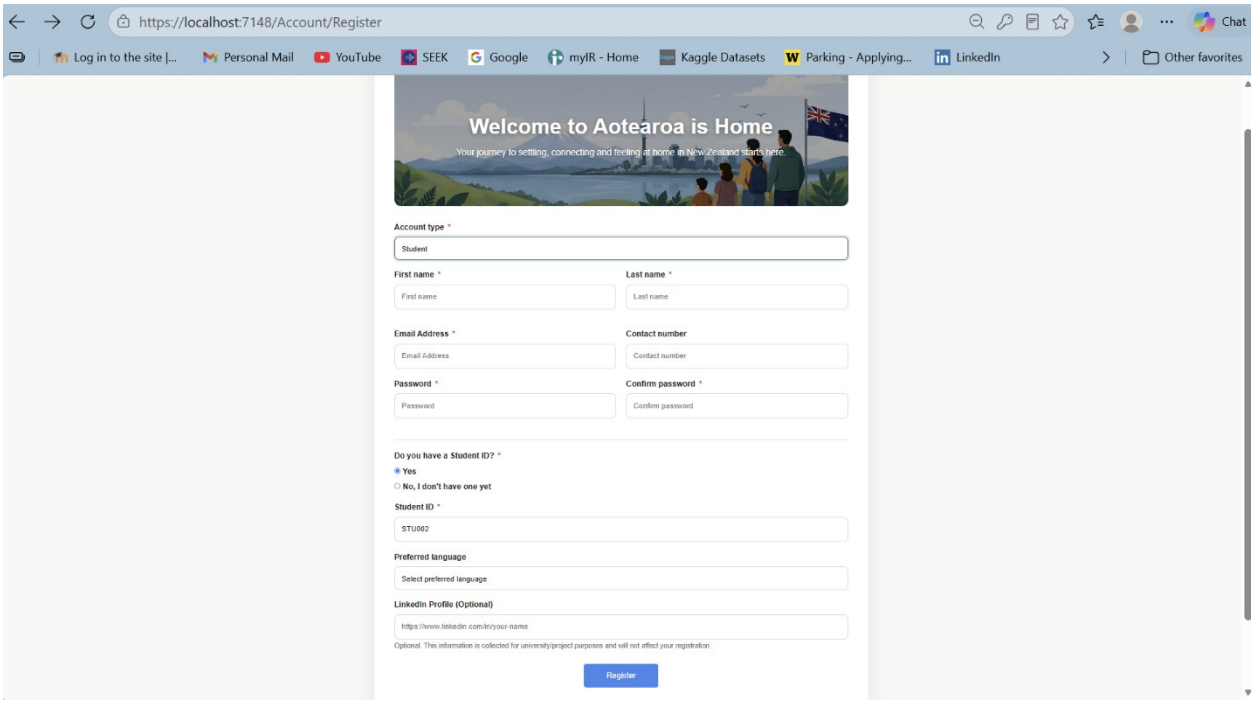

Figure 59. Student Registration Form Showing Student-Specific Fields

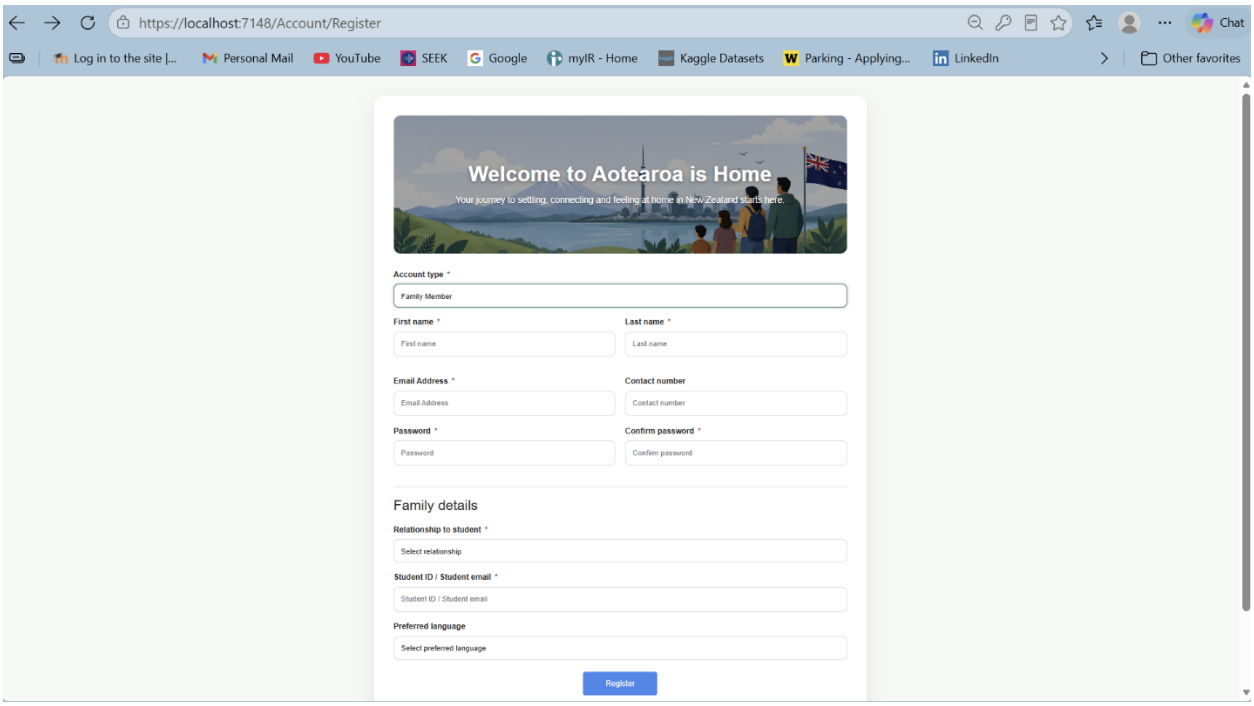

Figure 60 – Family Member Registration Form Showing Family-Specific Fields

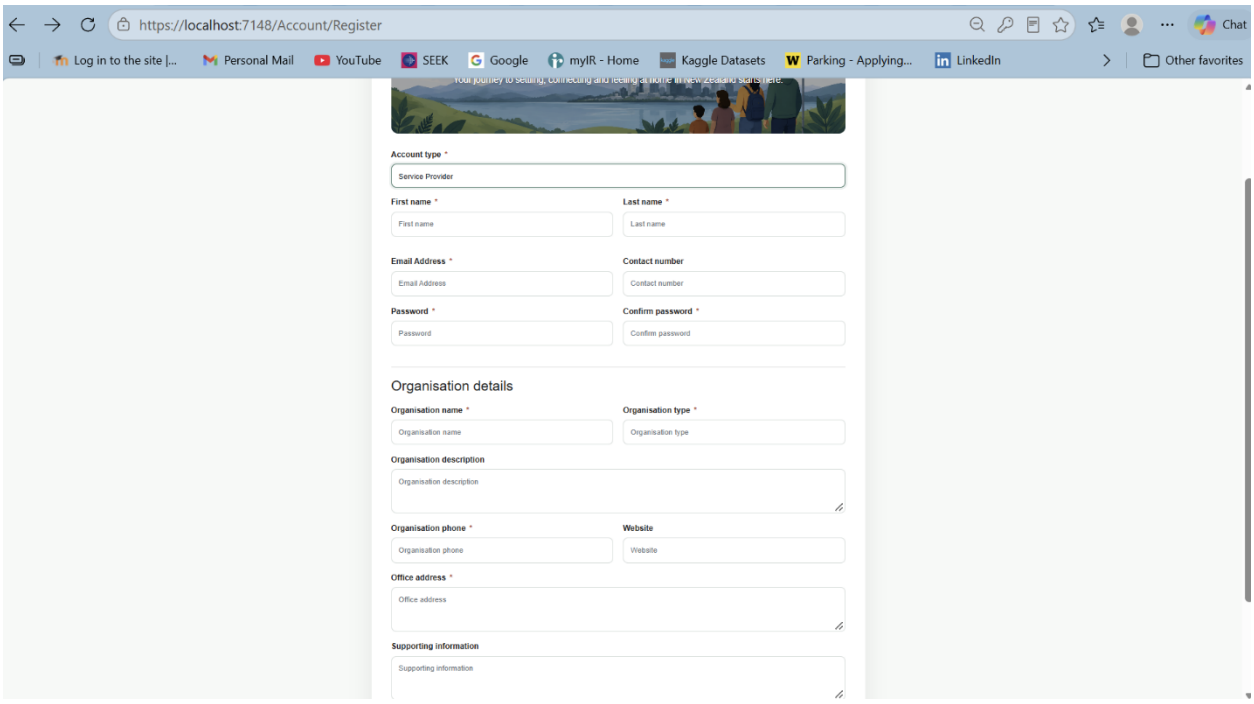

Figure 61 – Service Provider Registration Form Showing Organisation-Specific Fields

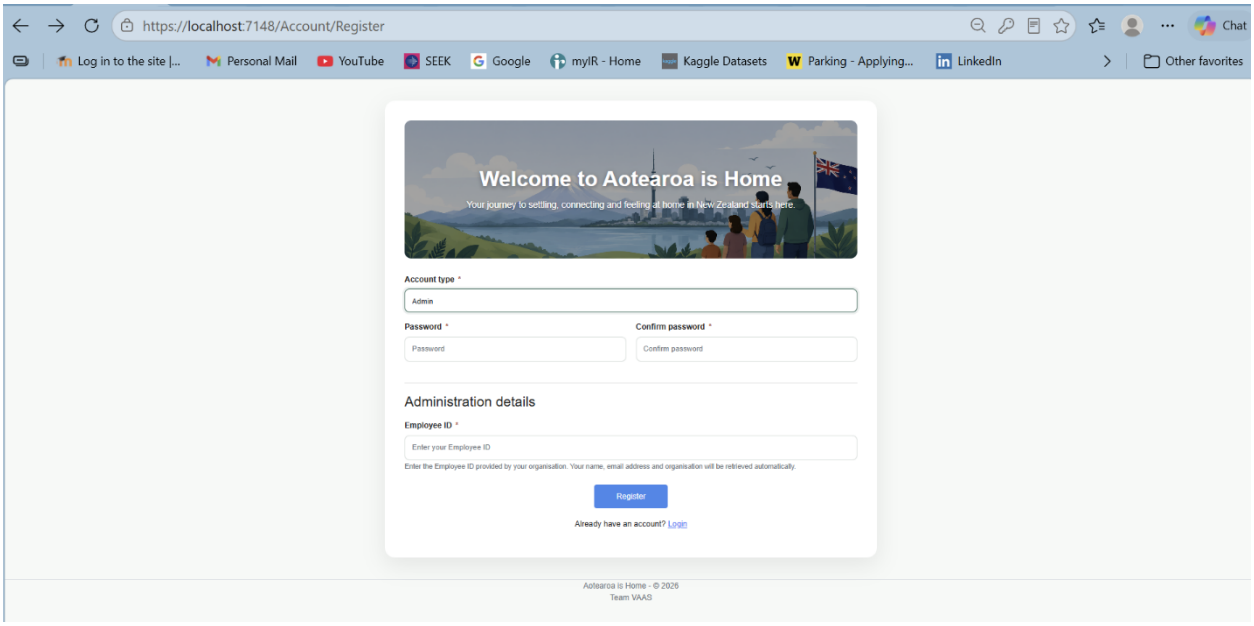

Figure 62 – Administrator Registration Form Showing Administration Details

Test Cases for Test Condition 22 (Settlement Journey Personalization)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC059	Personalized Interface	Verify interface personalization	1. Log in as a student. 2. Update settlement progress or preferences. 3. Return to the dashboard.	Student account; updated settlement progress	Dashboard content reflects the user's settlement journey.	The checklist reflects the user's progress, showing 57% completion and completed status for Accommodation and Arrival and documents. The Settlement Information Hub category cards remain unchanged.	FR-UM-05	Partially Pass	Figure 63, Figure 64
TC060	Personalized Interface	Verify personalization is remain after re-login.	1.Update settlement journey. 2. Logout. 3. Login again. 4. Open dashboard.	Student account; updated settlement progress	Home dashboard should be personalized according to the user's settlement journey and remains unchanged after re-login.	As expected	FR-UM-05	Pass	
TC061	Personalized Interface	Verify personalization changes when settlement journey changes	1.Login. 2.Update settlement journey/progress. 3.Return to personalized interface.		Completed checklist items move to the bottom, while remaining items are prioritized and personalized based on checklist completion progress.	As expected	FR-UM-05	Pass	

Evidence

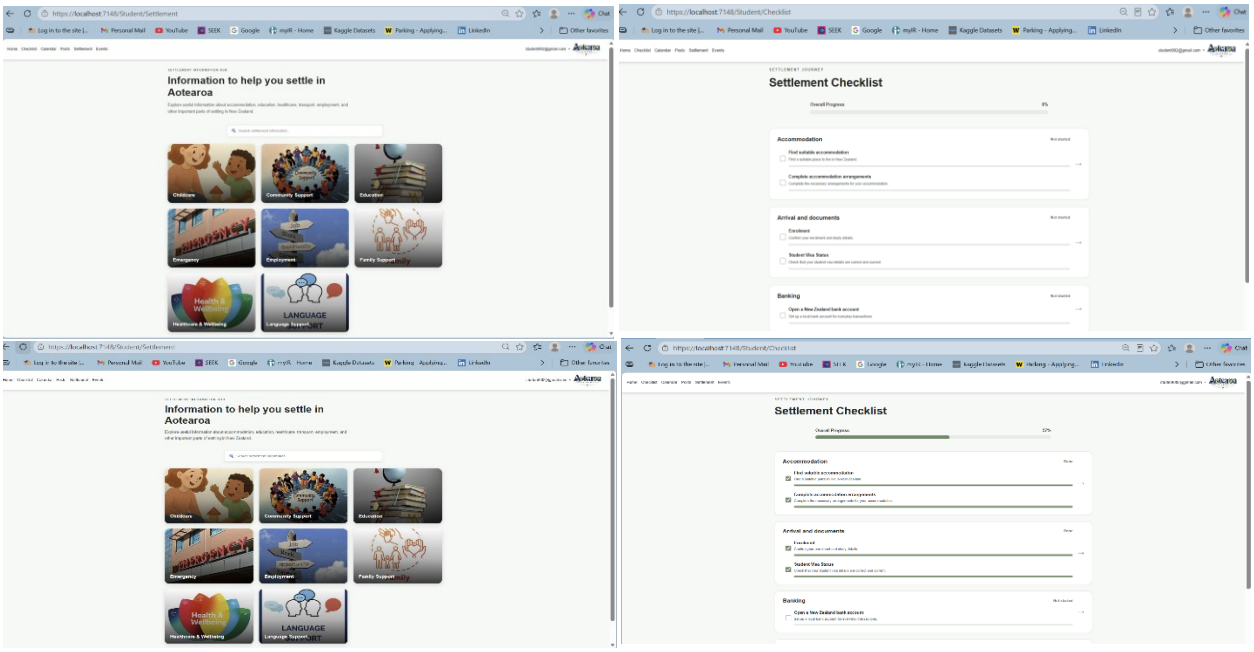

Figure 63. Settlement checklist progress and settlement information hub before and after completing checklist items

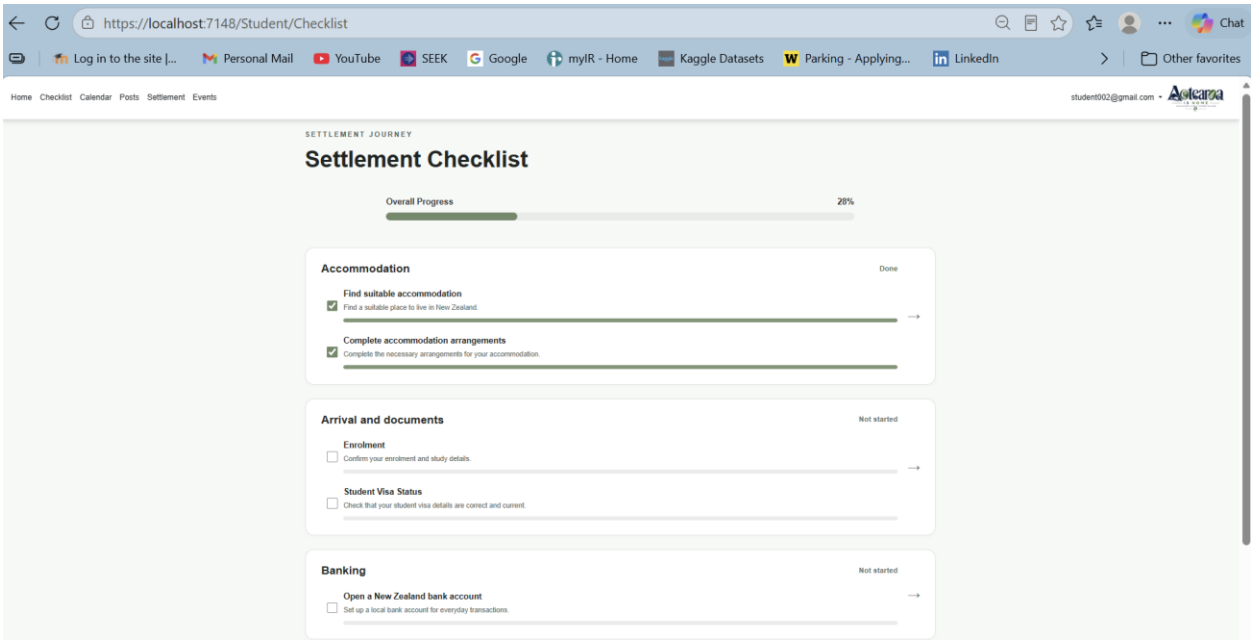

Figure 64. Updated settlement checklist showing 28% overall progress and revised category completion statuses

Test Cases for Test Condition 23 (View Settlement Progress Checklist)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC062	Progress Checklist	Verify user can view settlement checklist	1.Login as Student member 2.Navigate to settlement checklist	Student account	Checklist is displayed correctly	As expected	FR-UM-06	Pass	Figure 65
TC063	Progress Checklist	Verify different user can view settlement checklist	1.Login as Student/Family member 2.Navigate to settlement checklist	Student/ Family member account	Checklist is displayed correctly	As expected	FR-UM-06	Pass	Figure 66

Evidence

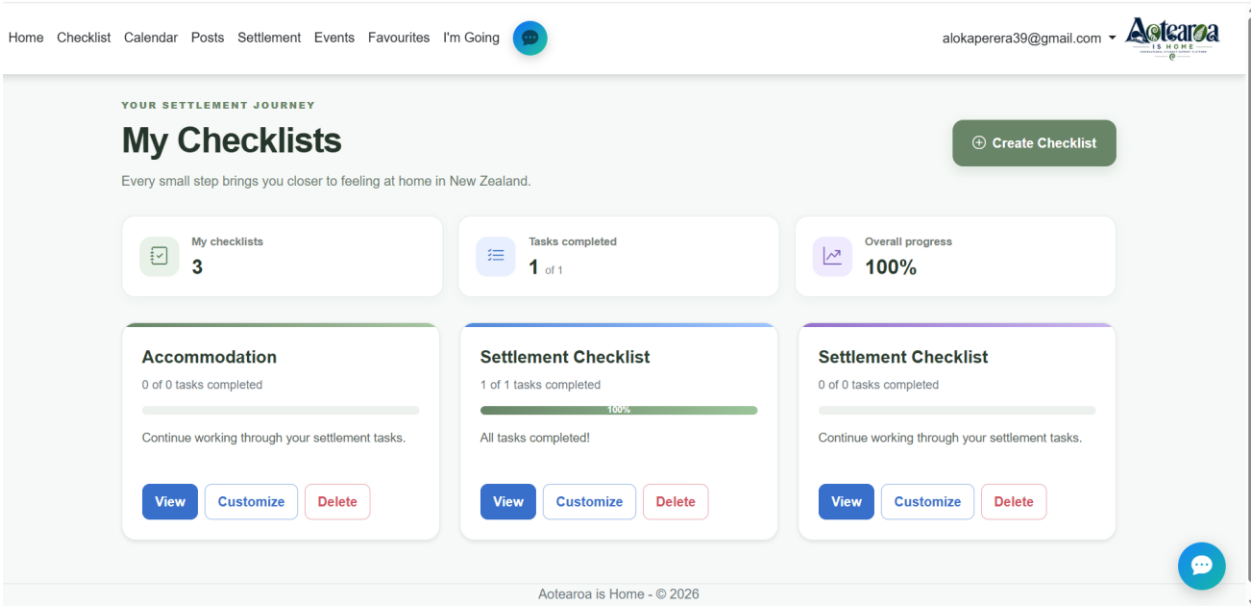

Figure 65: Student can view settlement checklist.

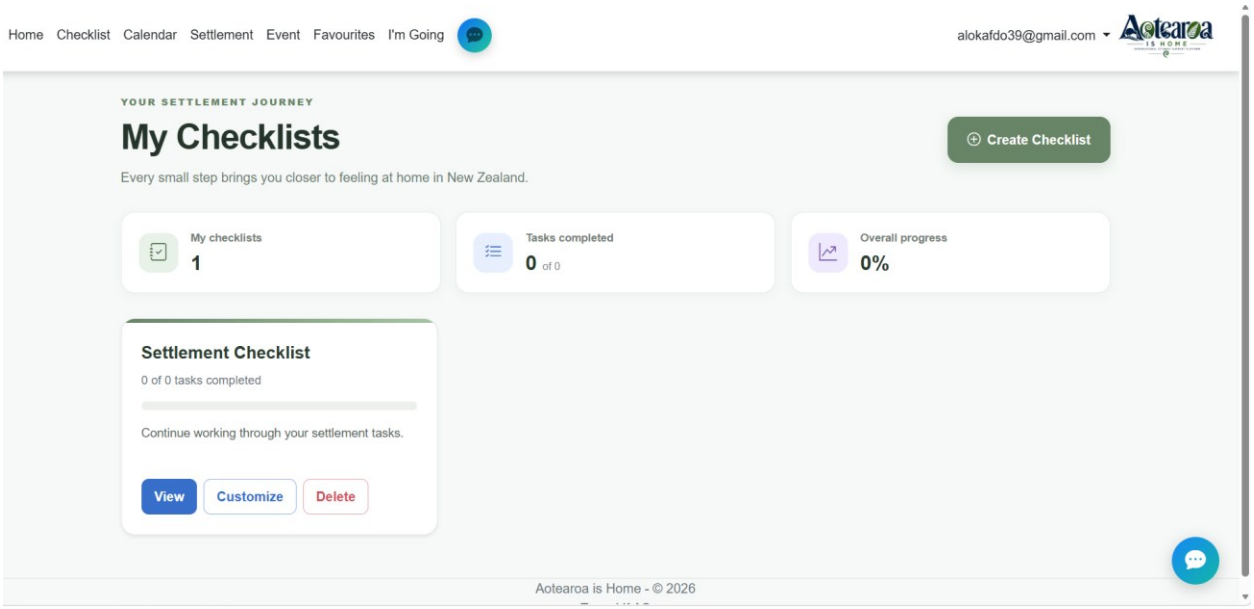

Figure 66: Family member can view settlement checklist.

Test Cases for Test Condition 24 (Update Settlement Progress Checklist)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC064	Progress Checklist	Ensure checklist can be updated	1.Navigate to checklist 2.Mark an incomplete item as completed 3.Save	Create a bank acc	Checklist updated correctly	As expected	FR-UM-07	Pass	Figure 67
TC065	Progress Checklist	Verify updated checklist remains after login again	1.Update checklist 2.Logout 3.Login again 4.Open checklist	Checklist	Updated checklist remains same after re-login	As expected	FR-UM-07	Pass	Figure 68
TC066	Progress Checklist	Ensure every user has their own checklist	1.Login as user 1 2.Update checklist 3.Login as user 2 4.view checklist	Another student acc, Checklist	Each user sees their own saved progress.	As expected	FR-UM-07	Pass	Figure 69

Evidence

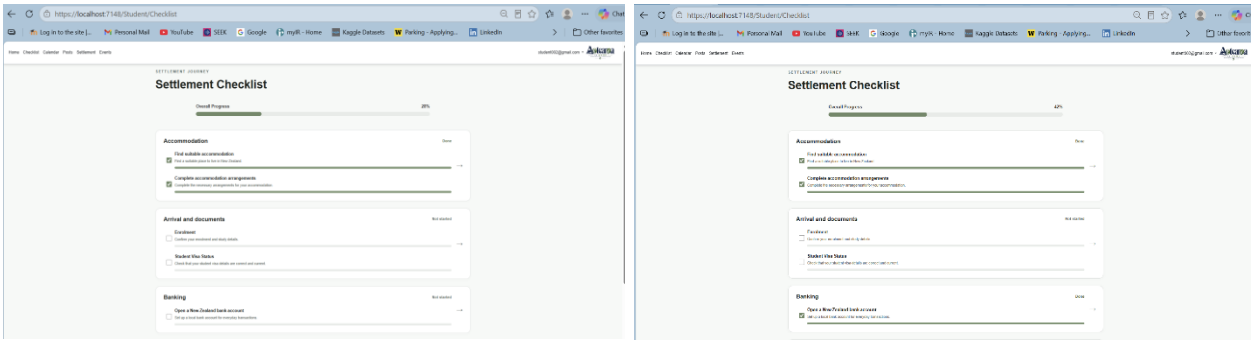

Figure 67: Comparison of Settlement Checklist Progress Before and After Completing a Checklist Item

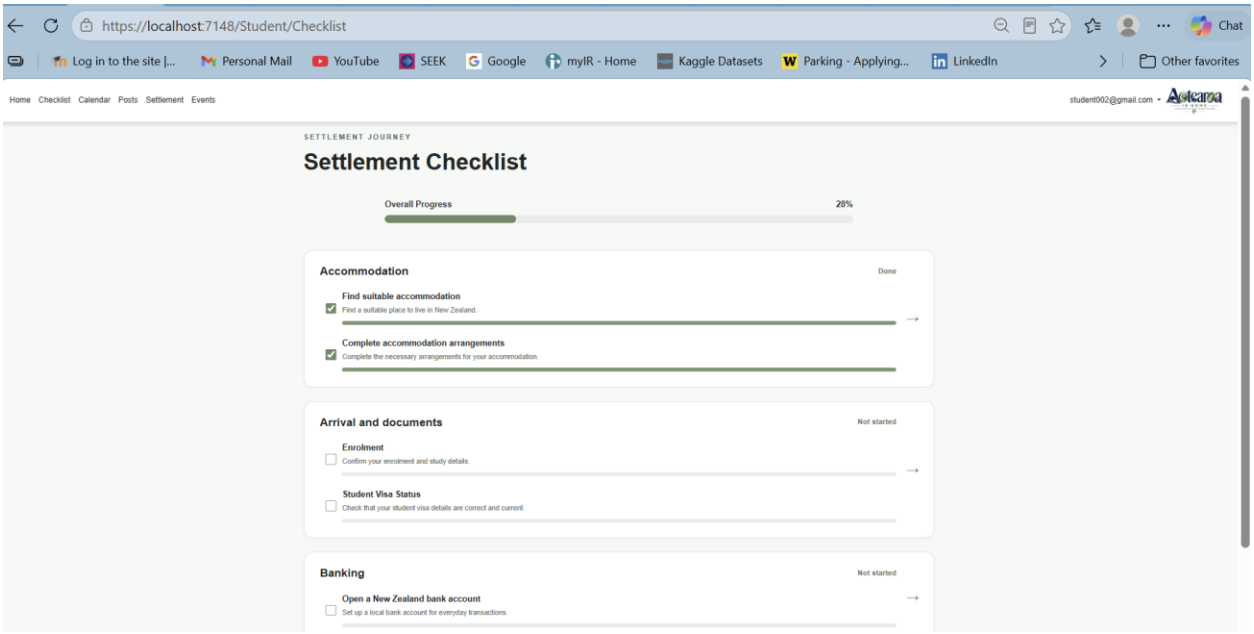

Figure 68: Verification of Settlement Checklist Progress Persistence After Logout and Login

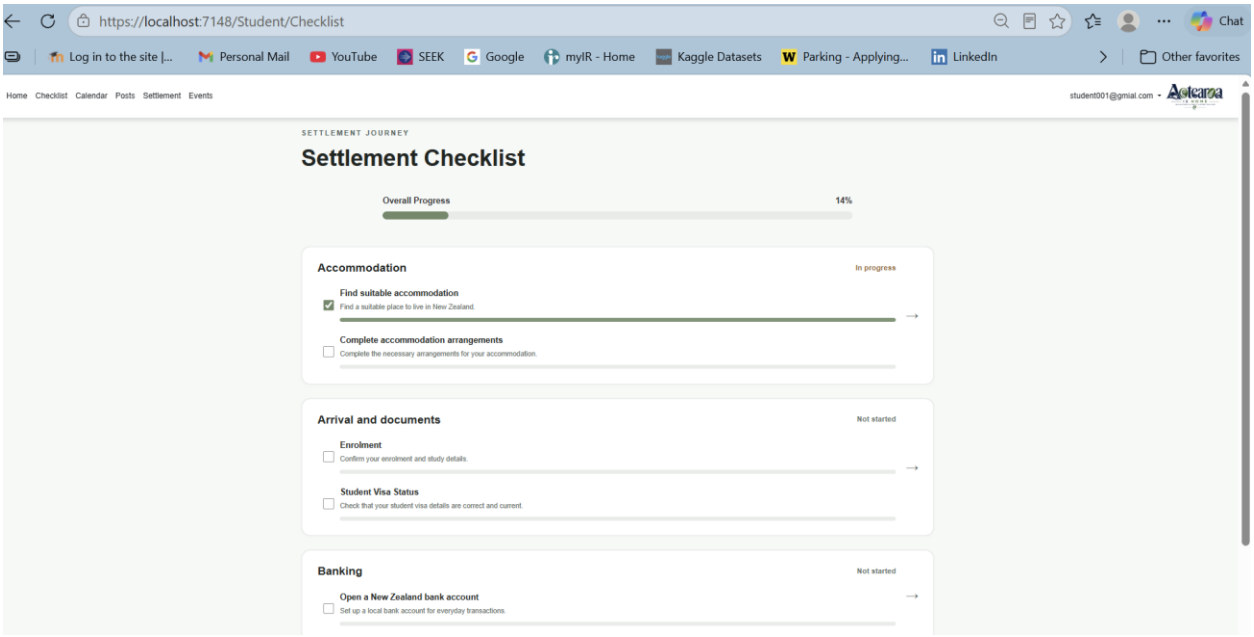

Figure 69: Verifying different users have their own checklist

Test Cases for Test Condition 25 (Manage user accounts)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC067	User Management	Verify user search supports full names and partial, case-insensitive input.	1. Open Users. 2. Search using a full name. 3. Repeat using partial text in uppercase and lowercase.	Search box - Tay, au	Matching users are displayed correctly.	As expected	FR-UM-08	Pass	Figure 70
TC068	User Management	Filter users by category.	1. Open Users. 2. Select Students. 3. Click Search.	Category: Students	Only student accounts appear.	As expected	FR-UM-08	Pass	Figure 71
TC069	View User Details	Verify admin can view user details.	1. Open Users. 2. Click View for a user. 3. Check the details.	Existing user account	Selected user details are displayed correctly.	As expected	FR-UM-08	Pass	Figure 72
TC070	Edit User Account	Verify admin can edit user details.	1. Open Users. 2. Click Edit. 3. Change contact number. 4. Click Save Changes.	Updated contact number	Changes are saved and displayed in the user list.	Contact number updated successfully. Back to Users button did not work.	FR-UM-08	Partially Pass	Figure 73
TC071	Delete User Account	Verify admin can delete a user account.	1. Open Users. 2. Click Delete for a test account. 3. Confirm deletion. 4. Check the user list.	Test user account	User account is deleted and removed from the list.	As expected	FR-UM-08	Pass	Figure 74

Evidence

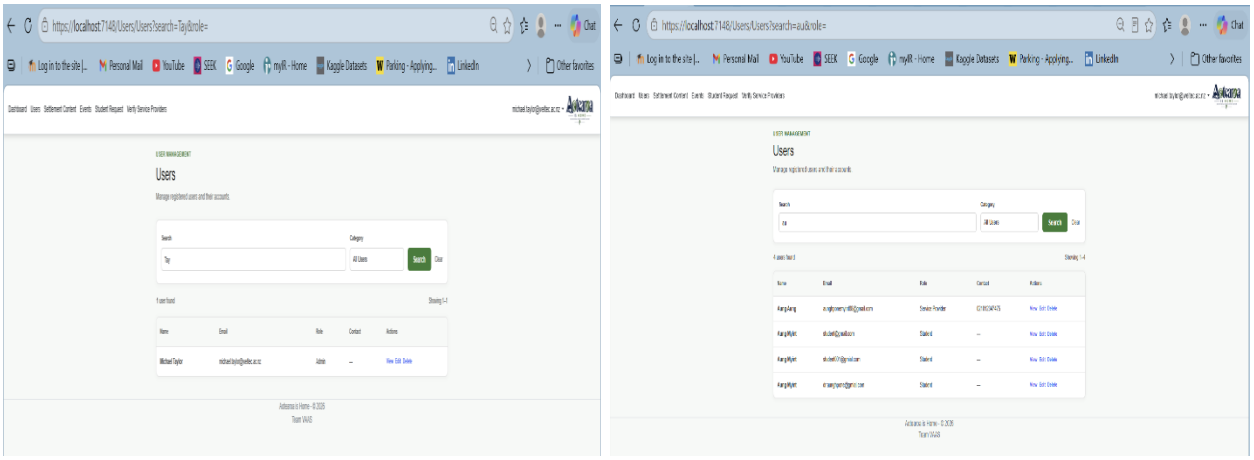

Figure 70. User Search Functionality Using Full and Partial Names with Case-Insensitive Matching

Test Cases for Test Condition 26 (User profile)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC072	User Profile	Verify users can view and update profile information.	1. Log in. 2. Open Profile. 3. Edit information. 4. Save changes.	Updated contact number	Updated profile information is saved.	As expected.	FR-UM-09	Pass	Figure 75, 76
TC073	User Profile	Verify updated profile is retained after re-login	1. Update profile. 2. Logout. 3. Login again. 4. Open Profile.	Updated profile	Updated profile information remains correctly saved.	As expected.	FR-UM-09	Pass	Figure 77

Evidence

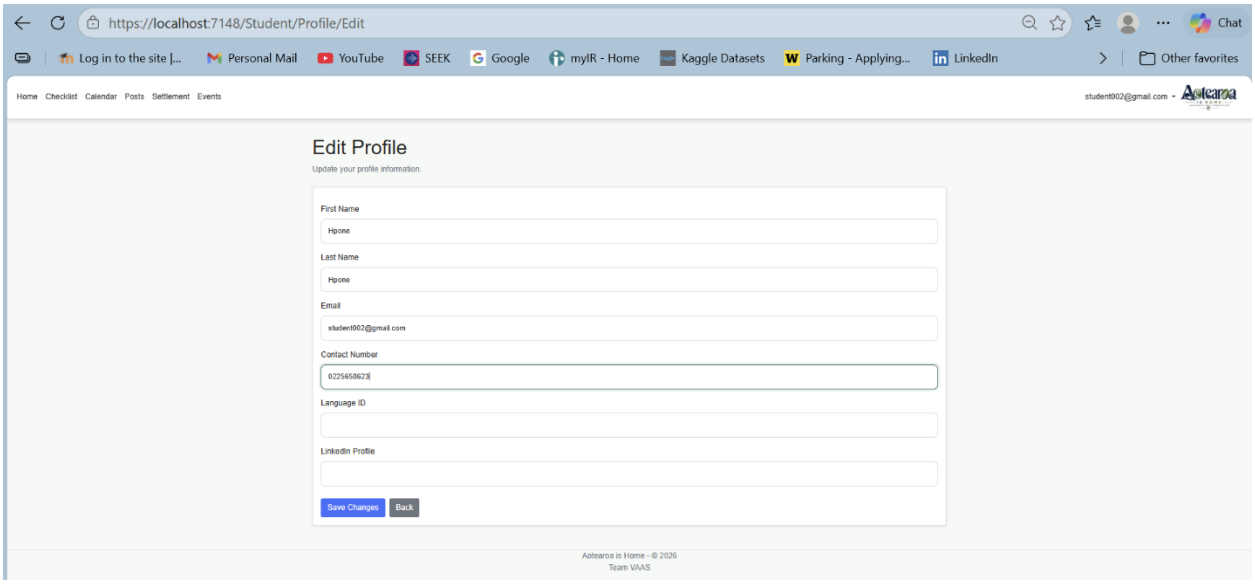

Figure 75: User Profile Information Update Verification (Before)

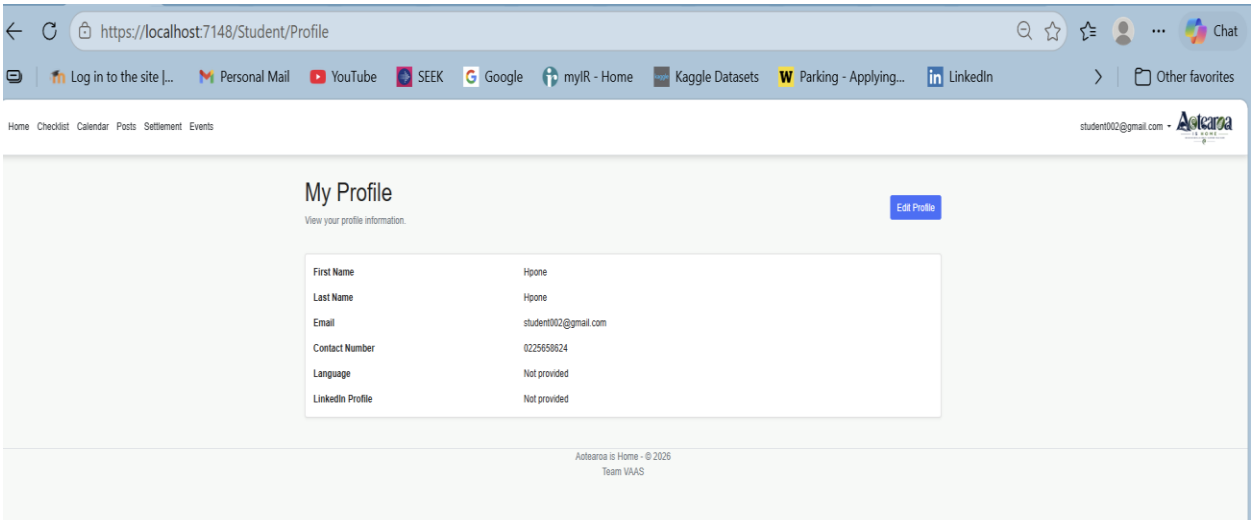

Figure 76. User Profile Information Update Verification (After)

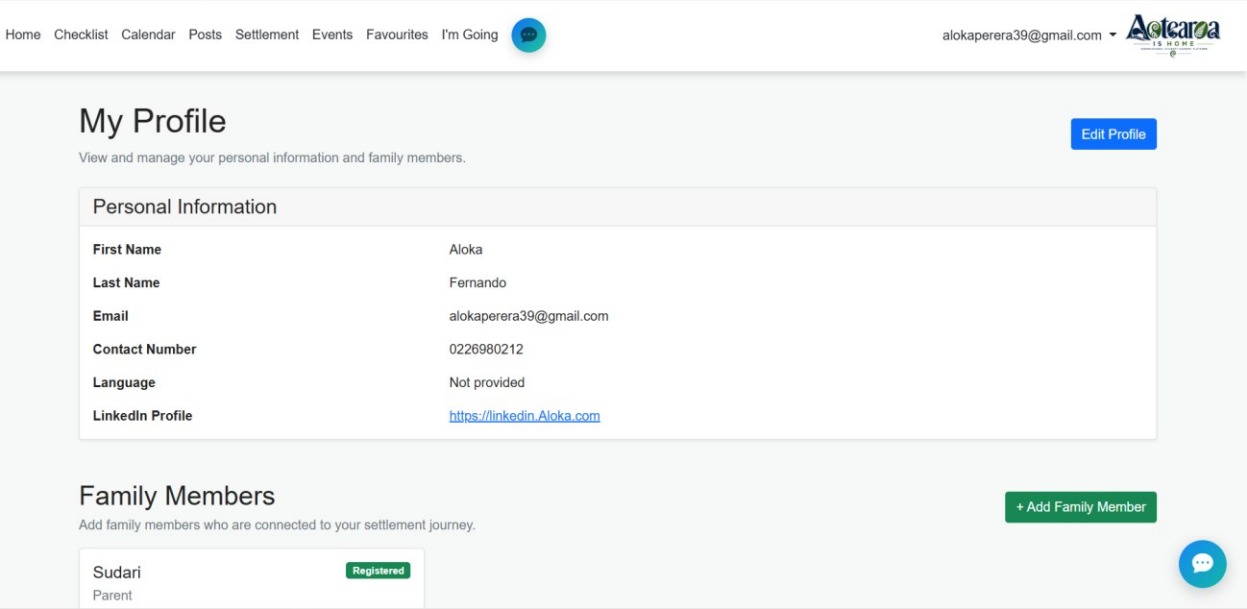

Figure 77: Updated User Profile Information retained after re-login.

Test Cases for Test Condition 27 (Verify service providers)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC074	Verify Service Provider	Verify admin can approve a service provider.	1. Log in as Admin. 2. Open Verify Service Providers. 3. Select a provider. 4. Click Verify.	Registered service provider account	Service provider is verified successfully.	Pending providers are displayed, but approval does not work.	FR-UM-10	Fail	
TC075	Verify Service Provider	Verify non-admin cannot verify service providers	1. Login as student 2. Attempt to access provider verification.	Student acc	Access is denied and verification functionality is unavailable.	As expected	FR-UM-10	Pass	Figure 78
TC076	Verify Service Provider	Verify provider status is retained	1.Login as Admin 2.verify service provider. 3. Logout. 4. Login again. 5. Review provider.	Verified provider	Service provider remains marked as verified.	As expected	FR-UM-10	Pass	Figure 79

Evidence

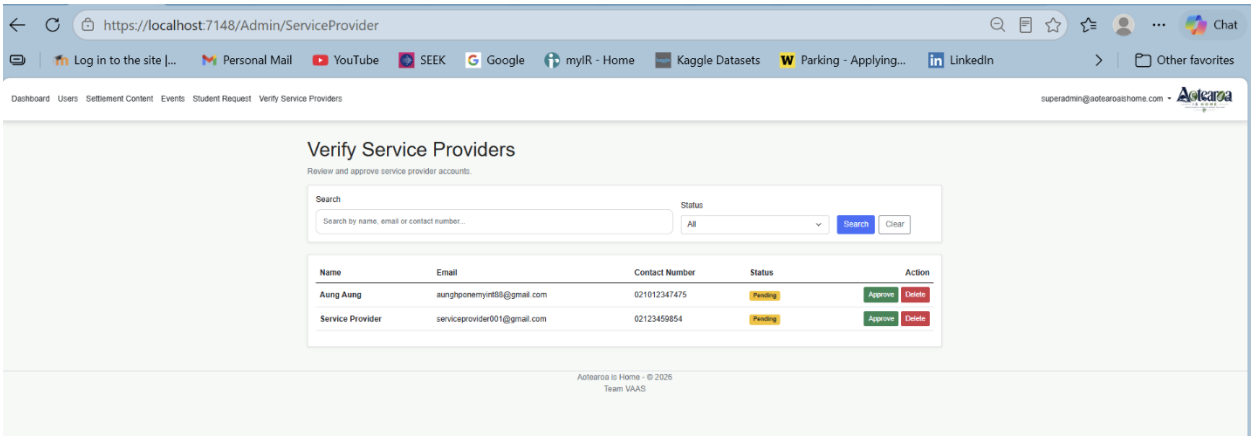

Figure 78. Service Provider Verification Page Showing Pending Accounts

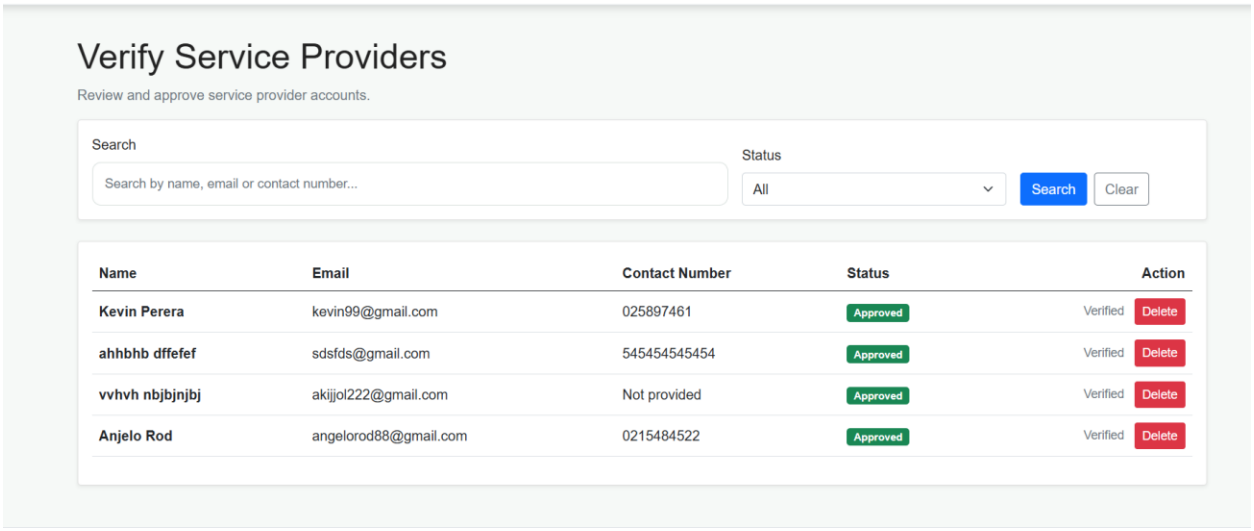

Figure 79. Service provider remains marked as verified after re-login

Test Cases for Test Condition 28 (LinkedIn Profile URL Update Verification)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass/Fail	Evidence
TC077	LinkedIn Profile URL	Verify users can add a LinkedIn profile URL.	1. Open user profile. 2. Enter LinkedIn URL. 3. Save changes. 4. Reopen profile and verify.	https://www.linkedin.com/in/testuser	LinkedIn URL is saved and displayed correctly.	As expected	FR-SM-33	Pass	Figure 80, 81
TC078	LinkedIn Profile URL	Verify user can update LinkedIn URL	1. Open Profile. 2. Replace existing LinkedIn URL. 3. Save.	New LinkedIn URL	LinkedIn URL is successfully updated.	As expected	FR-SM-33	Pass	Figure 82 + Video file

Evidence

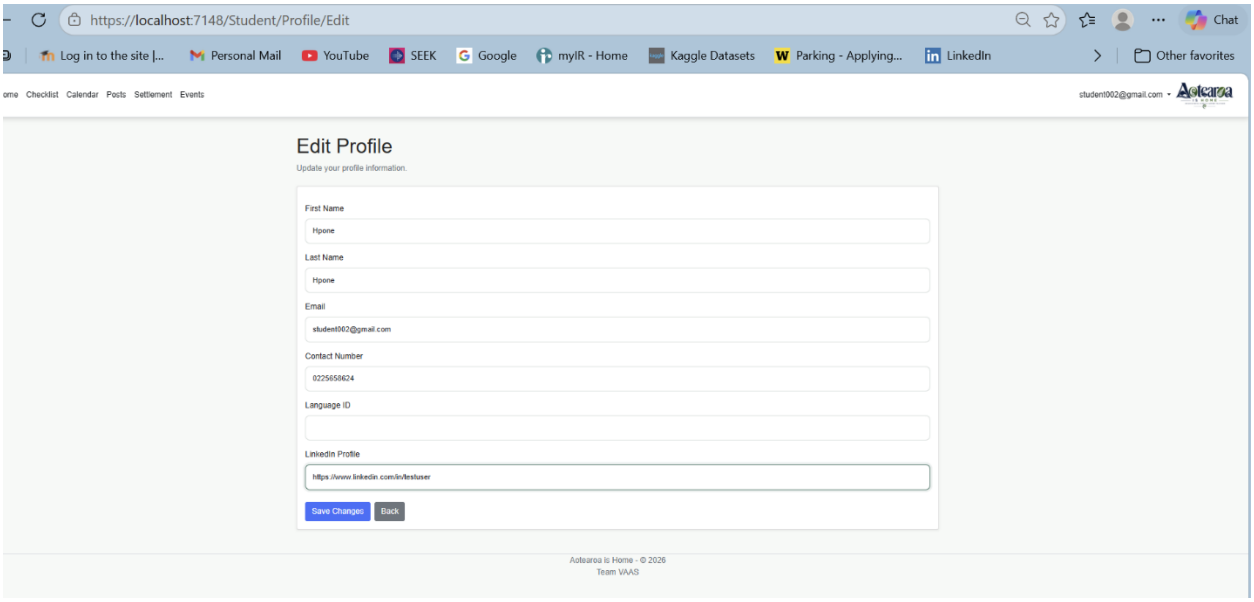

Figure 80. LinkedIn Profile URL Update Verification (Before)

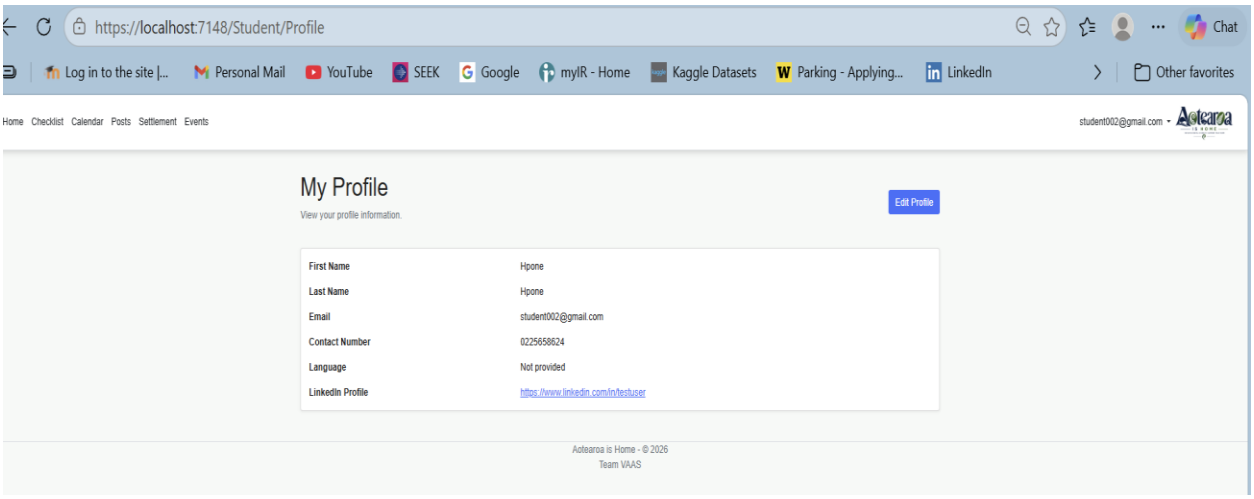

Figure 81. LinkedIn Profile URL Update Verification (After)

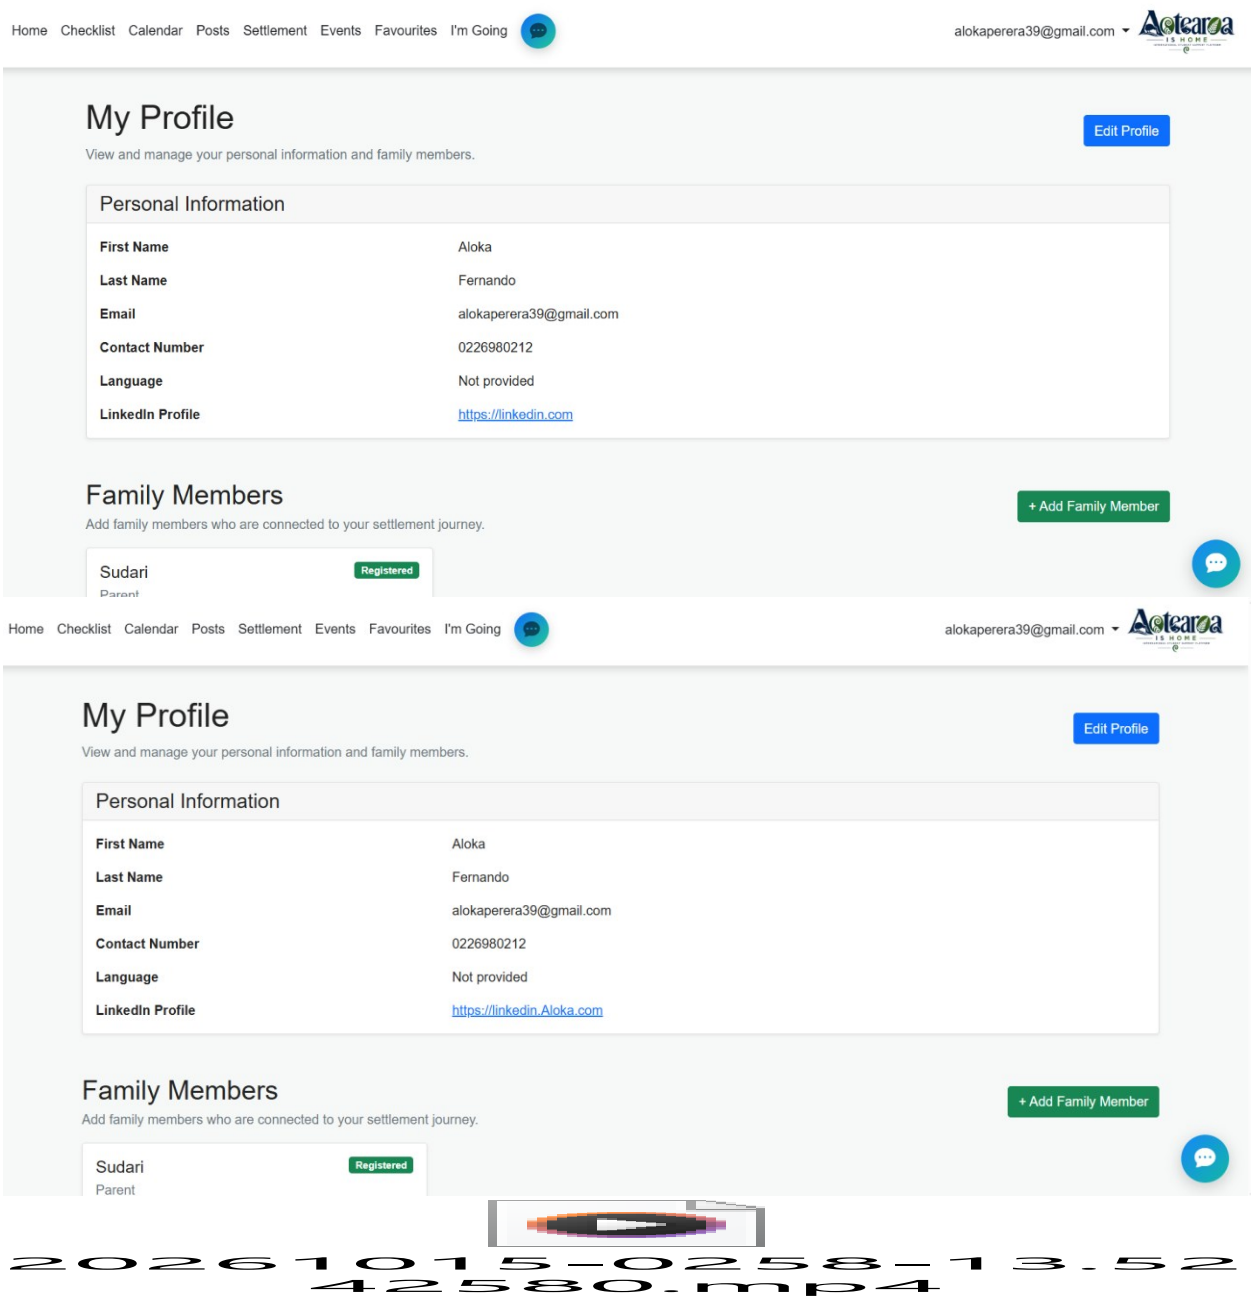

Figure 82. Successfully Updated LinkedIn profile URL change to a new URL

Test Cases for Test Condition 29 (Search Information by keyword or category)

Test Case ID	Feature/ Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass /Fail	Evidence
TC079	Search by keyword	Ensure that user can search using a keyword	1.Open settlement information 2.Enter keyword 3.Search	Employ	Relevant accommodation information is displayed.	As expected	FR-SA-27	Pass	Figure 83
TC080	Search by keyword	Verify user can search using a category	1.Open settlement information 2.Enter category 3. Search	Healthcare	Selected category information is displayed.	As expected	FR-SA-27	Pass	Figure 84
TC081	Search by keyword	Search with invalid keyword or category	1.Open settlement information 2.Enter invalid keyword or category 3. Search	Hvvhbhb2112	System displays an appropriate error message.	As expected	FR-SA-27	Pass	Figure 85
TC082	Search by keyword	Search with Special Characters	1.Open settlement information 2. Enter keyword with special characters 3. Search	Educat!on@££$	System displays an appropriate error message.	As expected	FR-SA-27	Pass	Figure 86

Evidence

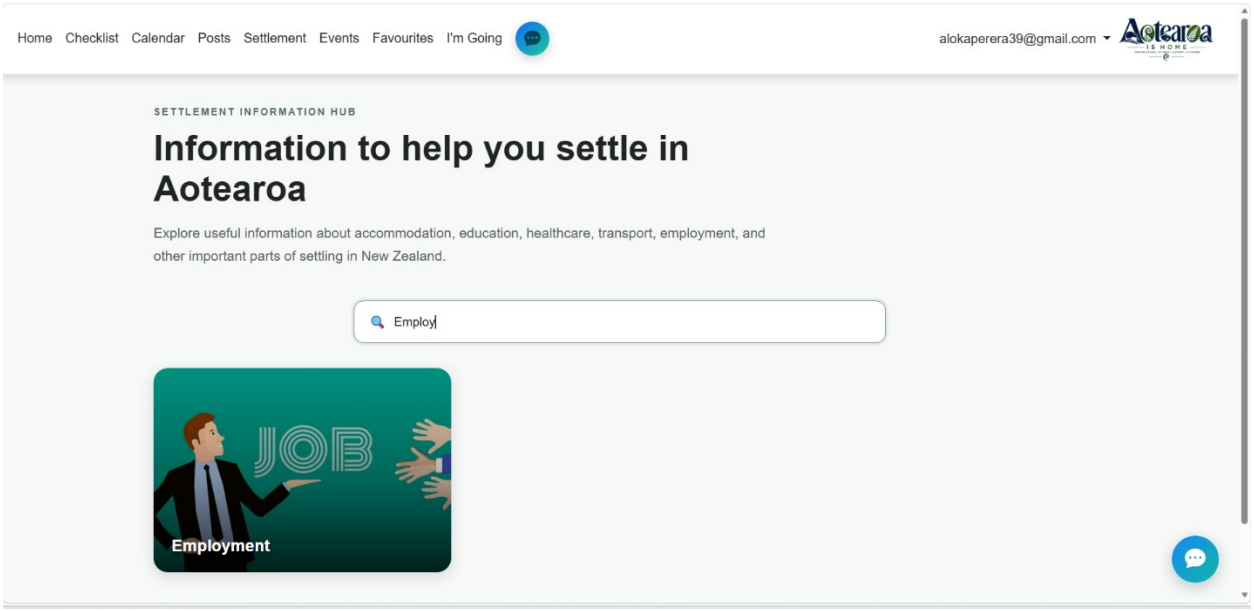

Figure 83. Search settlement information using a keyword

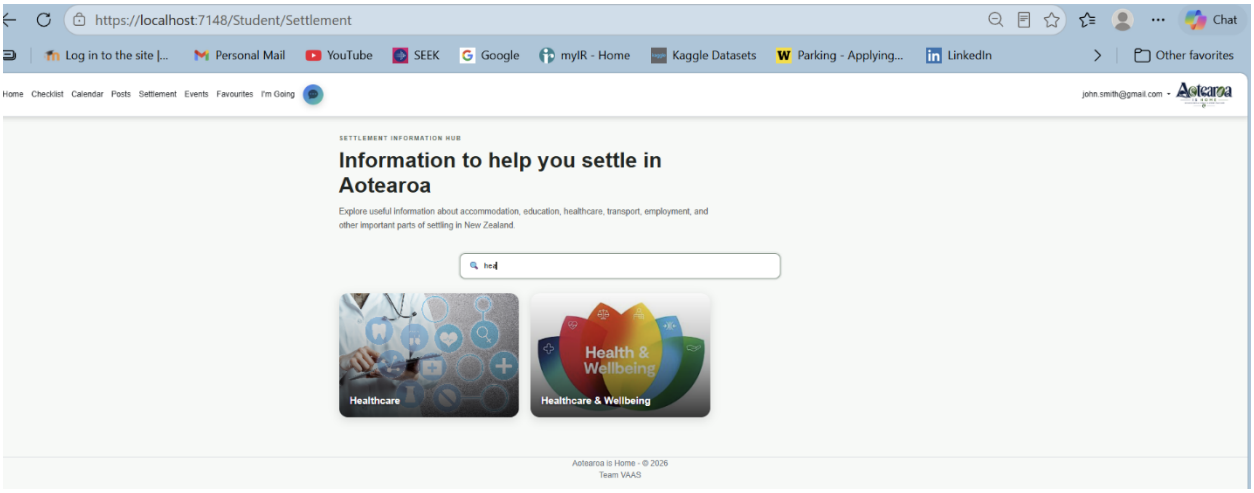

Figure 84. Search settlement information using a keyword

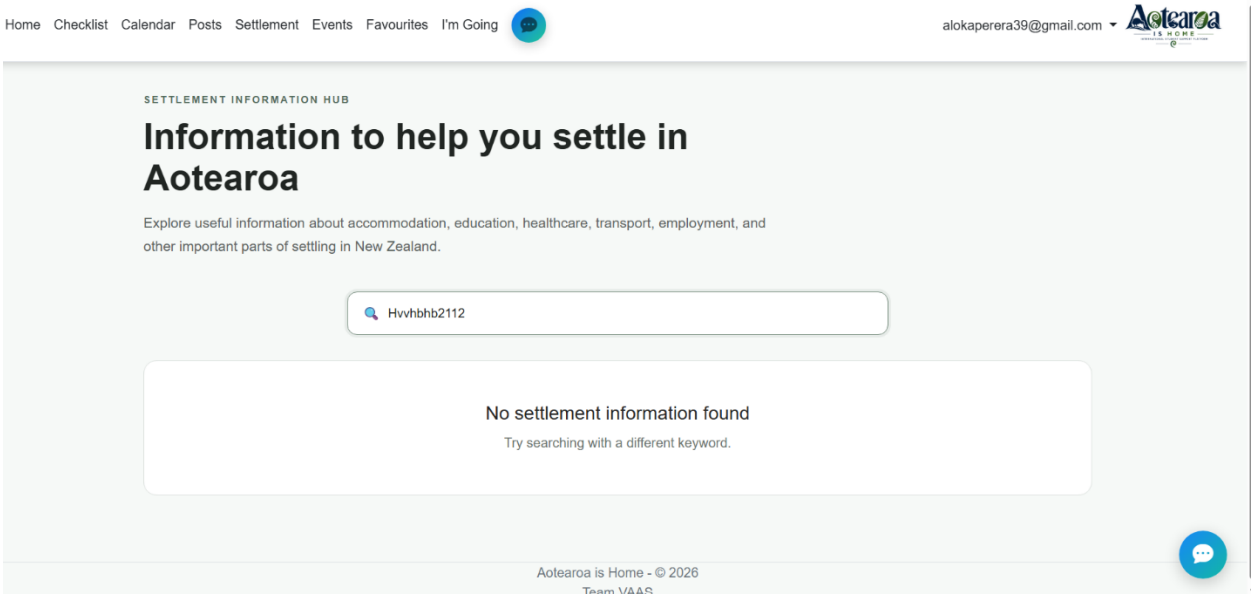

Figure 85. Search settlement information using invalid keyword

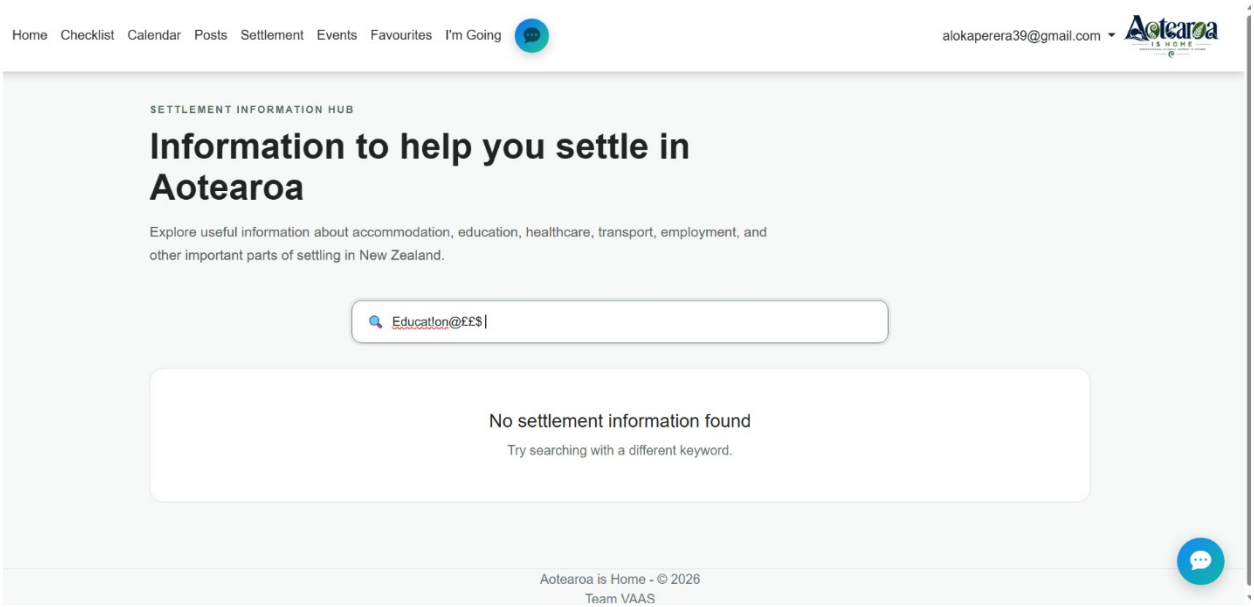

Figure 86. Search settlement information with special characters

Test Cases for Test Condition 30 (FAQ Chatbot)

Test Case ID	Feature/ Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass /Fail	Evidence
TC083	FAQ Chatbot	Ensure user can access Chatbot and it's functioning correctly.	1. Open chatbot. 2. Enter question. 3. Send.	How can I find a job in New Zealand?	Chatbot provides an appropriate answer and function successfully.	As expected	FR-SA-28	Pass	Figure 87, 88
TC084	FAQ Chatbot	Ensure that Chatbot answers different frequently asked questions.	1. Open chatbot. 2. Enter question. 3. Send. 4. Ask another question.	How can I find accommodation in New Zealand? How can I register with a doctor in New Zealand?	Chatbot provides an appropriate answer for the different questions.	As expected	FR-SA-28	Pass	Figure 89, 90
TC085	FAQ Chatbot	Verify chatbot handles unsupported questions.	1. Open chatbot. 2. Enter unsupported question. 3. Send.	Unrelated question	Chatbot gives an appropriate error message.	As expected	FR-SA-28	Pass	Figure 91
TC086	FAQ Chatbot	Verify chatbot handles empty input.	1. Open chatbot. 2. Empty input. 3. Send.	Empty input	Chatbot gives an appropriate error message.	As expected	FR-SA-28	Pass	Figure 92
TC087	FAQ Chatbot	Verify chatbot responds to multiple questions at the same time.	1. Open chatbot. 2. Enter healthcare and Emergency question at the same time 3. Send.	How can I find accommodation in New Zealand? How can I find a job?	The chatbot should provide relevant answer to at least one question	Only give answer for the second question	FR-SA-28	Pass	Figure 93
TC088	FAQ Chatbot	Verify chatbot understands different letter cases.	1.Open Chatbot 2.Ask question in uppercase? 3. Ask question in lowercase?	HOW TO FIND A JOB? / how to find a job?	The chatbot should provide same answer for the questions.	As expected	FR-SA-28	Pass	Figure 94
TC089	FAQ Chatbot	Ensure that chatbot handles special characters correctly.	1. Open chatbot. 2. Enter a question with special characters. 3. Click Send.	How can I find a GP/doctor in NZ?	The chatbot should process the special characters correctly and provide a relevant response without displaying errors.	As expected	FR-SA-28	Pass	Figure 95

Evidence

Test Cases for Test Condition 31 (Event Calendar)

Test Case ID	Feature/ Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass /Fail	Evidence
TC090	Event calendar	Verify user can access event calendar.	1.Login as Student 2.Open calendar	Student acc	Calendar displays successfully.	As expected	FR-EM-30	Pass	Figure 96
TC091	Event calendar	Verify user can view published event information on calendar.	1. Open calendar. 2. Select published event. 3. View details.	Published event	Event details display correctly.	As expected	FR-EM-30	Pass	Figure 97
TC092	Event calendar	Verify users can view events in different months.	1. Open calendar. 2. Select different months		Calendar updates according to the selected month and its events.	As expected	FR-EM-30	Pass	Figure 98
TC093	Event calendar	Verify pending events are not publicly displayed.	1. Submit an event for approval. 2. Open public calendar. 3. Search for the event.	Pending event	Pending event is not displayed on the public calendar.		FR-EM-30	Pass	Figure 99, 100

Evidence

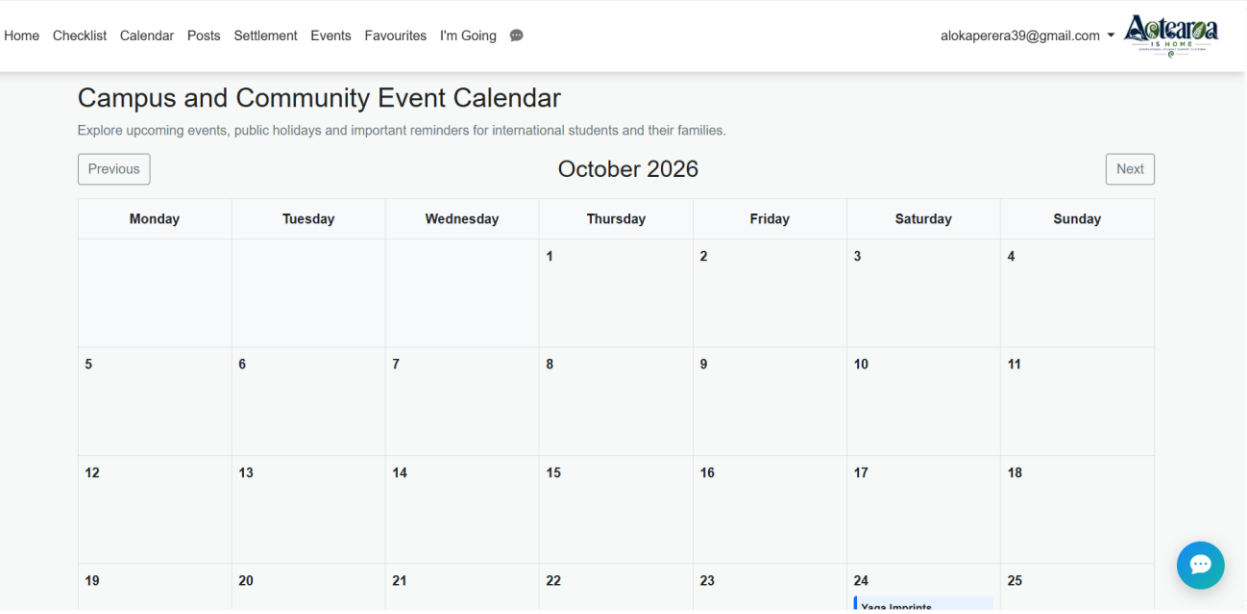

Figure 96.user can successfully access event calendar.

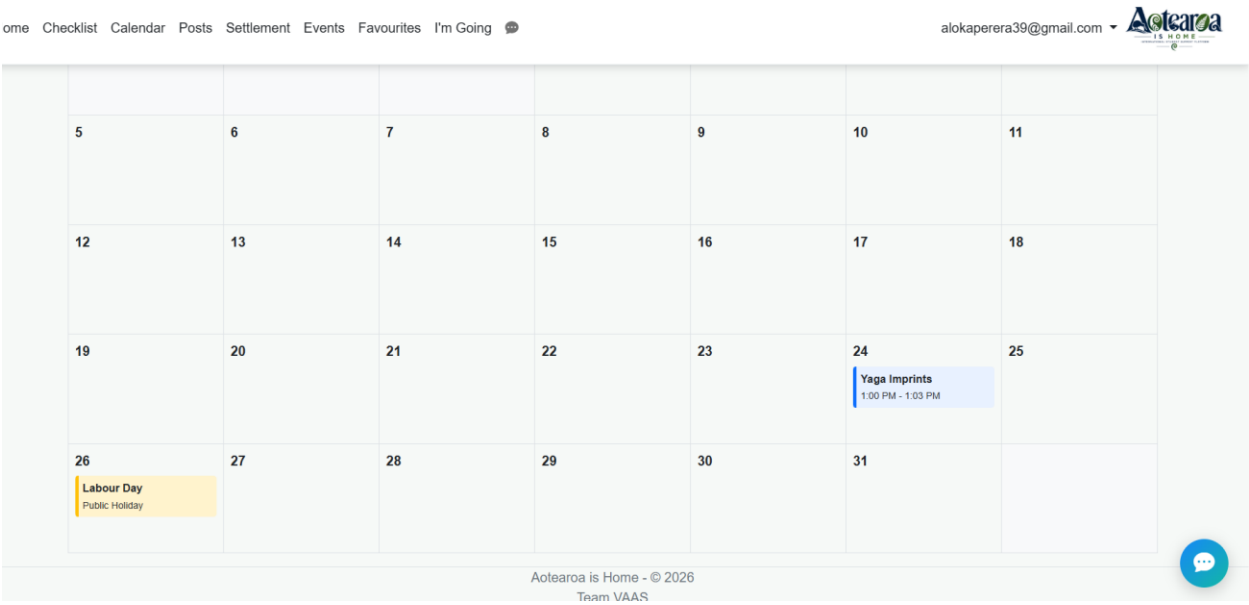

Figure 97.user can successfully view published event information on calendar. (Yaga Imprints)

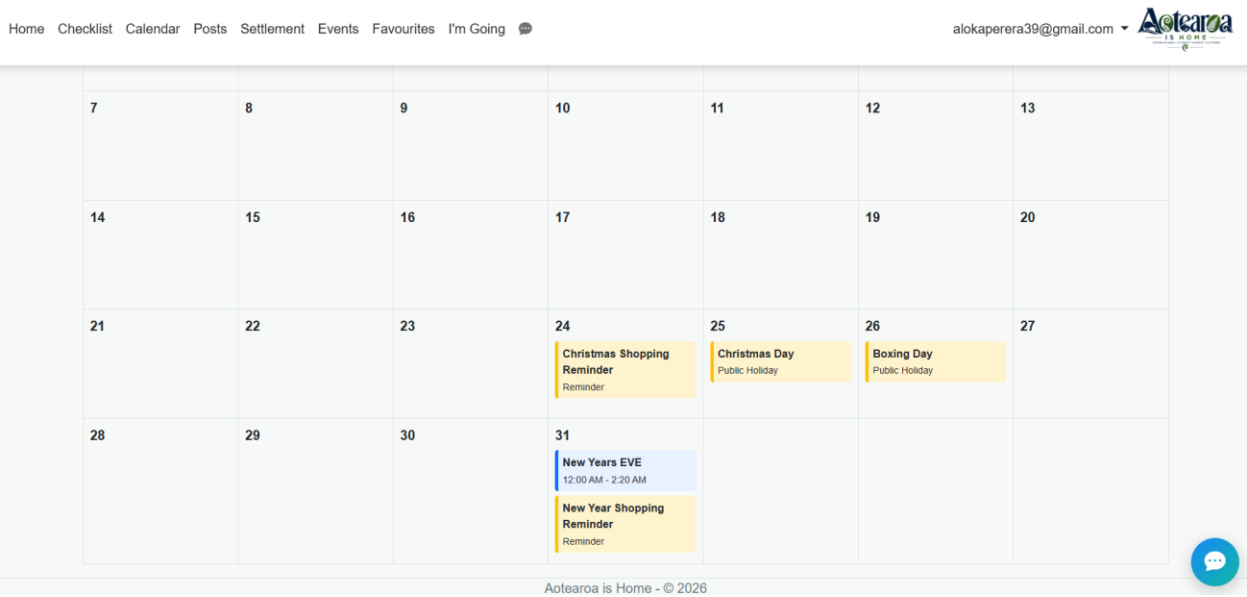

Figure 98.user can successfully view published event information on calendar in different months (New Years EVE)

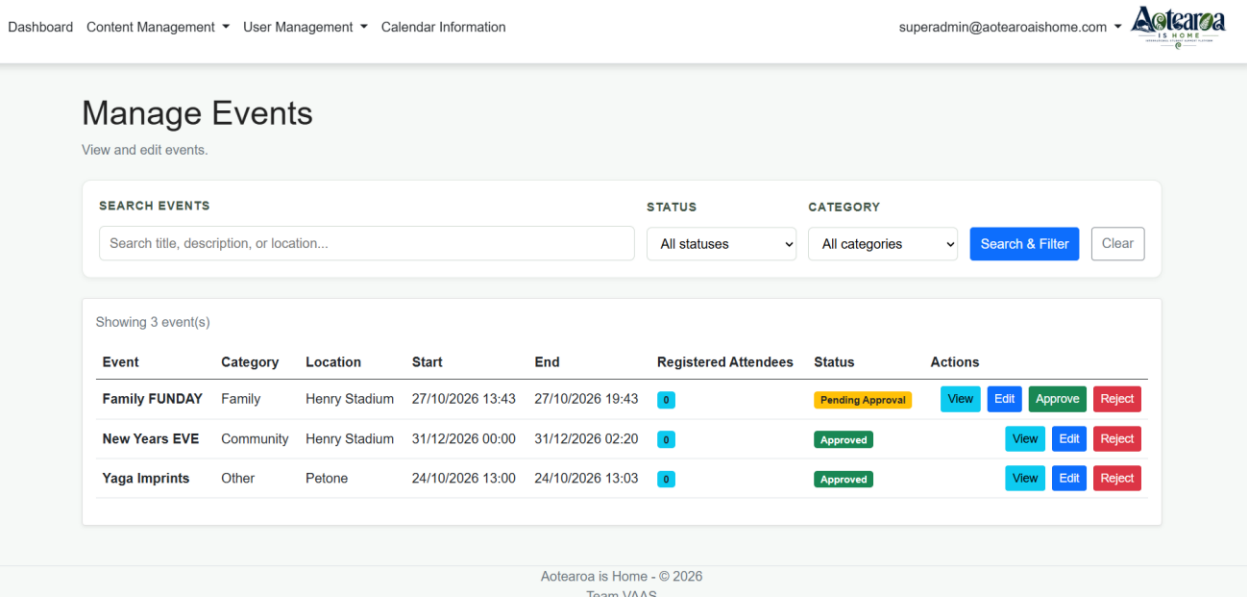

Figure 99. Pending event (Family FUNDAY)

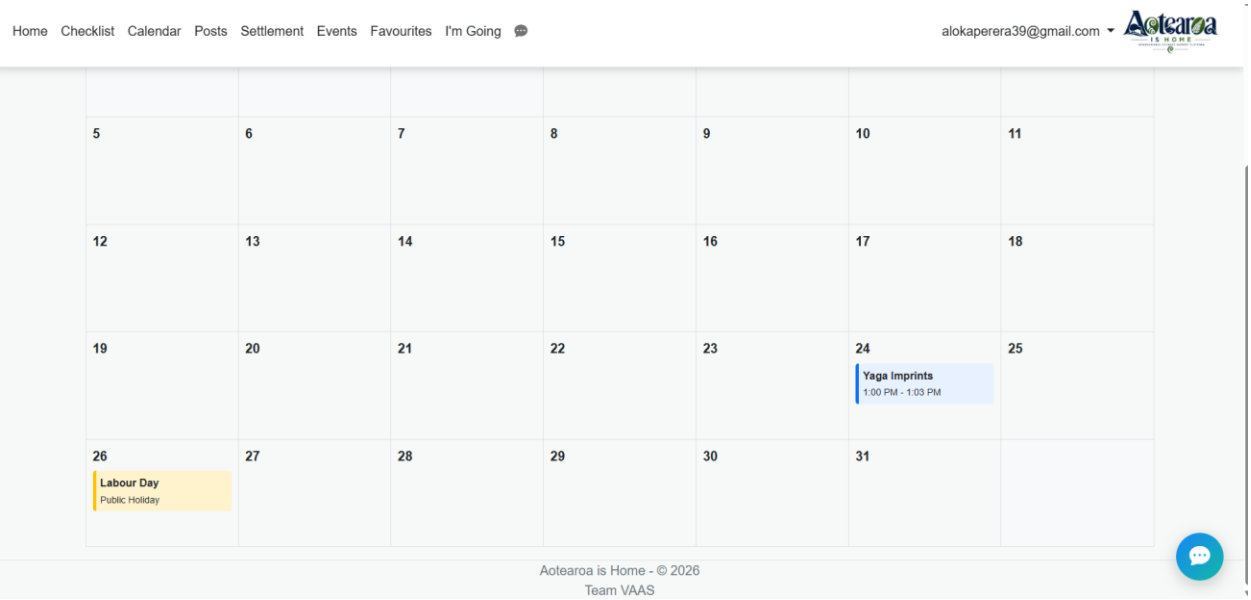

Figure 100. Pending event (Family FUNDAY) is not displayed on calendar.

Test Cases for Test Condition 32 (Confirm Event Attendance)

Test Case ID	Feature/ Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass /Fail	Evidence
TC094	Confirm Event Attendance	Verify user can confirm event attendance.	1.Login as Student 2.Open calendar	Student acc	User should be able to mark their attendance successfully.	As expected	FR-EM-31	Pass	Figure 101
TC095	Confirm Event Attendance	Verify confirmed event attendance is saved correctly.	1.Login as Service provider 2. Select published event. 3. View details.	Published event	Service provider should be able to see confirmed attendees.	As expected	FR-EM-31	Pass	Figure 102
TC096	Confirm Event Attendance	Verify user cannot duplicate attendance.	1. Confirm attendance. 2. Attempt to confirm again.		User cannot confirm attendance two times for the same event.	As expected	FR-EM-31	Pass	Figure 103
TC097	Confirm Event Attendance	Verify restricted users cannot mark their attendance.	1.Login s Service provider 2.attempt to confirm event attendance.	Service provider	Service provider cannot access the confirm button.	As expected	FR-EM-31	Pass	Figure 104
TC098	Confirm Event Attendance	Verify user can register for different events.	1.Login as student 2.confirm event attendance for event A 3. confirm event attendance for event B 4.Check attendance		User should be able to mark attendance for both events.	As expected	FR-EM-31	Pass	Figure 105

Evidence

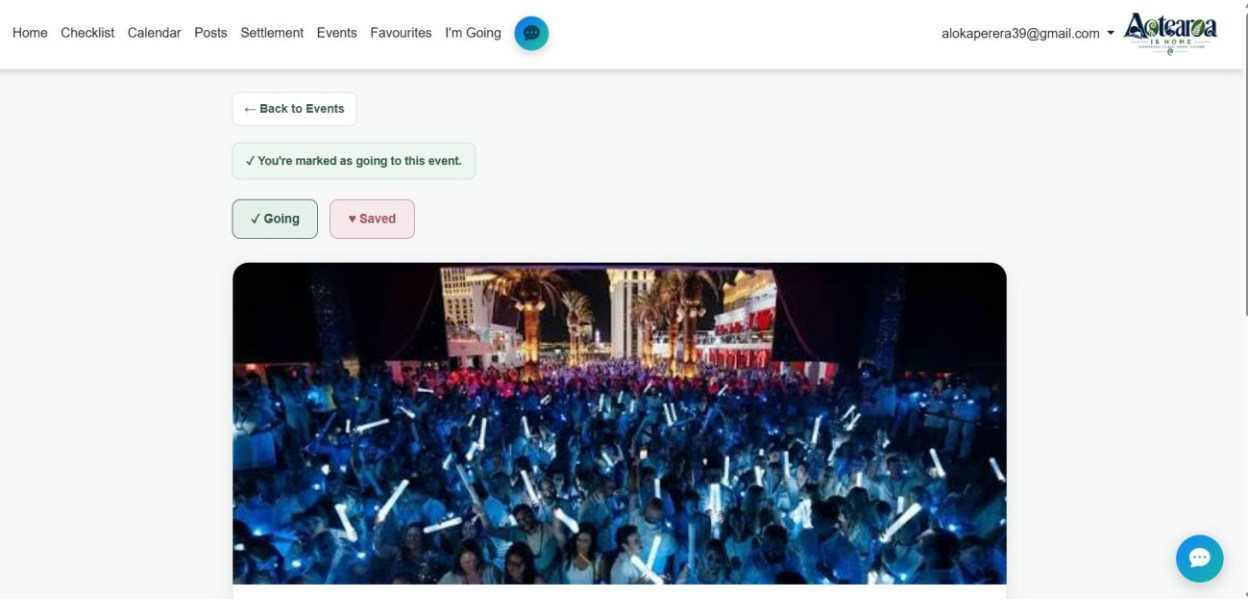

Figure 101. User can successfully confirm their attendance.

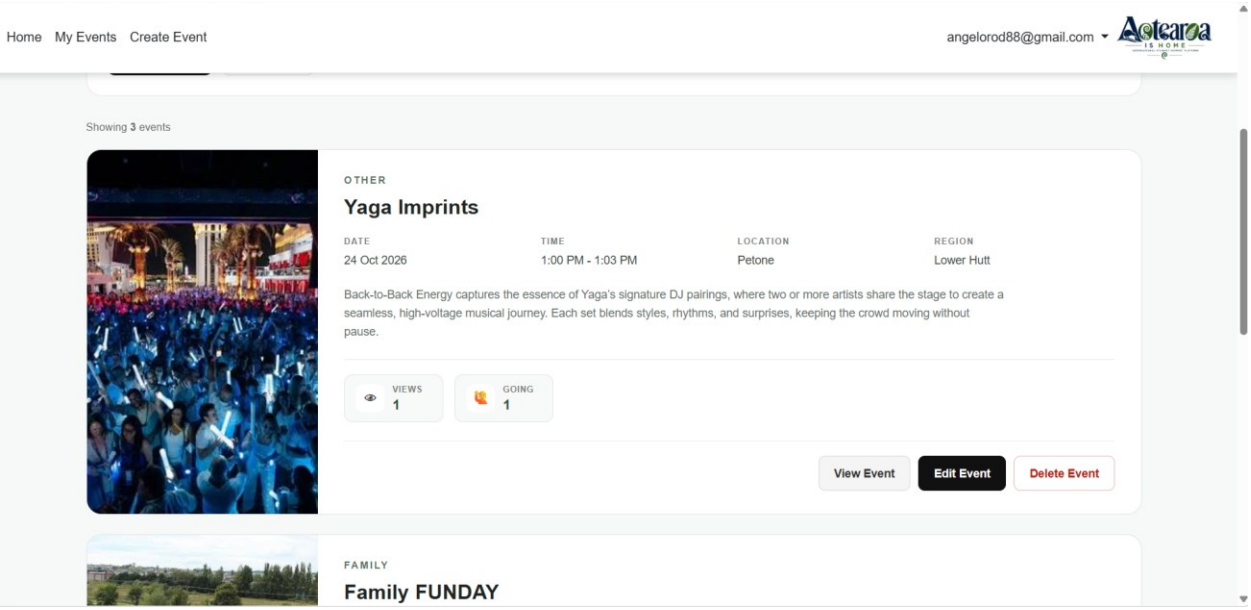

Figure 102. Service provider can successfully see confirmed attendees.

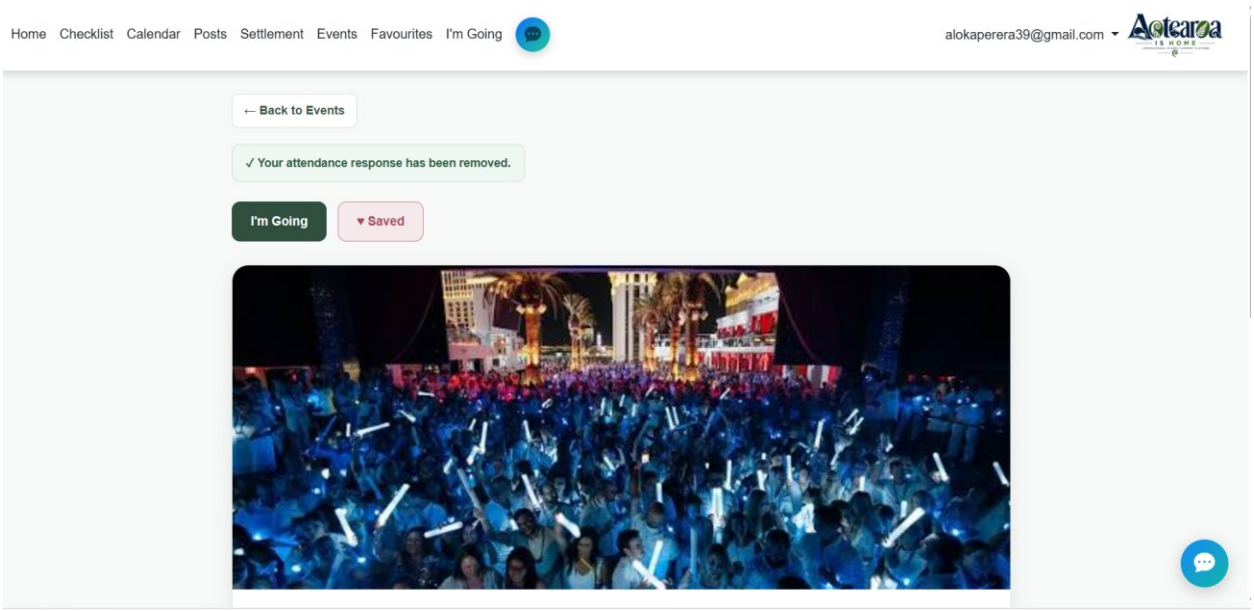

Figure 103. user cannot duplicate attendance.

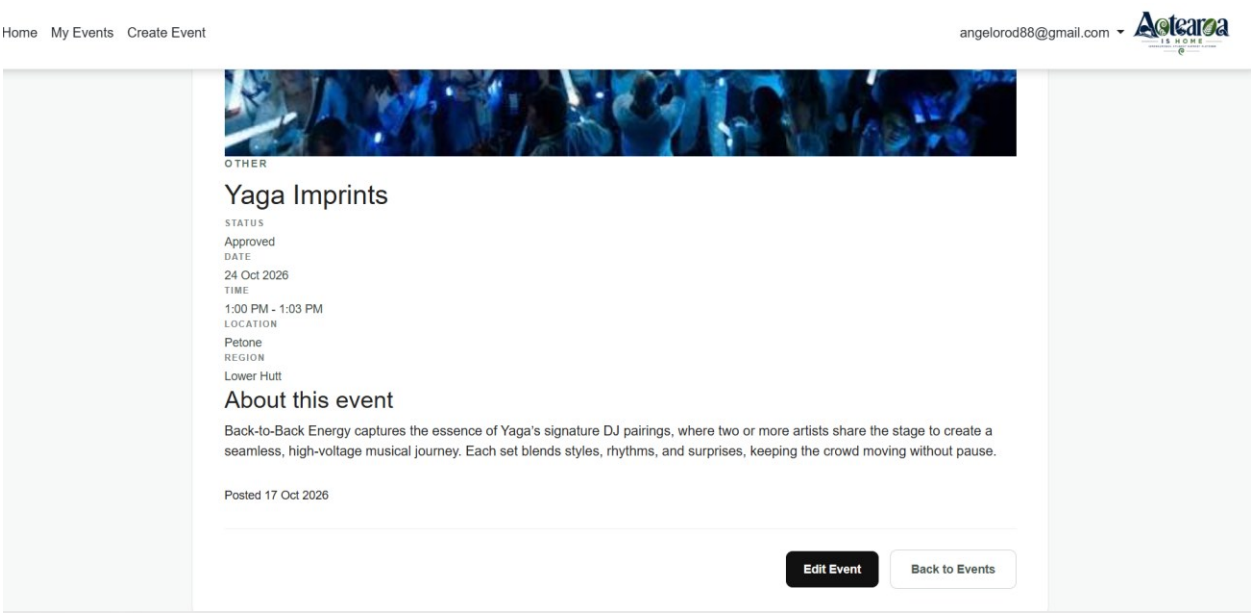

Figure 104. Service provider cannot access the confirm button.

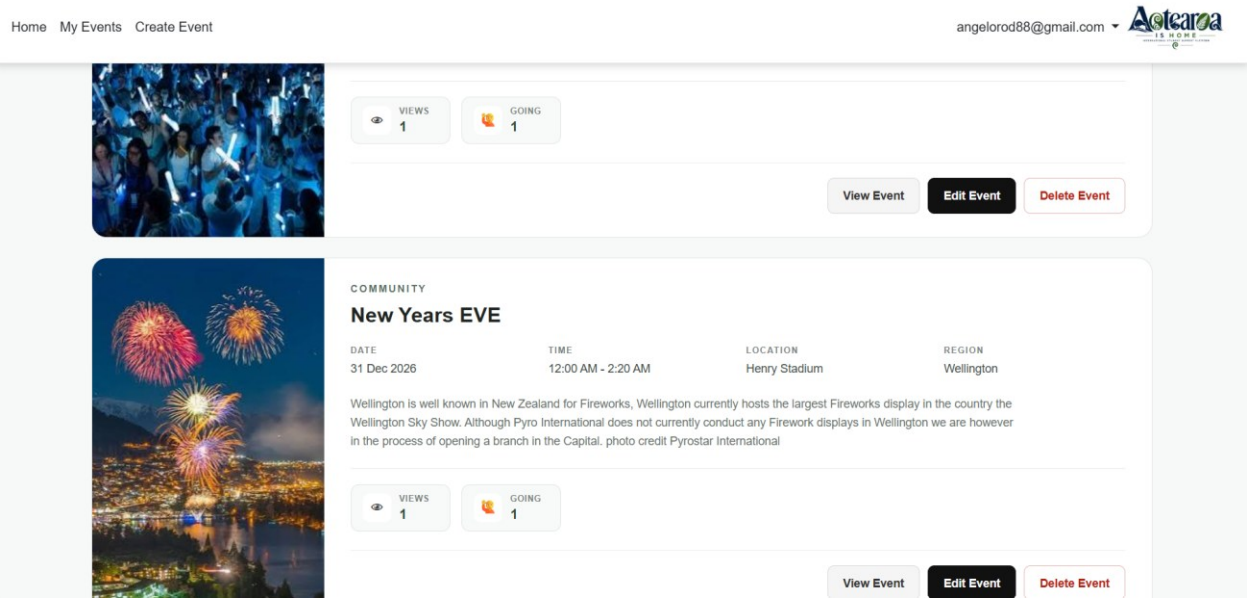

Figure 105. User can register for different events.

Test Cases for Test Condition 33 (View Registered Attendee Count)

Test Case ID	Feature/ Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Requirement ID	Status Pass /Fail	Evidence
TC099	View Registered Attendee Count	Verify Service provider can view attendee count.	1.Login as Admin 2.Open Manage events 3.Select an event	Service provider acc	Correct registered attendee count is displayed.	As expected	FR-EM-32	Pass	Figure 106
TC100	View Registered Attendee Count	Verify Admin can view attendee count.	1.Login as Admin 2.Open Manage events 3.Select an event	Published event	Event details display correctly.	As expected	FR-EM-32	Pass	Figure 107
TC101	View Registered Attendee Count	Verify count updates after new registration.	1. Check attendee count. 2. Register another user. 3. Check event details.	Event	Attendee count displays correctly.	As expected	FR-EM-32	Pass	Figure 108, 109

Evidence

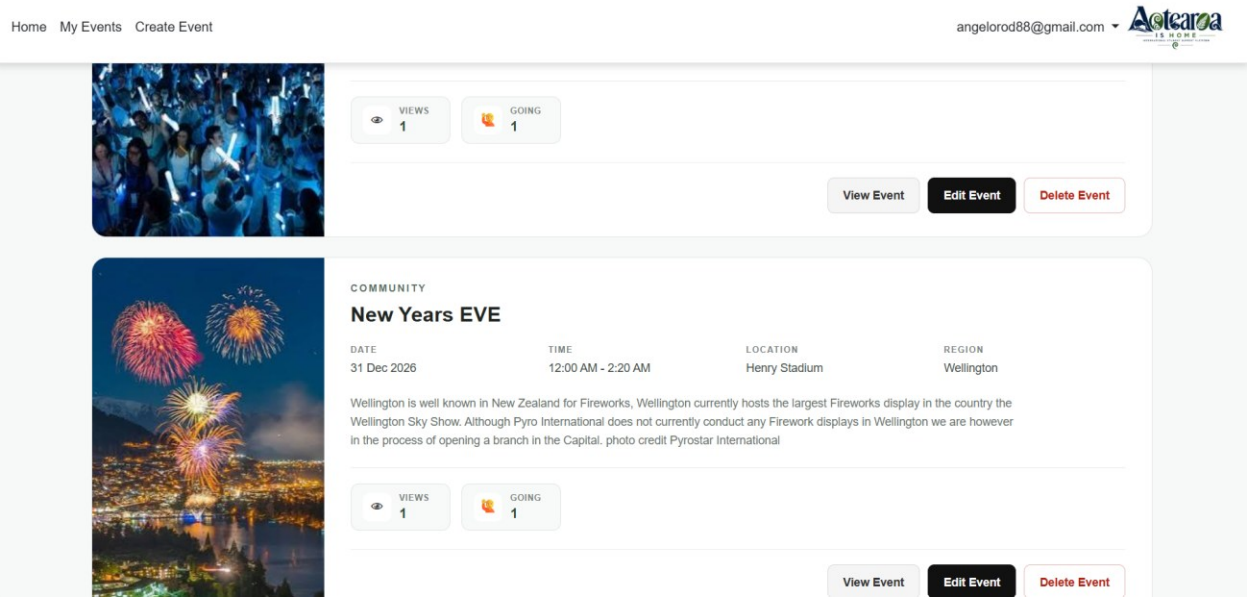

Figure 106. Service provider can view attendee count.

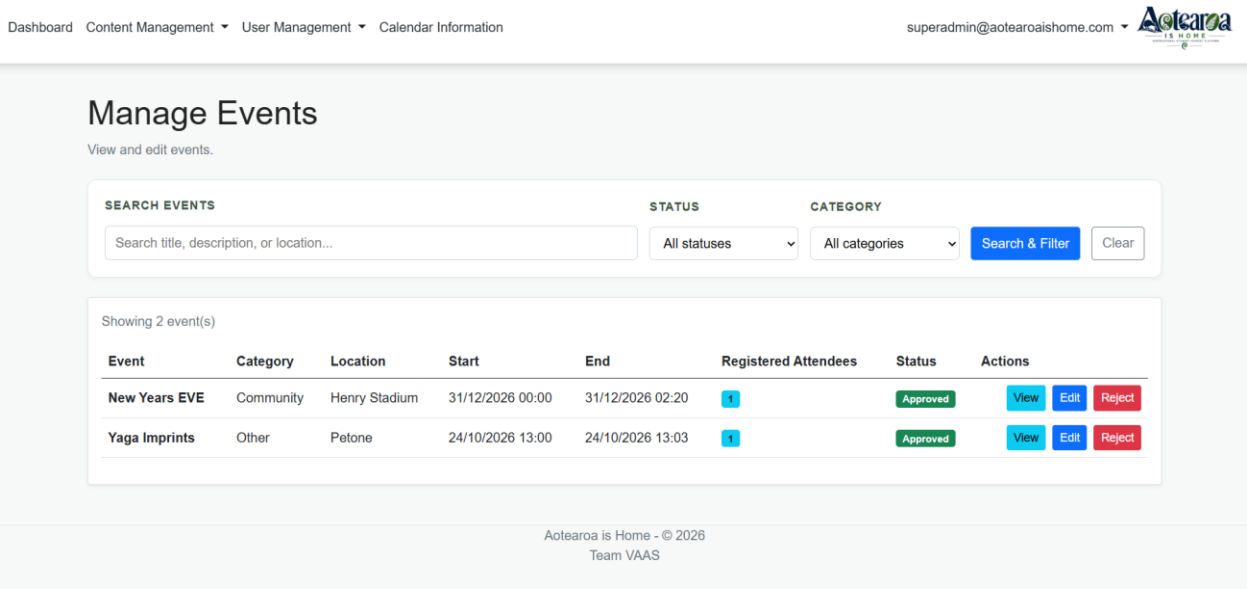

Figure 107. Admin can view attendee count.

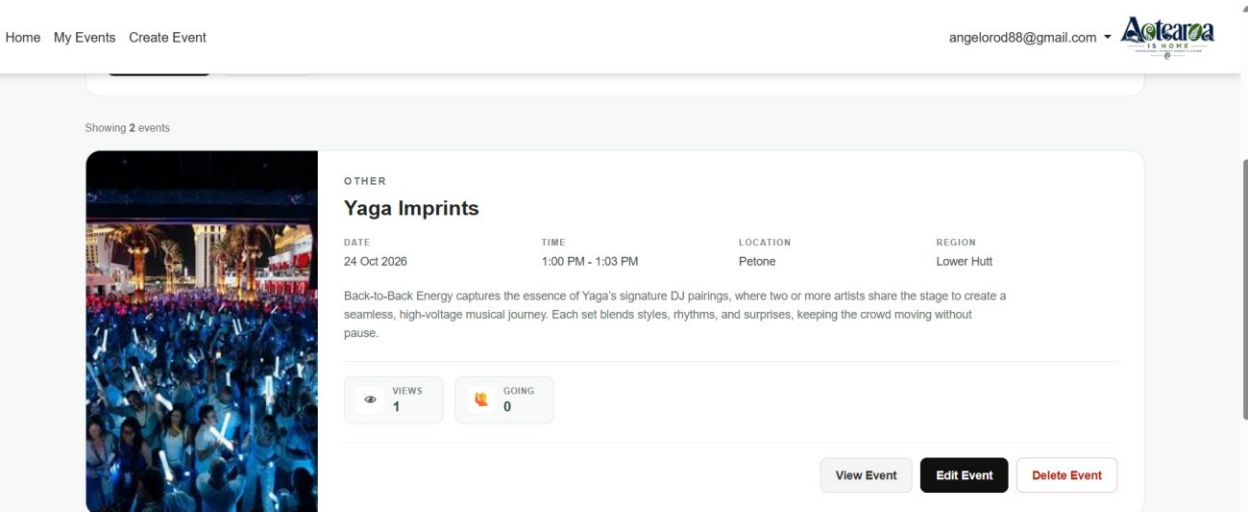

Figure 108. Attendee count updates after new registration. (Before confirm attendance)

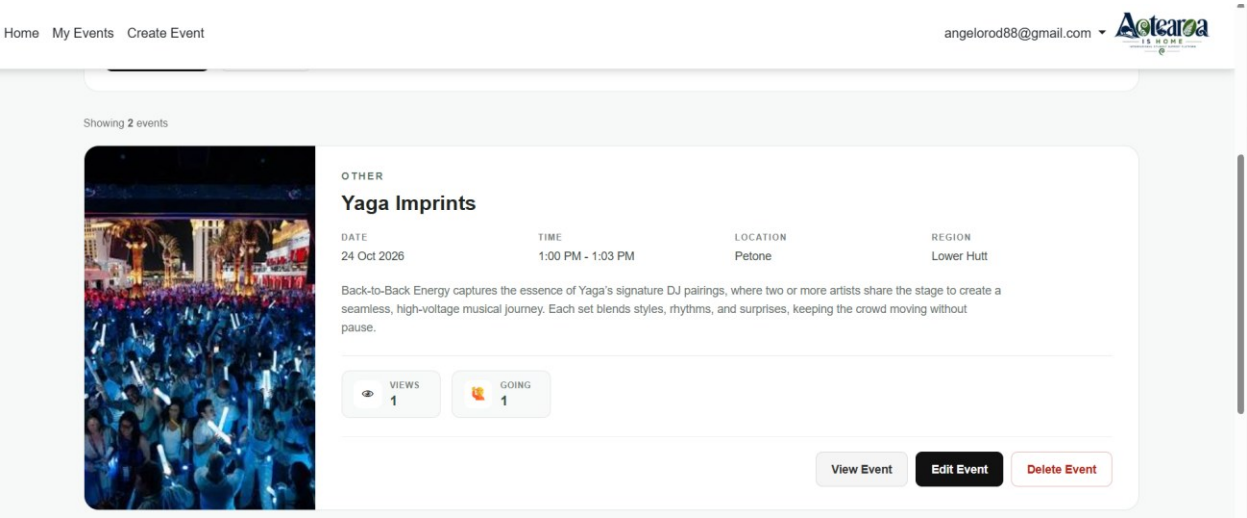

Figure 109. Attendee count updates after new registration. (After confirm attendance)

Additional Features

Test Cases for Test Condition 34 (Home Page – Search and Settlement Information)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Status Pass/Fail	Evidence
TC102	Search and settlement information	Verify search using a valid keyword	1.Open Hone page 2.Enter valid keyword 3.Search	Find Job	Correct information is displayed.	As expected	Pass	Figure 110
TC103	Search and settlement information	Verify search using a valid Category	1.Open Hone page 2.Enter valid category 3.Search	Education	Relevant information is displayed.	As expected	Pass	Figure 111
TC104	Search and settlement information	Verify search using a valid partial category	1.Open Hone page 2.Enter partial category 3.Search	Accomm	Accommodation information is displayed.	As expected	Pass	Figure 112
TC105	Search and settlement information	Verify user can access to those categories	1.Open Hone page 2.Select settlement category 3.Open	Community support	Community support information is displayed.	As expected	Pass	Figure 113-1
TC106	Search and settlement information	Verify search using an invalid keyword	1.Open Hone page 2.Enter invalid keyword 3.Search	Hdvsyfg23265	No result message is displayed.	As expected	Pass	Figure 113-2

Evidence

Test Cases for Test Condition 35 (Registration with Valid Student ID – Email Verification and Login)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Status Pass/Fail	Evidence
TC107	Email Verification and Login	Ensure login with a valid student email	1.Open Login page 2.Enter valid details 3.Login	Valid Student Acc	Successfully registered and Email verification sent.	As expected	Pass	Figure 114
TC108	Email Verification and Login	Ensure email verification is received	1.Register with a valid student email 2.Check registered email inbox	Valid Student email	Received an email verification from Application.	As expected	Pass	Figure 115
TC109	Email Verification and Login	Verify login before email verification	1.Register 2.Try to login before verification	Unverified student acc	Email verification message is displayed.	As expected	Pass	Figure 116
TC110	Email Verification and Login	Ensure the verification is successful	1.Open verification email 2.Verify	Confirmation email	Email is verified successfully.	As expected	Pass	Figure 117
TC111	Email Verification and Login	Verify login after email verification	1.Verify email 2.Enter valid details 3.Login	Verified email and password	Student can login successfully.	As expected	Pass	Figure 118

Evidence

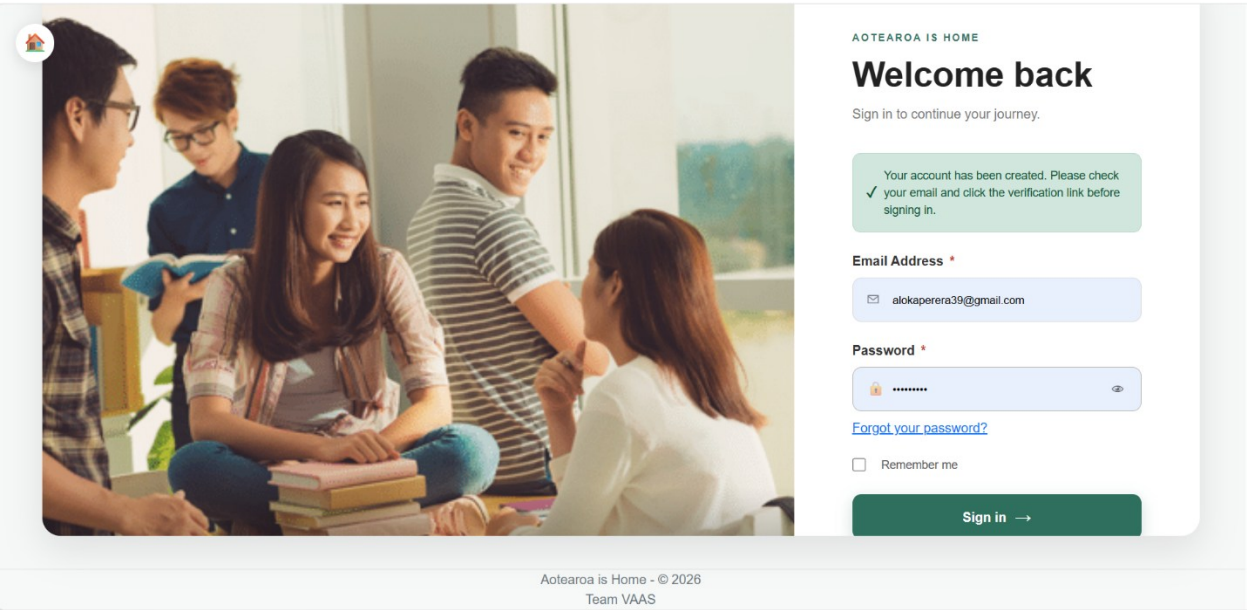

Figure 114. Login with a valid student email

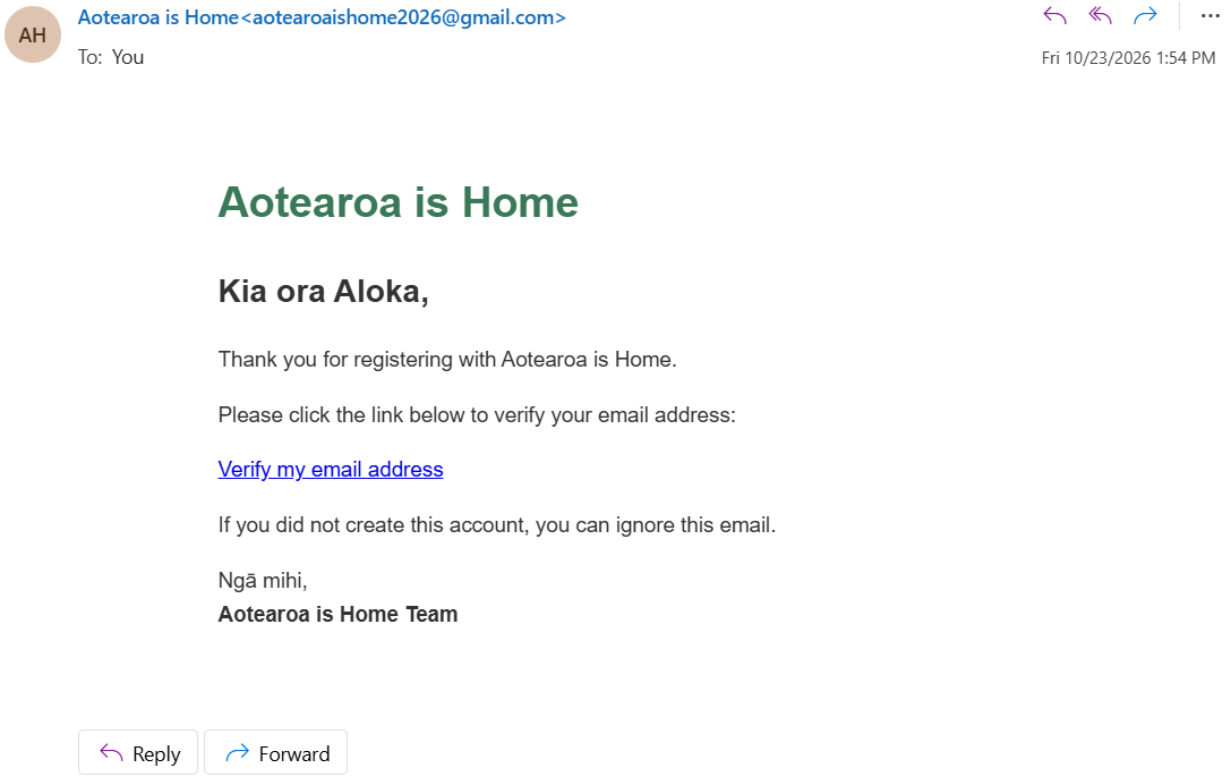

Figure 115. Ensure email verification is received

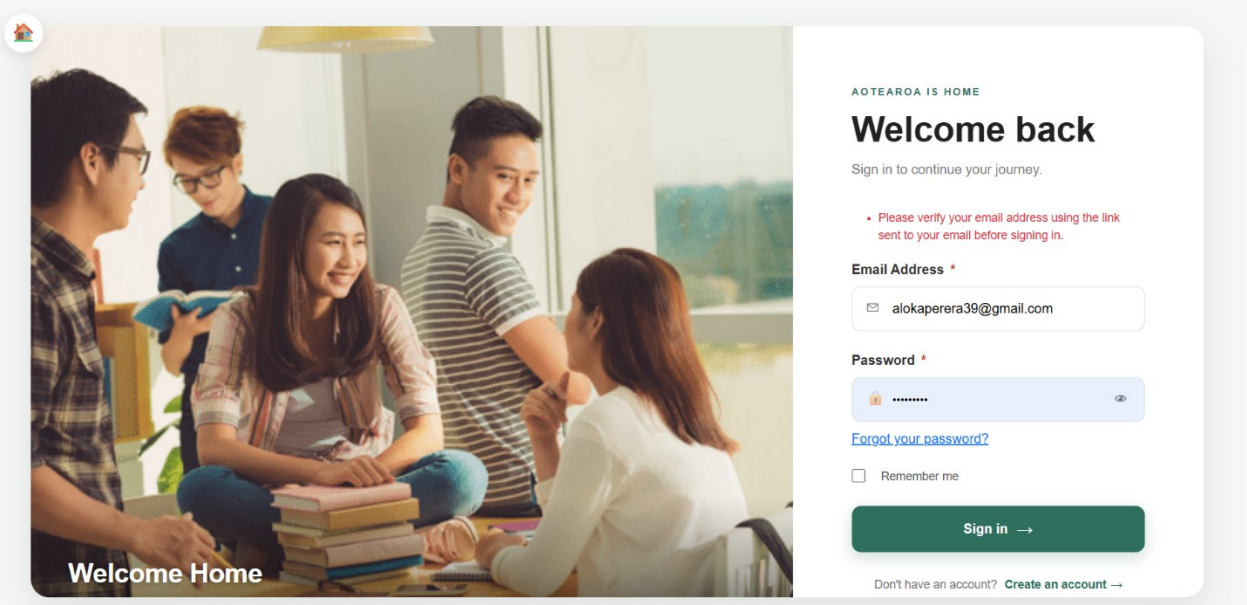

Figure 116. Verify login before email verification

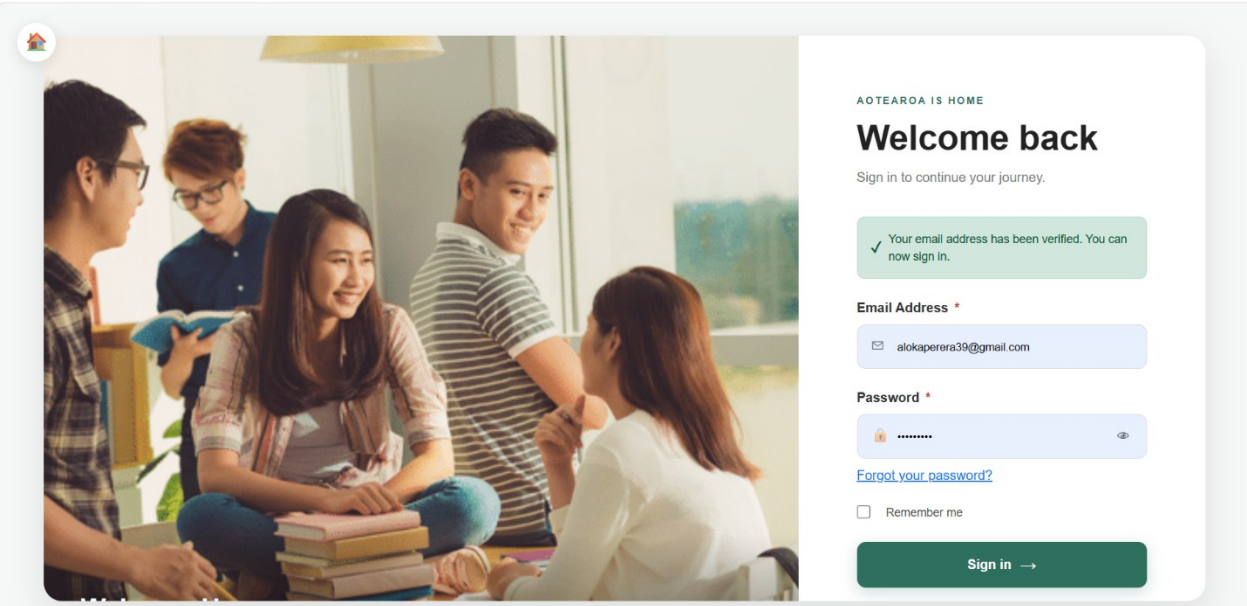

Figure 117. Ensure the verification is successful

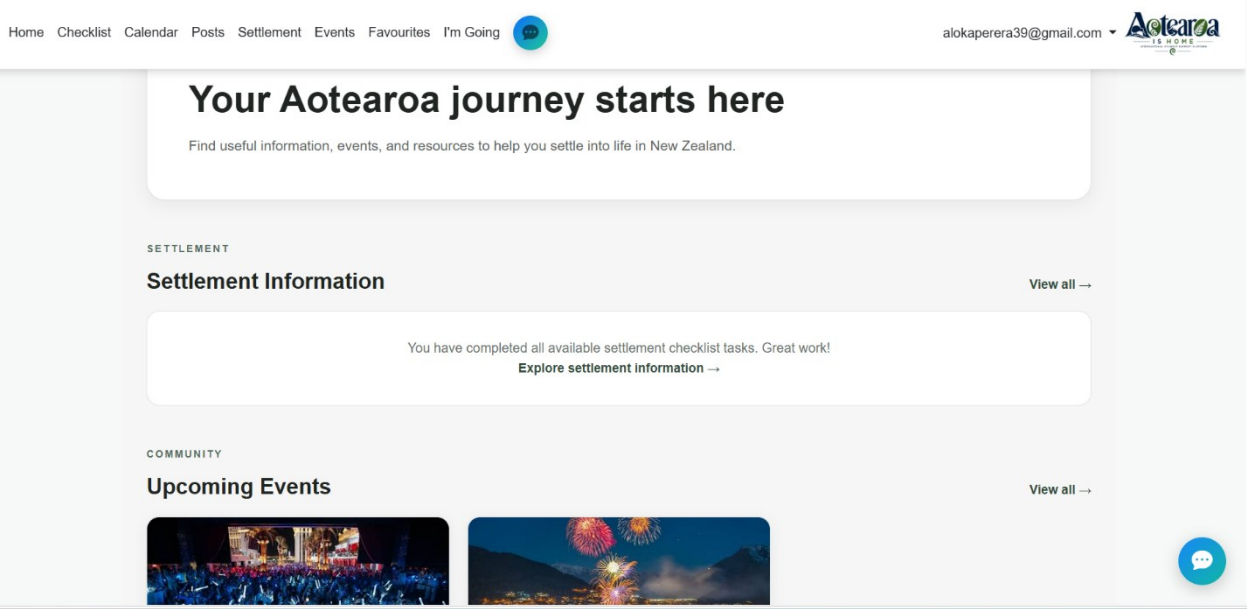

Figure 118. Verify login after email verification

Test Cases for Test Condition 36 (Registration without Student ID – Admin Approval and Temporary Password)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Status Pass/Fail	Evidence
TC112	Registration without Student ID	Verify registration without student ID	1.Open Sign-Up page 2.Enter valid details without student ID 3.Register	No student ID	Registration account submitted for Admin approval.	As expected	Pass	Figure 119
TC113	Registration without Student ID	Verify login before Admin approval	1.Register without a student ID 2.Try to Login	Pending account	Login blocked and appropriate message is displayed.	As expected	Pass	Figure 120
TC114	Registration without Student ID	Verify Admin can approve registration	1.Lofgin as Admin 2.Open pending registration 3.Select user 4.Approve	Pending student acc	Registration approved successfully.	As expected	Pass	Figure 121
TC115	Registration without Student ID	Ensure temporary password is received	1.Approve registration 2.Open registered email inbox	Approved student email	Student receives an email containing a temporary password.	As expected	Pass	Figure 122
TC116	Registration without Student ID	Ensure login after admin approval and password change	1.Login using temporary password 2.Change password	Temporary password, new password	Student can login successfully and password can successfully update.	As expected	Pass	Figure 123

Evidence

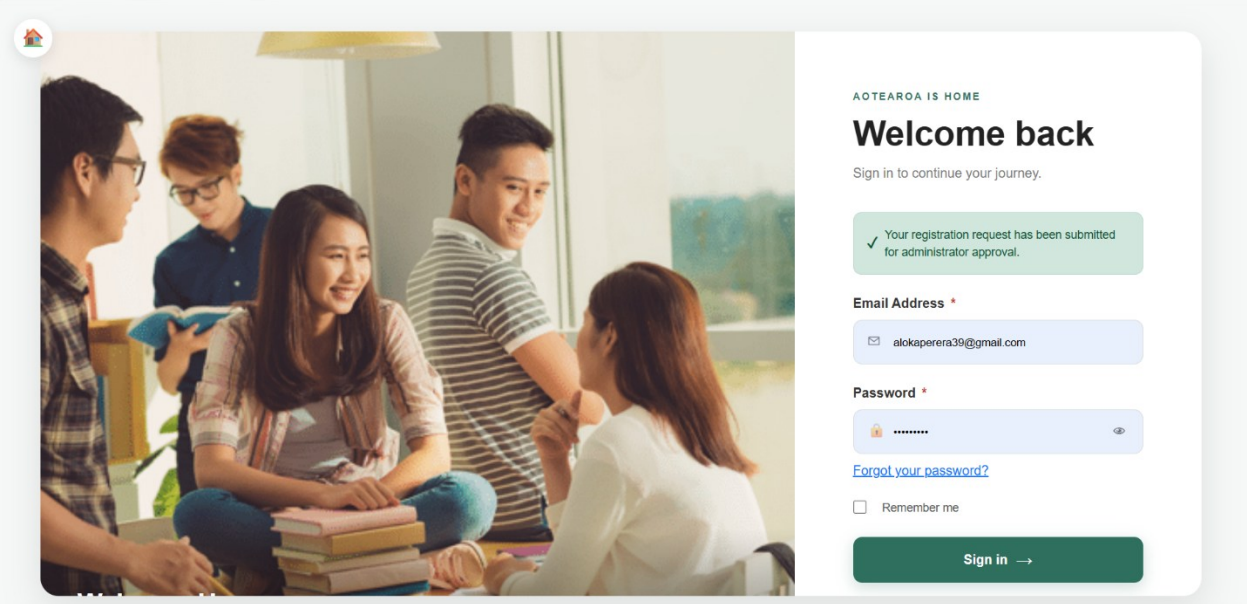

Figure 119. Verify registration without student ID

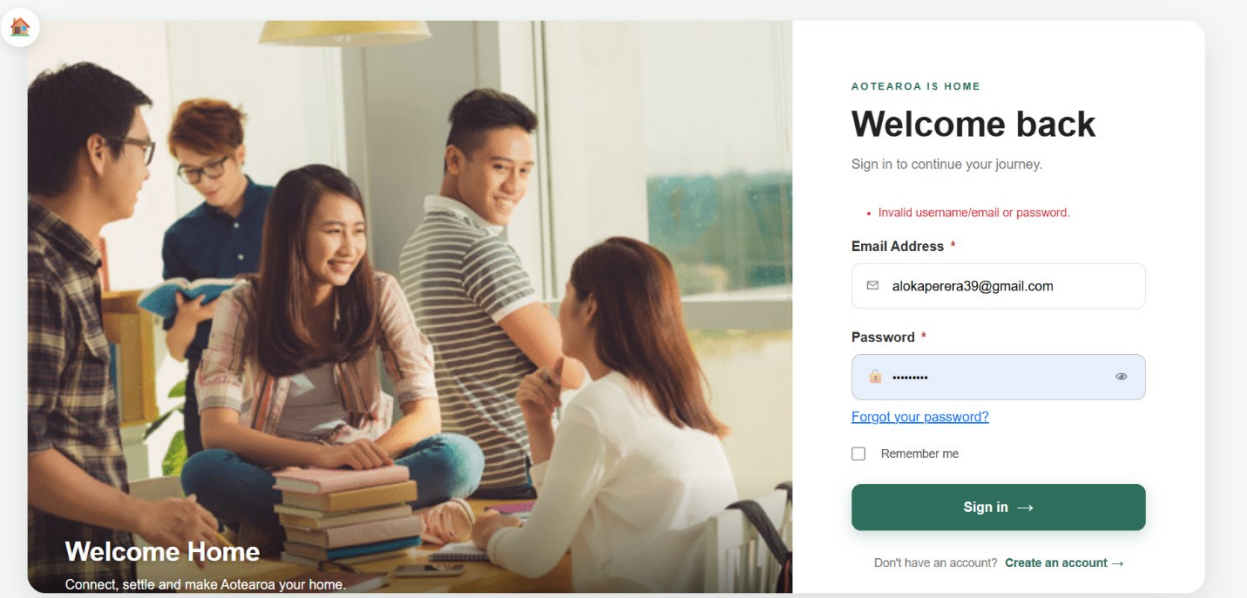

Figure 120. Verify login before admin approval

Aotearoa is Home

Kia ora Aloka,

Your student registration for Aotearoa is Home has been approved by an administrator.

Step 1: Verify your email address

Please click the link below before signing in:

Verify my email address

Step 2: Sign in

After verifying your email, use these temporary login details:

Email: alokaperera39@gmail.com
Temporary password: Aloka@123

Please change your temporary password after signing in.

If you did not submit this registration, please contact support.

Ngā mihi,
Aotearoa is Home Team

Figure 122. Verify temporary password is received

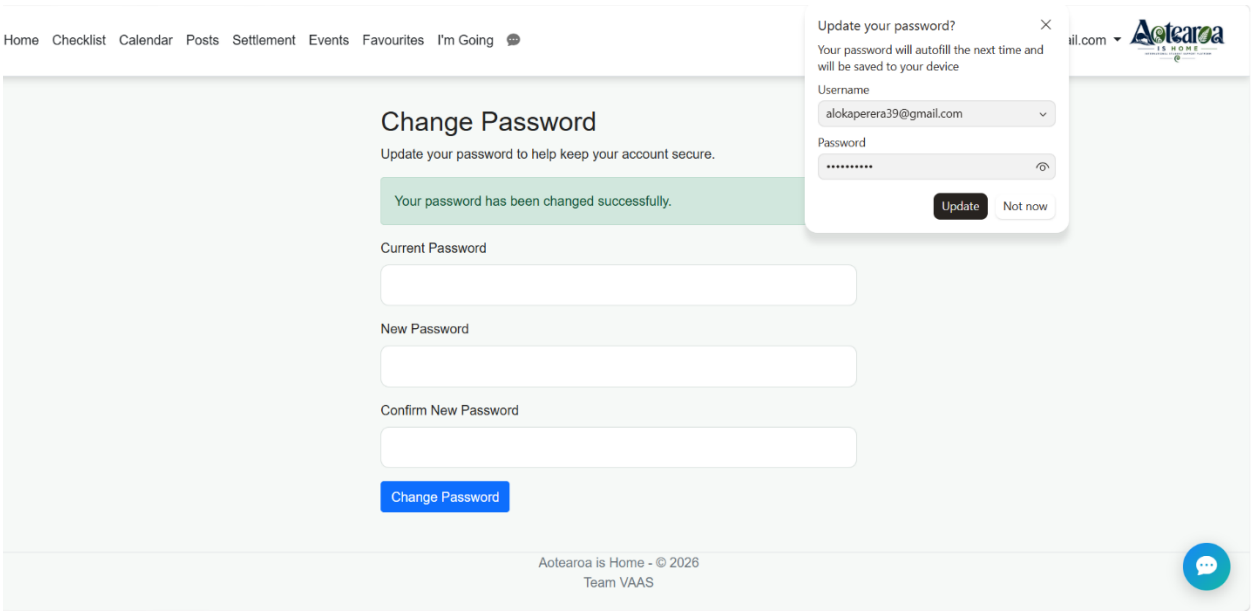

Figure 123. Ensure login after admin approval and password changed successfully

Test Cases for Test Condition 37 (Forgot password)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Status Pass/Fail	Evidence
TC117	Forgot password	Verify forgot password using registered email	1.Enter email 2.Click forgot password 3.Enter registered email	Registered email	Password reset email sent successfully.	As expected	pass	Figure 124
TC118	Forgot password	Verify forgot password using unregistered email	1.Enter email 2.Click forgot password 3.Enter unregistered email	user@gmail.com	Display appropriate error msg that account is not registered.	As expected	pass	Figure 125
TC119	Forgot password	Verify forgot password using invalid email	1.Enter email 2.Click forgot password 3.Enter invalid email	Stu123gmail.nz	System displays a validation error message.	As expected	pass	Figure 126
TC120	Forgot password	Ensure password successfully reset using registered email	1. Click forgot password 2.Open reset email 3.Enter new valid password	New password	Password is reset successfully.	As expected	pass	Figure 127
TC121	Forgot password	Verify login with new reset password	1.Reset password 2.Open login page 3.Enter email and new password 4.Sign in	Login with new password	Login successfully.	As expected	pass	Figure 128

Evidence

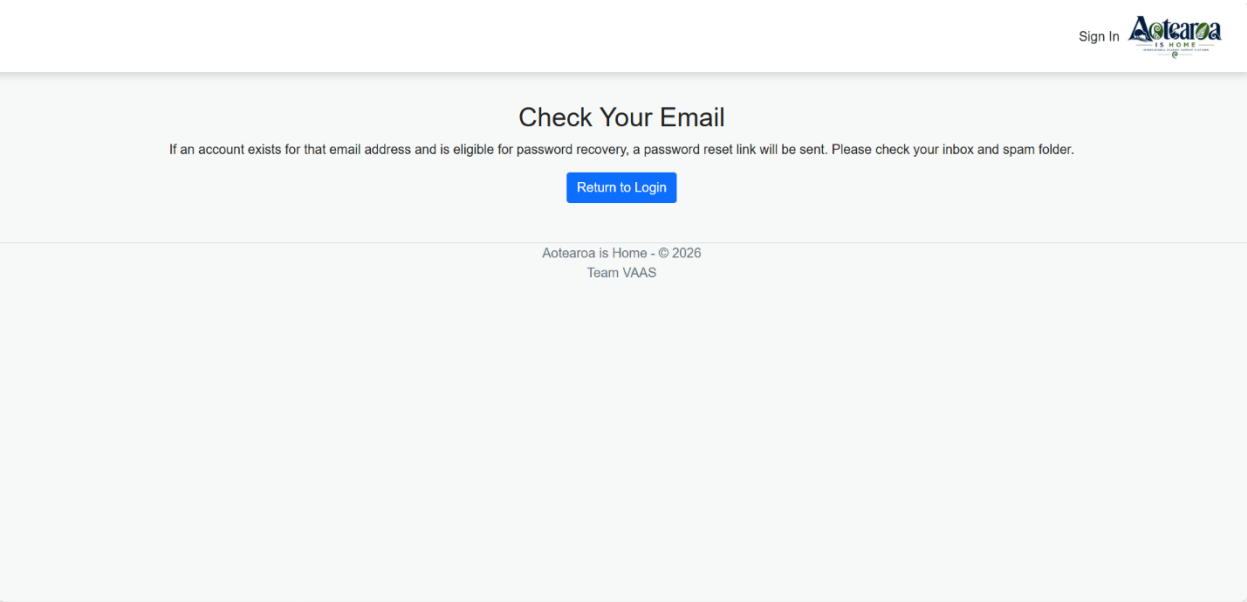

Figure 124. Password reset email sent successfully

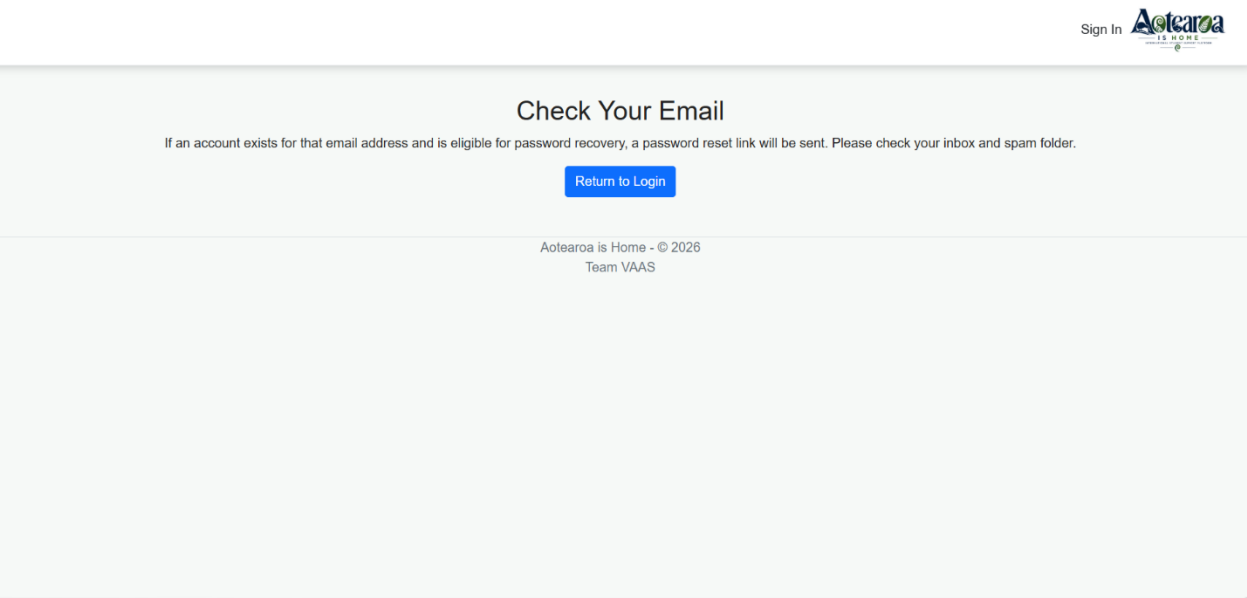

Figure 125. Verify forgot password using unregistered email

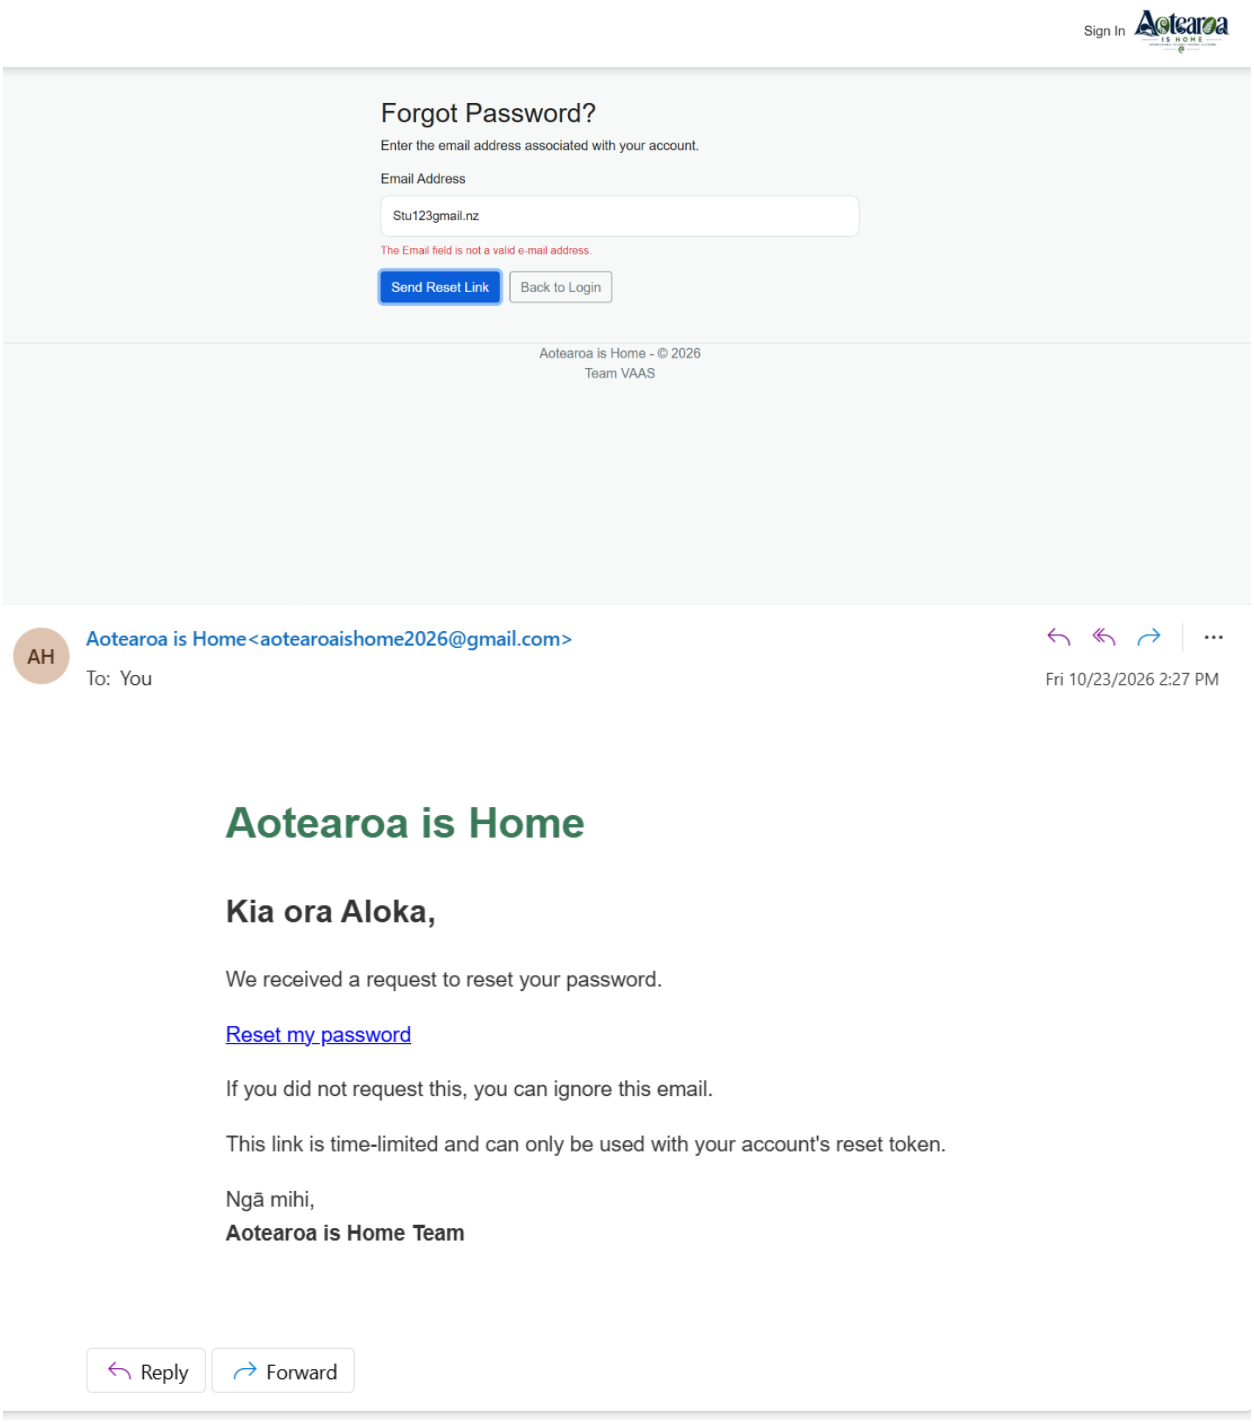

Figure 126. Verify forgot password using invalid email

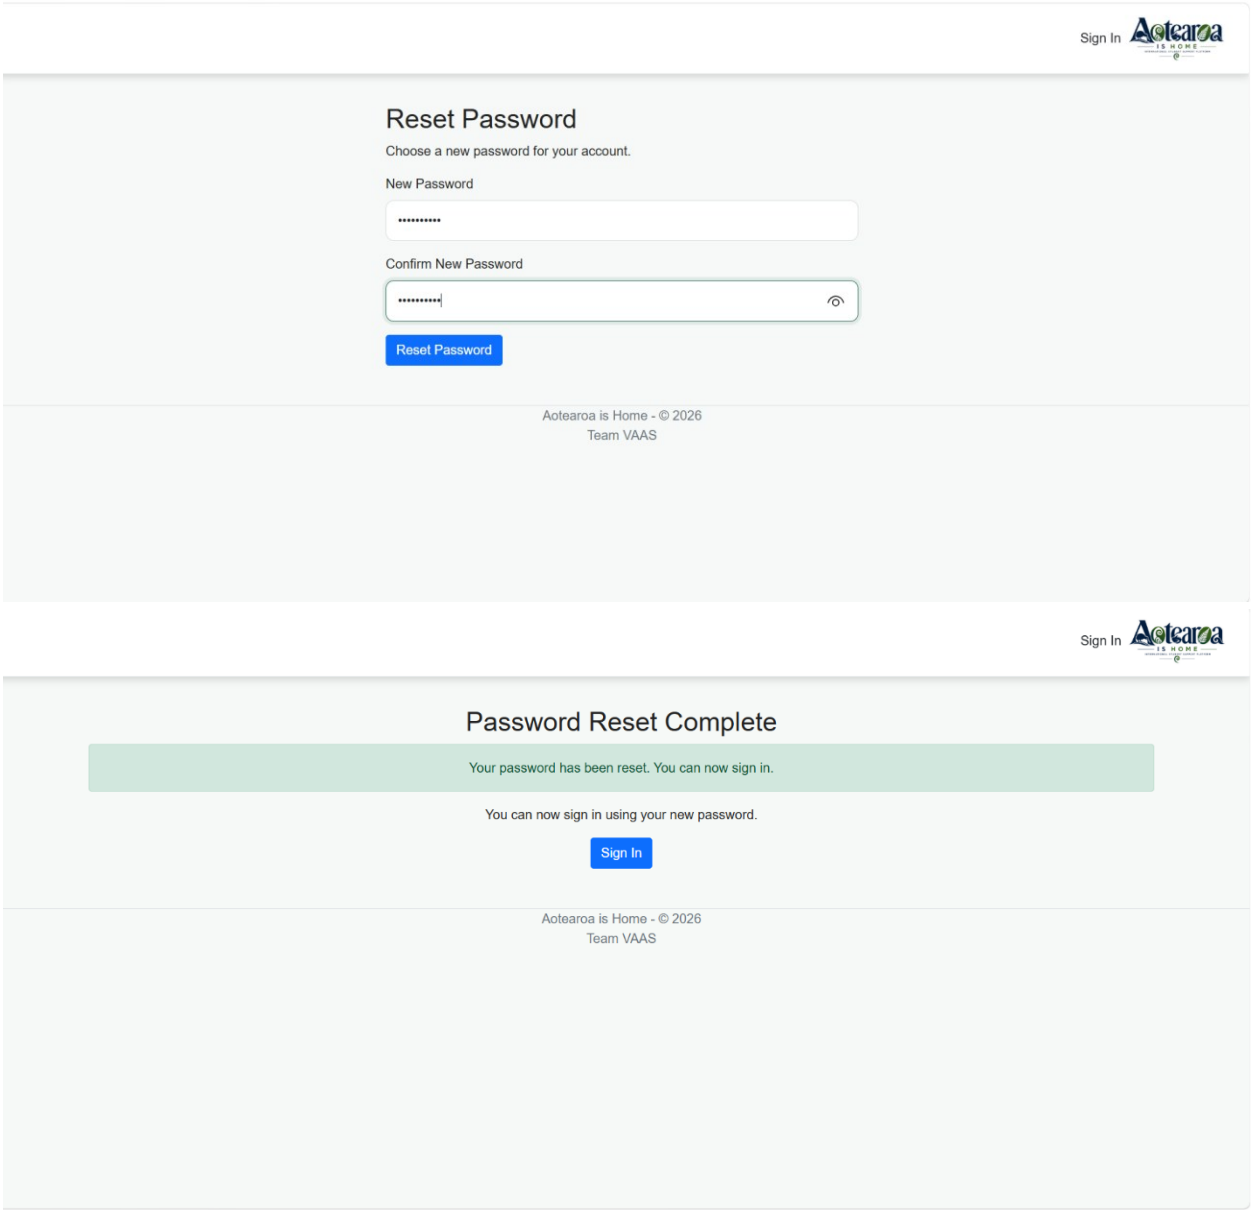

Figure 127. Ensure password successfully reset using registered email

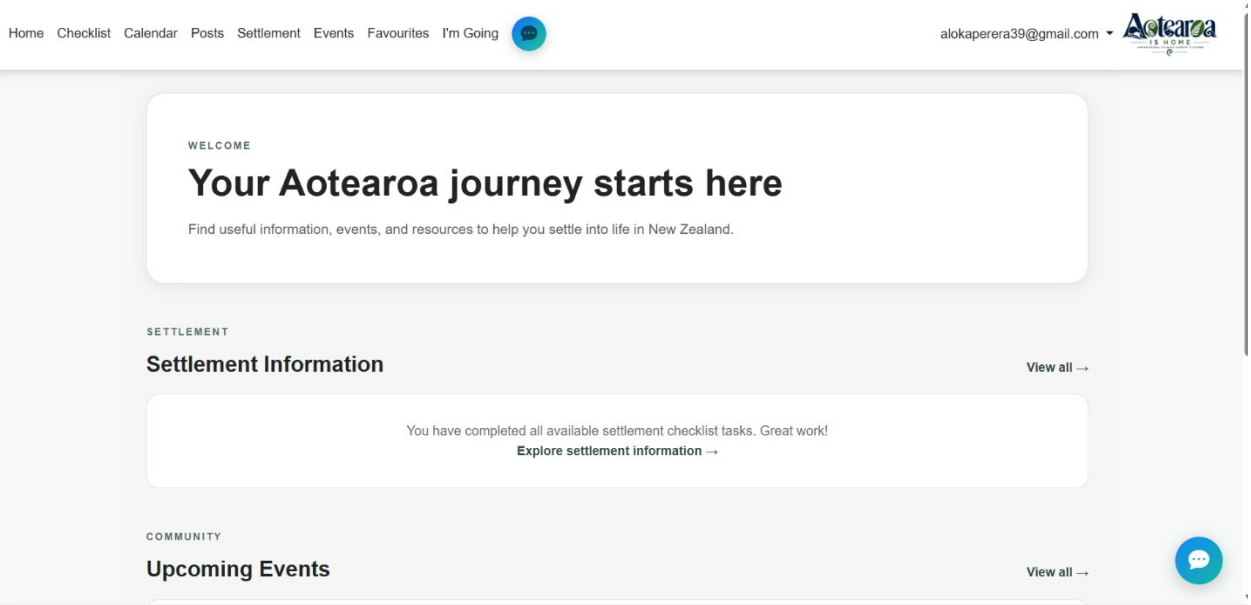

Figure 128. Verify login with new reset password

Test Cases for Test Condition 38 (Remaining Checklist Items displayed)

Test Case ID	Feature/Title	Test Scenario	Test Steps	Test Data	Expected Result	Actual Result	Status Pass/Fail	Evidence
TC122	Remaining Checklist Items displayed	Verify remaining checklist tasks displayed	1.Open home page 2.View checklist section	Checklist data	Remaining checklist tasks are displayed on the Home page.	As expected	Pass	Figure 129
TC123	Remaining Checklist Items displayed	Ensure completed tasks are removed from remaining list	1.Open checklist 2.Complete a task 3.Return to home page	Checklist data	Completed task no longer appears in the remaining checklist.	As expected	Pass	Figure 130
TC124	Remaining Checklist Items displayed	Ensure checklist tasks follow priority order	1.Open Home page 2.Review checklist items order	Checklist data	Remaining tasks are displayed according to the personalized priority order.	As expected	Pass	Figure 131
TC125	Remaining Checklist Items displayed	Ensure completed checklist tasks are no longer appear after re-login	1.Complete checklist tasks 2.Log out 3.Log in 4.Open home page	Checklist data	Completed checklist tasks are no longer appear in remaining checklist section after re-login.	As expected	Pass	Figure 132

Evidence

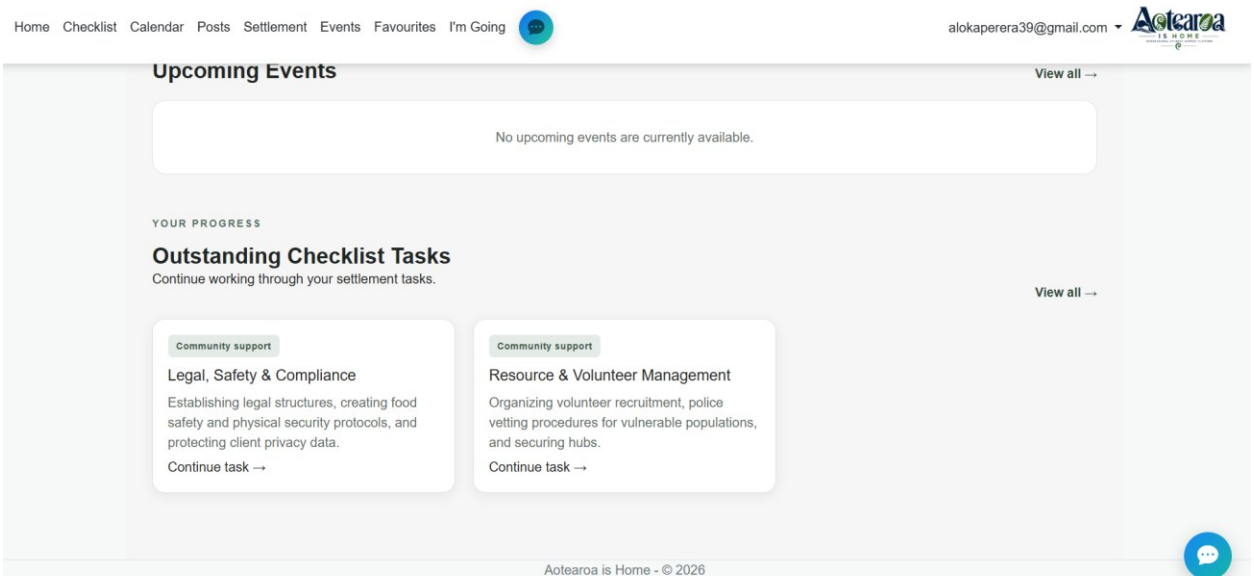

Figure 129. Verify remaining checklist tasks displayed temporary password is received

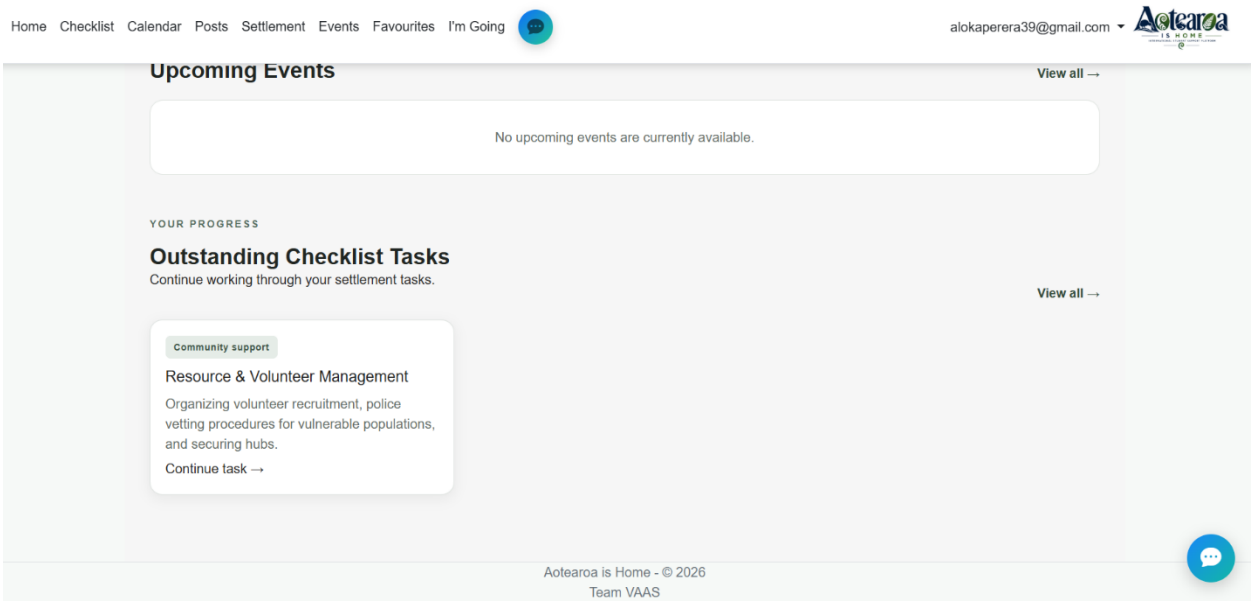

Figure 130. Ensure completed tasks are removed from remaining list
